REVIEW

ON THE

ADMINISTRATION OF THE GWALIOR STATE

FOR

SAMVAT 1991.

The reports under review deal with the period from 1st July, 1934, to 30th June, 1935

Political Department.

The relations of His Highness' Government with the Government of India and other neighbouring States remained cordial and satisfactory

The Dukes of Norfolk and Northumberland, and Lord and Lady Ratendone were among the distinguished personages who visited Gwalior during the year under report

Army Department

Army.—A combined Musketry Course for the benefit of all the units of the Gwalior Army was conducted during the year under review. This course was attended by candidates from other Indian States also. Similarly a Machine Gun Course, a Range Finders' Course, a Farrier Class, a Sketching, Map Reading and Reconnaissance Class, an Army Education Class, a Signaling Course, a Physical Training Class and a Squadron Commanders' Course, were conducted this year. This signifies a healthy and useful activity for the improvement of the efficiency of troops

Selected officers, non-commissioned officers and men of the Gwalior State Forces attended the Army Education School at Belgaum and various other courses held at the School of Artillery (India), Kakul, the Allahabad Arsenal, the Equitation School, Saugor, the Punjab Veterinary College, Lahore, the Small Arms School, Pachmarhi, Senior Officers' School, Alwar, etc., etc.

In the sphere of Sport, the Gwalior Army Teams annexed many coveted trophies such as the Prince of Wales' Malerkotla Gold Cup of the Army Rifle Association, India, and the Birdwood Cup of the Southern Command Rifle Association.

Due to financial stringency no manœuvres were held during the year under report, but in order to maintain the efficiency of troops, schemes of field operations were prepared and carried out from the lines.

The question of providing fresh 'Pacca' lines for the 2nd Gwalior Infantry was engaging the attention of the Department for some time past. Plans and estimates for these lines involving an outlay of Rs. 2,56,500 were submitted to and received the sanction of the Council of Regency

The Gwalior Army played a most conspicuous part in the celebration of the Silver Jubilee of His Majesty King George V, and Military Sports were held at the Race Course Ground on the 13th May, 1935

His Excellency the Viceroy and Governor-General in India was pleased to sanction the promotion of Lt-Col Dattaji Rao Kakde Bahadur, Brigade Commander, Infantry Brigade, from the O. B. I. 2nd Class to 1st

Class with the title of Sardar Bahadur. Similarly, Major Sadanand Rao Rangnekar, Officer Commanding, Mountain Battery, was admitted to O B I. 2nd Class with the title of Bahadur.

On the same auspicious occasion His Highness the Maharaja Scindia was graciously pleased to decorate 27 State Officers, 26 Indian Officers and 74 N. C. Os., and men with Silver Jubilee medals. Sanads accompanying the medals were also presented.

Police.—The total strength of the Gwalior Police was 6,187 men and 235 officers, and the expenditure budget amounted to Rs. 13,88,690-9-0. There were, besides, 7,630 Chaukidars maintained at a cost of Rs. 4,71,210.

The Police Training School was conducted as usual, 15 out of the 16 candidates who appeared at the final Examination getting through.

Some of the Police buildings for whose construction the Council had sanctioned a sum of Rs. 2,68,000 during the preceding year were completed and occupied during the year under report.

Assisted by the detachments of Cavalry lent by the Military Department, the Police were able to deal successfully with several notable absconding offenders, prominent among whom were the following :—

Shot dead.—Jagna, Bankelal, Brij Lal, Radhe Lal, Ganesha, Jagannath, Shri Lal and Kunwar Singh.

Arrested alive—Lala Ram Mirdha, Ram Din Khangar, Har Bilas, Ram Singh, Chiman Singh, Khunni and Arjun.

Relations of our Police with that of the adjoining British districts and States remained cordial, and the U. P. Government officially acknowledged the co-operation of the Gwalior State Police.

His Majesty the King-Emperor's Silver Jubilee Medals were awarded to the Inspector-General of Police, Mr. H. G. Waterfield and four other officers.

Home Department.

General.—During the year under report, proposals for many improvements in accommodation, drainage and sanitary fittings of the Jayarogya Hospital were submitted to the Council of Regency and sanctioned. These proposals include the provision of more accommodation for indoor patients, the construction of a separate T. B. Patients' Ward, Renewal of Sanitary Fittings, Drainage, Construction of a Maternity Ward, and the Installation of an Electric Lift.

Jagirs.—The total number of Jagirs was 502. The demand of Government dues from Jagirs for the year under review amounted to Rs. 7,82,049 out of which Rs. 6,32,878-10-7 were realised during the year, the ratio of recovery being 81% as against 78% of the preceding year.

Court of Wards.—The total number of Jagirs under the supervision of the Court of Wards was 159. Thirty Jagirs were released during the year while 33 were taken under supervision, the year closing with 162 Jagirs under the supervision of the Department.

Sixty-seven Primary Schools of which twenty were financed by the State were maintained in the Jagirs under the Court of Wards. Besides, there were four Girls' Schools and four A. V. M. Schools also.

The income of the Department was Rs. 50,940 and the actual expenditure amounted to Rs. 47,992.

Muafi —Three hundred and twenty-three cash Muafi grants amounting to Rs. 47,164-0-6 in the aggregate were discontinued during the year while three fresh grants of Rs. 398-9-3 were added to the roll. The number of grants at the close of the year was 1,171 amounting to Rs. 39,755-1-2. Six conditional grants totalling Rs. 23,079 were discontinued. The number of conditional grants at the close of the year was 92 with emoluments aggregating to Rs. 25,426-12-6

Land Muafis comprising of 5,595 bighas had to be resumed on account of the Muafidars having defective Sanads or no Sanads at all.

Department of Religious Endowments —The Honorary Members of the Pargana and District Aukaf Committees evinced keener interest in their work. Nine places of worship that were so far neglected, were restored and repairs were carried out in twenty places of worship from subscriptions raised from the public. A sum of Rs. 10,942 was sanctioned from the funds of the Department for the repairs of twenty-six Deosthans while the Council were further pleased to sanction a sum of Rs. 7,853-9-1 from the Jayaji Rao Maharaj Parmarthic Fund for the repairs of twenty-five other Deosthans. New yearly allotments of the total value of Rs. 326 were granted to six Deosthans. The Council have sanctioned a further annual grant of Rs. 20,000 to meet the increasing requirements of the Department.

Public Works Department —The post of the Administrative Officer, P. W. D., was abolished and the head of the Department was designated as the Chief Engineer, P. W. D. The total length of roads at the close of the preceding year was 2,174 miles, to which 40 miles of new roads were added during the year, the total at the end of the year being 2,214. An amount of Rs. 6,66,792 was spent during the year on the maintenance of roads while the expenditure incurred on the construction of new roads amounted to Rs. 1,16,532.

The amount spent on the construction of bridges, culverts and causeways was Rs. 2,48,371. Guards and drains on roads were constructed at a cost of Rs. 28,191.

Civil Medical Department.—The number of Medical Institutions including Maternity Homes and Child Welfare Centres was 140. In these institutions a total of 12,695 in-patients, and 13,28,377 out-patients were treated during the year. Besides these 1,53,278 patients were treated in Municipal and Ayurvedic and Unani Dispensaries at Lashkar, Morar and Ujjain. The number of out-patients treated in the two Unani and 26 Ayurvedic Dispensaries maintained by the Department was 1,81,474.

There were 56,719 births and 47,962 deaths in the districts during the year.

Forty-one estimates amounting to Rs. 47,935 for the construction and repairs of wells in rural areas were sanctioned, out of which 31 were completed during the year.

The total expenditure of the Department during the year was Rs. 5,62,361-3-3.

Jails.—The year opened with 1,039 prisoners and closed with 1,138. The total admissions were 2,238. Altogether 2,139 prisoners were discharged. The average daily strength of prisoners was 956.2. The number of escapes was three this year. Three hundred and fifteen convicts were released under Remission Rules. Ten prisoners passed the First-Aid Examination; and Primary Education was given to juvenile prisoners who were kept isolated from the adult prisoners. The general health of prisoners remained good.

Criminal Tribes Department—The number of settlers in the Mirkabad Settlement and eight adjoining 'Chaks' was 538. The population of members of such tribes in Malwa was 3,054 scattered in 207 villages.

The industries carried on at Mirkabad yielded a profit of about Rs 1,000 and the Model Farm, besides showing a small profit, has proved very helpful to the settlers

Record Department.—The condition of the record rooms on the whole was satisfactory. Two hundred and eleven books were added to the Secretariat Library, bringing the total to 9,394. The Record Manual was passed by the Council of Regency and the printing of important files was in progress.

Archæology.—The total expenditure of the conservation of monuments during the year amounted to Rs 1,810-11-4.

Approach road to Bagh Caves was opened to traffic and the Rest House near the Caves was furnished. This will prove to be a most welcome improvement to visitors.

The finds of the Gyaraspur Excavations were arranged, 28 inscriptions were dealt with, and 51 coins were examined during the year. Sixty-eight antiquities were added to the Archæological Museum at Gujar Mahal. Two hundred and eleven photographs were taken, and 444 ordinary prints and 25 enlargements were prepared. Exhibits sent by the Department to the Exhibitions organised by the School of Architecture at Calcutta, and that held at Poona in connection with the All-India Modern History Congress, were much appreciated.

Revenue Department.

The rainfall during the year though sufficient was irregularly distributed, and consequently the condition of the crops was not satisfactory. If the condition of the peasantry did not grow worse, it did not show much improvement either. Need of State help and relief was still manifest, and the Council of Regency promptly granted remissions in rent and revenue ranging between 11 pies and three annas seven pies in a rupee. On the occasion of the Silver Jubilee Celebrations of Their Majesties a further big remission amounting to Rs 9,57,867-13-8 of 'Mulki' was also granted.

During the year under review, the total Revenue demand amounted to Rs. 97,12,443 out of which Rs 95,23,499 (including remissions aggregating Rs. 12,91,764) were realised. The incidence of collection on this basis works out at Rs. 0-15-8 in a rupee, although if we leave out of account the remissions, the collection would undoubtedly show a considerably lower rate per rupee.

The net profit from opium amounted to Rs. 1,42,321.

Out of the 94 External Boundary disputes pending settlement, only 7 cases were decided. Similarly out of the 56 Internal Boundary cases only 11 were disposed of. This is rather regrettable. Attention was drawn to this fact in last year's review as well.

Up to the close of the year Rs. 22,52,121 out of the estimated amount of Rs. 27,68,801 have been spent on the 'Aoda' Irrigation Works, and Rs. 12,58,712 have been spent on the Parwati Irrigation Scheme. More work has been done during the year under review than in the preceding year, bringing down the percentage of expenditure on establishment charges in relation to the work done from 15.5 to 11.8 per cent.

On the occasion of the Silver Jubilee of Their Majesties, arrears of 'Abiana' (water-cess) amounting to Rs 2,23,011 were remitted by the orders of the Darbar.

The area under protected forests was 2,278.33 sq. miles while that under reserved forests was 3,071.58 sq. miles.

Agriculture Department.—About 21,880 pounds of good selected seed and 19,200 sugarcane were distributed to farmers from the Central Experimental Farm, Gwalior, and some useful experiments were conducted at the Central Experimental Farm at Ujjain. During the year under review, considerable demonstration and propaganda work was carried out, and large quantities of manure and fertilizers were sold during the year. 11,891 fruit plants were distributed to cultivators of 245 villages. There was a very heavy demand of seed of improved varieties of sugarcane, jowar, barley, gram, linseed, wheat and cotton. Altogether 4,84,278 pounds of pure seed were distributed. Similarly 5,74,625 sugarcane were also distributed.

Nineteen pure breed bulls were presented free to selected Zamindars.

Selection work on the basis of milk yield in cow and buffalo-heifers has resulted in milk records of 3,568 and 4,024 pounds respectively in the first lactation period. A Hariyana herd is maintained for raising breeding bulls for distribution among cultivators.

As a result of Ravine Reclamation activities an area of 6,101 bighas has been brought under the plough so far, and 4,268 bighas have been protected from further denudation.

Finance Department.

During the year under review (on 18th March, 1935) occurred the most regretted demise of Dewan Bahadur Jai Gopal Ashthana, the permanent Finance Member. The Darbar has lost a capable and loyal Councillor. For the rest of the year, Col Sir K. N. Haksar, Kt., Political Member, officiated as Finance Member.

The estimated normal recurring revenue was Rs. 167.65 lacs but the actual income amounted to Rs. 176.92 lacs showing an excess of Rs. 9.27 lacs. The estimated normal recurring expenditure was Rs. 172.13 lacs against which the actual expenditure was Rs. 159.57 lacs, leaving a saving of Rs. 12.56 lacs.

The result of operations of the Fund Budget was as follows :—

The total amount of interest accrued was Rs. 49.41 lacs and the expenditure on departments and works financed out of the interest was Rs. 24.07 lacs.

The stamp revenue for the year under review amounted to Rs. 6.37 lacs as against Rs. 6.51 lacs of the preceding year, showing a decrease of Rs. 0.14 lacs.

The position of Muzmi (arrears) appears to be serious. The old Muzmi up to the end of Samvat 1976 was Rs. 393.55 lacs to which an adjustment of Rs. 1.57 lacs was made during the year, still leaving the huge balance of Rs. 381.98 lacs. Muzmi newly accumulated from Samvat 1977 to the beginning of the current year was Rs. 176.56 lacs. During the year under review Rs. 68.64 lacs were recovered and adjusted, leaving a balance of Rs. 107.92 lacs still remaining to be adjusted. This progress is not satisfactory and the matter should be taken in hand with greater keenness and vigour.

Co-operative Department.—The work of the Co-operative Department has been hampered considerably by the effects of the successive failure of crops and continued economic depression. Nevertheless, the number of societies shows a small increase including the membership. The working capital has also shown an increase of 4.67 lacs. But the general position of the Department is still far from satisfactory.

Legislative and Judicial Department.

The Cotton Ginning and Pressing Factories Act was passed during the year. Also, Rules regulating the grant of Prospecting Licenses and Mining Leases in the Gwalior State were promulgated.

A Departmental Manual relating to ministerial work of Courts was issued during the year. This Manual has consolidated and brought up-to-date all previous orders on the subject.

Four circulars and thirty corrections of existing laws and rules were issued.

The abnormal fall in prices of agricultural produce persisted even this year, and consequently the execution of civil decrees against Zamindars and farmers by attachment and sale of revenue-paying lands, agricultural implements and cattle, was kept in suspension till the end of the year under review.

To expedite disposal of cases arising out of the activities of the bands of dacoits, the ordinary procedure of preliminary enquiry and commitment proceedings had been temporarily suspended in the trial of offences relating to (1) Murder or culpable homicide, (2) Dacoity, (3) Robbery, and (4) Kidnapping or abduction, in the districts of Tawarghar, Bhind and Gird. This arrangement was further extended for a period of two years.

The appointment of an Additional District and Sessions Judge (as a temporary measure) was sanctioned to help to clear off arrears in the Court of District and Sessions Judge, Ujjain.

Thikana Raosar, Pargana Bajrangarh, which formed part of the Jagir of Sardar Jadhoo Sahib, having been constituted into a separate Jagir, the Darbar Courts were empowered to exercise jurisdiction within the Thikana.

The Gwalior Companies Act was amended to empower the Registrar, Joint Stock Companies, to disregister companies which failed to comply with the provisions of the Act in the matter of submitting their balance sheets, annual summaries and other returns.

Two new Panchayat Boards were constituted during the year. The total strength of such Boards is 105.

The disposal of civil original cases during the year was not satisfactory, the number falling by no less than 1,100 cases. All original Courts should note this and strive to show better results next year.

Appeals Department.

The number of appeal and revision cases filed during this year, was 899 as against 586 in the preceding year. The total number of appeals and revisions inclusive of those pending at the close of the preceding year was 1,813. Of these, only 497 were disposed of during the year, and 1,316 remained pending.

This is a very considerable arrear, and extra efforts appear to be called for to clear it.

Trade, Customs and Excise Department.

Customs and Excise.—The total income of the Department during the year amounted to Rs. 37,46,052 as against Rs. 39,53,024 in the previous year, showing a fall of Rs. 2,06,972. The total expenditure incurred was Rs. 4,73,447 as against the budgetted allotment of Rs. 5,03,177. The net revenue credited to the State was Rs. 32,72,605.

The fall in Customs Duty alone amounted to Rs. 1,58,645 which is attributed to a fall in exports.

Commerce.—The question of changing over the Electric Supply of Gwalior from D C to the A C. system is receiving attention. The purchase of a new boiler for Ujjain was sanctioned during the year in order to meet the increasing demand of Electricity in that town.

Persuant to the opinion of experts, the replacement of the existing plant and machinery of the A D. Press at a cost of Rs 2,00,425 was sanctioned during the year

The Council has appointed a committee for the preparation of a Scheme relating to the establishment of a bank in Gwalior.

Permission to start a Spinning and Weaving Mill at Ujjain under the name of Deepchand Mill was given to Messrs. Binodiram Balchand of Ujjain. Permission was also given to Seth Brijlal Jamnadar of Ujjain for starting Hosiery Works at Madhonagar Messrs. Ranglal Shri Krishna of Guna were permitted to start a Sugar Factory at Rampur, District Esagarh.

G I. Railway —The post of Administrative Officer, Gwalior Light Railway, was abolished during the year under report. The gross earning during the year amounted to Rs. 6,50,643 as against Rs 7,01,802 in the preceding year The total expenditure during the year was Rs 4,90,022 yielding a net income of Rs. 1,60,621 as against Rs 2,11,716 in the preceding year. Considering the total net income this is rather a heavy fall, and is attributed to continued trade depression prevailing in the country.

Postal Department.—The total receipts of this Department during the year amounted to Rs. 4,69,690-9-8 from which after defraying expenditure a net surplus of Rs 1,84,755-9-8 was obtained.

The installation of new automatic telephones was carried out during the year.

Departments of Education and Municipalities.

The Jivaji Rao School was raised to the status of a High School and was recognised by the Board of High School and Intermediate Education Rajputana and C. I. Permanent recognition was granted to the Mission Girls' High School

The Scindia High School was recognised by the Syndicate of the Cambridge University as an approved school for preparing candidates for the Cambridge Senior School Certificate ' A.'

It is gratifying to note that one girl student from the Victoria College secured 2nd Division in the B. A Examination winning University Scholarship and standing first in the College.

Two candidates from the same College stood first and second respectively in the Intermediate Examination of the Board.

A sum of Rs. 2,400 as a permanent annual grant was sanctioned to place the Oriental Library at Ujjain on a firm footing. Nine hundred Manuscripts were added to this Library during the year under report, the total now reaching 2,800.

Municipalities.—The question of public health and sanitation has been receiving greater attention at the hands of all Municipal Boards. A number of Bye-laws framed under various sections of the Municipal Act were enforced during the year.

Survey work, preliminary to many projects of public utility, was carried out, and no less than seventeen such projects involving large expenditure are under consideration. These projects include such useful schemes, as the drainage scheme of the old Gwalior town, flood prevention scheme for Janakupura, Mandsaur, and sanitary housing scheme for the poorer classes of Lashkar, etc.

DATED JAI VILAS, }
2nd December 1936. }

By Order,
C. S. ANGRIA,
HUZOOR SECRETARY, GWALIOR DURBAR.

ANNUAL ADMINISTRATION REPORT

OF THE

GWALIOR GOVERNMENT

FOR

Samvat 1991 (1934-35).

POLITICAL DEPARTMENT.

I. PERSONNEL.

I remained in charge of the Department throughout the year under report.

Mr. Gaur, Secretary in the Department, went on two months' leave from 13th May, 1935. During his absence Mr. S. N. Bhan, Assistant Secretary, officiated for him.

II. RELATIONS WITH THE BRITISH GOVERNMENT AND OTHER INDIAN STATES.

The relations of His Highness' Government with the British Government and the neighbouring and other Indian States continued to be cordial and happy.

III. GWALIOR RESEDINCY.

Lt.-Colonel D. G. Wilson, I.A., continued as Resident at Gwalior till 12th November, 1934, and was succeeded by Mr. E. C. Gibson, C.I.E., I.C.S., who took over charge of the Residency on the 13th November, 1934.

IV. IMPORTANTS EVENT.

His Highness the Maharaja's birthday was celebrated at Ujjain on Sunday, the 8th July, 1934. The usual salute of 21 guns was fired from the Gwalior Fort next day *i.e.* 9th July, 1934.

On the auspicious occasion of His Majesty the King Emperor's Birthday the Government of India conferred the title of Dewan Bahadur on Lala Jai Gopal Asthana, Finance Member

The most important event of the year was the celebration of His Majesty the King Emperor's Silver Jubilee.

The celebrations lasted from 6th to 16th May, 1935, and were held all over the State, *i.e.*, at the Capital as well as the Headquarters of all the districts.

A Central Committee under the Presidency of Her Highness the Maharani and the Chairmanship of His Highness the Maharaja was organised at the Capital and District Committees were formed under the respective Subas.

The 6th and 11th of May were declared to be Public Holidays.

On the 6th a salute of 31 guns was fired at dawn and Thanks-giving services were held in Temples, Mosques, Gurdwaras, Theosophical Lodge and Churches between 7 and 9 A.M.

The other items for the day consisted of :—

- (a) Feeding of the Poor,
- (b) Illumination of the City,
- (c) Banquet and Fireworks at the Palace, and
- (d) Fireworks in the City.

The next day sweets were distributed to School children all over the State and there was a Scout's display at the Victoria College. The rest of the week had a crowded and thrilling programme rendered doubly interesting by the presence and personal interest of His Highness the Maharaja. The chief events were :—

1. A Dramatic Performance at the Victoria College.
2. Wrestling.
3. Elephant and Tonga Races.
4. Mushaira.
5. Motor Paper Chase.
6. Kavi Sammelan.
7. Military Sports.
8. Flag Day.
9. Lucky Bag at the Palace.
10. Tug of War in Fancy Dress
and
11. Tea and Gymkhana at the Palace.

The Darbar contributed a sum of Rs. 50,000 to the Jubilee Fund besides sanctioning a sum of Rs. 15,000 for the expenses of the celebrations. Collections from Sardars, Jagirdars, officials and the public in the State amounted to about Rs. 80,000. The State thus remitted to the Central Fund a sum of Rs. 1,30,000 in all.

On 4th June, 1935, was celebrated the birthday of Her Highness the Dowager Maharani Sahiba.

On 10th June, 1935, His Highness the Maharaja commenced his Military Training at Poona.

On 27th June, 1935, His Highness the Maharaja's birthday was celebrated at Poona.

V. CEREMONIALS.

On 21st September, 1934, the annual Chhabina procession of Her Highness Maharani Jeeja Maharaja Sahiba was taken out in Shivpuri.

On 29th November, 1934, there were illuminations at all public and municipal buildings in honour of the wedding of His Royal Highness the Duke of Kent.

On 13th February, 1935, a deputation arrived from Jamnagar State in connection with the marriage of His Highness the Jam Sahib and presented a Kharita to His Highness the Maharaja. The members of the deputation were offered Bahuman.

On 31st March, 1935, a Kharita in connection with the Accession Ceremony was received from Sirmoor Nahan through a deputation and presented to His Highness the Maharaja. The members of the deputation were given Poshaks.

On 14th April, 1935, a Kharita from Patiala relating to the marriage of two Princes brought by a deputation was presented to His Highness the Maharaja. The members of the deputation were given Poshaks on behalf of the Darbar.

On 16th June, 1935, the anniversary of His Highness the late Maharaja was observed at Bombay and the Chhabina was taken out in Shivpuri.

VI. VISITS.

On 5th September, 1934, Her Highness the Maharani Sahiba of Indore came to Gwalior on her return journey from Kashmir and paid a visit to Her Highness the Dowager Maharani Sahiba on 6th September, 1934.

On 18th November, 1934, A. D. C. to His Excellency the Viceroy paid a visit to His Highness the Maharaja at Delhi.

On 21st November, 1934, Her Highness the Dowager Maharani Sahiba paid a visit to Her Excellency Lady Willingdon at Viceroy's House.

On 27th November, 1934, Their Excellencies Lord and Lady Willingdon with an A. D. C. came to tea at the Gwalior House, Delhi.

His Grace the Duke of Northumberland arrived on the morning of 5th January and stayed at the Palace as His Highness' Guest. On the 7th came the Duke of Norfolk. Both left the Palace on the 8th night.

On 3rd March, 1935, Viscount and Viscountess Ratendon came to Gwalior by Aeroplane and stayed at the Palace till the 8th.

VII. TOURS.

On 6th September, 1934, His Highness the Maharaja and Her Highness the Dowager Maharani Sahiba came to Gwalior by a Special train from Ujjain.

On 16th November, 1934, His Highness and Her Highness the Dowager Maharani Sahiba went to Delhi and came back on 8th December, 1934.

On 4th June, 1935, His Highness and Her Highness the Dowager Maharani Sahiba went to stay at Poona for some time.

VIII. DARBAR VIKALATS.

(a) Gwalior Vikalat.

There was a balance of 6 files at the end of last year while 43 new cases were registered during the year under report. Of these 49 files, 5 of the previous year and 36 of the year under report were disposed of leaving a balance of 8 files at the close of the year.

Colonel D. G. Wilson, the Resident at Gwalior, participated in the Dasehra procession as usual.

The customary perfumes in connection with the Diwali festival were presented to the Resident at Gwalior on 6th November, 1934.

The customary Till-seed on account of the Makar Sankrant festival were presented as usual to the Resident at Gwalior on 22nd January, 1935.

(b) Poona Vikalat.

In addition to his own duties the Darbar Vakil at Poona continued to manage the following Sansthans of the Gwalior State :—

1. Aundh, 2. Wanworie, 3. Shrigonda, 4. Sudrikeshwar,
5. Jamgaon and 6. Kanerkhed.

Payments Received from the British Government.

The undermentioned amounts were received from the British Government during the year under report —

- (1) Rs. 1,774 On account of Muafi from Ahmadnagar Treasury.
- (2) Rs. 100 On account of Poshak of His late Highness Mahadji Maharaj Scindia from Haveli Sub-treasury of Poona District.
- (3) Rs. 198/2/9 On account of Scindia's Amal from Pathardi Sub-treasury of Ahmadnagar District.

Revenue and its Collection.

A sum of Rs. 12,479-10-7 was recovered from the Darbar's Deccan estates during the year under report against the revenue demand of Rs. 15,508-9-6 leaving a balance of Rs. 3,028-14-11.

Recovery of Past Arrears.

There was an outstanding balance of Rs. 8,661-10-6 at the end of the last year. Out of this amount, Rs. 4,410-14-4 were realised during the year under report leaving a balance of Rs. 4,250-12-2.

Miscellaneous Receipts.

A sum of Rs. 983-2-3 was collected as Sewai-Jama during the year under report.

IX. BOUNDARY SECTION.

Personnel.

Zia Abbas Hashmy was confirmed as Senior Boundary Officer and Kunwar Prasad Zutshi, acting Junior Boundary Officer, was succeeded by Prabhu Shankar Mehta.

As the duties of both the Boundary Officers are alike they will in future be designated as Boundary Officer, Gwalior Prant, and Boundary Officer, Malwa Prant.

Tours.

The number of days spent on tour by the Boundary Officers during the year under report was as under :—

- | | | | | |
|-------------------------|-----|-----|-----|-----------|
| 1. Zia Abbas Hashmy | ... | ... | ... | 106 days. |
| 2. Kunwar Prasad Zutshi | ... | ... | ... | 29 ,, |
| 3. Prabhu Shankar Mehta | ... | ... | ... | 61 ,, |

The number of days spent by Zia Abbas Hashmy on tour had, on account of the exigencies of work, to be more than the prescribed period for a Boundary Officer.

External Boundary Disputes.

There was a balance of 88 cases at the close of the last year while 6 new cases were instituted during the year under report ; of these, 2 cases were decided

by Kunwar Prasad Zutshi and five by Prabhu Shankar Mehta, leaving a balance of 87 undecided cases as detailed below :—

No.	Name of Boundary Officer.	CASES PENDING.			Cases disposed of.	Balance.
		Old.	New.	Total.		
1	Zia Abbas Hashmy, Boundary Officer, Gwalior Prant.	10	..	10	..	10
2	Kunwar Prasad Zutshi and Prabhu Shankar Mehta, Boundary Officer, Malwa Prant.	78	6	84	7	77
	Total ..	88	6	94	7	87

Zia Abbas Hashmy, Boundary Officer, Gwalior Prant, moved the representatives concerned to settle a programme for the discussion and decision on site of certain boundary cases but with no result.

Kunwar Prasad Zutshi, Boundary Officer, Malwa Prant, and his successor Prabhu Shankar Mehta were able to settle 2 and 5 boundary dispute cases, respectively, pending with Indore.

The boundary case Jabargarh, etc. *vs.* Amrod, etc., was especially entrusted to the Director, Land Records, but as the Kotah representative expressed his inability to attend on the proposed date no work could be done during the year under report.

Boundary Comparison.

Since the number of touring days prescribed for the Naib Subas have been reduced, no work of boundary comparison could be carried out in any of the Districts during the year.

The boundary comparison between Bhilsa and Bhopal could not be taken in hand as the consent of the Bhopal Darbar was not received.

Repairs to Boundary Pillars and Cheeras.

The following figures exhibit the work done :—

S.No.	District.			Number of Pillars.	Number of Cheeras.
1	Bhind	79	1
2	Narwar	6	..
3	Esagarh	11	..
4	Bhilsa	2	..
5	Mandsaur	22	35
6	Shajapur	38	..
	Total ..			158	36

Inspection of Boundary Records.

The boundary records of the following offices were inspected during the year :—

Name of the Inspecting Officer.	Name of the Office.
1. Zia Abbas Hashmy, Boundary Officer, Gwalior Prant.	Tehsils Bajrangarh, Karera, Shivpuri, Pichhore, Gird and Mehgaon.
2. Kunwar Prasad Zutshi and Prabhu Shankar Mehta, Boundary Officer, Malwa Prant.	Tehsils Shajapur, Shujalpur, Agar, Sonkach, Range Sonkach and Subat Shajapur.

Inspection of External Boundaries.

The following boundaries were inspected during the year under report :—

No.	Name of Officer.	Number of Boundaries	Mileage.
1	Boundary Officers	18	37-5-154
2	Subas	110	275-2-202
3	Naib Subas	198	573-5- 9
4	Tehsildars and Naib Tehsildars ..	923	1,899-2- 72
5	Sadar Kanoongos	198	406-4-114
6	Supervisor Kanoongos	1,509	3,646-2-206
7	Forest Rangers and Sub-Rangers ..	7	92-3- 53

The Director, Land Records, is taking action against those whose work is below the prescribed schedule.

X. EXTRADITION.

During the year under report 922 persons were involved in Extradition proceedings as against 924 of the last year. Out of 374 persons demanded by us, 185 were surrendered to us and out of 548 demanded from us, 253 were made over. The remaining persons on both sides were either traceless or their surrender was refused; the demand for some was withdrawn; the rest of the cases are pending (*vide* Statements appended).

The following new arrangements were made :—

Circular No. 1/1991.

The Subas of districts whose borders meet the borders of Jhansi, Agra, Jalaun and Etawah were authorised to allow proceedings for the identification of stolen property, detained in their districts, on direct request made to them by the Police of the British districts mentioned above.

Circular No. 2/1991.

In the last year's report reference was made to the arrangements concluded with the Government of India for the extradition on a reciprocal basis of persons, connected with traffic in Dangerous Drugs. In this connection on receipt of a further communication from the Residency it was notified that these arrangements would come into operation from the 1st July, 1935.

In the last year's report mention was made of certain States from which replies had not been received about the enforcement as between them and Gwalior of Circular No. 2 of 1989 (suppression of border crimes). But since all the replies had not been received even by the end of the year under review no addition to the Circular was made.

K. N. HAKSAR,
POLITICAL MEMBER,
Gwalior Government.

Memo of Stock-taking for the Samvat Year 1991.

Articles worth Rs. 151-8-0 were purchased for office use during the year under report.

Articles worth Rs. 1,613-10-10 were condemned and struck off the Register.

K. N. HAKSAR,
POLITICAL MEMBER,
Gwalior Government.

MILITARY DEPARTMENT.

I. Charge.

The charge of the offices of Inspector-General, Gwalior Army and Army Member, remained with me throughout the year under report.

II. Promotions, Appointments and Transfers.

The following appointments, promotions and transfers were effected during the year :—

O., each from the 3rd Gwalior Lancers and 4th Gwalior Infantry, attended the Preliminary Signalling Course, Sangrur, from 24th November, 1934, to 1st January, 1935, and were successful. They were then sent to attend the 3rd Qualifying Course at the Army Signal School, Poona, from 5th January to 1st April, 1935.
 14. One State Officer, from the 4th Gwalior Infantry, was attached to 4/6th Rajputana Rifles, Wana, for training in Mountain Warfare from 30th November to 22nd December, 1934. His progress report was satisfactory.

15. One Indian Officer and 2 N. C. Os., from the Gwalior Sappers, were attached to First Field Company, K. G. O. Bengal Sappers and Miners, Roorkee, from 15th December, 1934, for the Eastern Command Manœuvres which were held near Delhi. They returned to their unit on 1st February, 1935.
16. One Indian Officer, from the 2nd Gwalior Infantry and two N. C. Os., one from the 1st Gwalior Infantry and the other from the 2nd Gwalior Lancers, attended the 2nd Assistant Instructors Course, at the Army School of Physical Training, Ambala, from 2nd January to 28th March, 1935, and were successful.
17. One N. C. O. each from the 4th Gwalior Infantry and the 7th Scindia's Training Battalion, attended and passed the 5th N. C. Os. (Infantry) Course at the Small Arms School (India), Pachmarhi, from 2nd January to 9th March, 1935.
18. One Indian Officer, from the 4th Gwalior Infantry, attended and passed the 4th Indian Officers' and N. C. Os. (Infantry) Course, at the Small Arms School, India, Ahmednagar, from 5th January to 9th March, 1935.
19. Four State Officers, one each from the 3rd and 1st Lancers and 4th and 2nd Infantry Battalions, were attached respectively to the 19th K. G. O. Lancers, Delhi Cantonment. The Central India Horse, Meerut, and 19th Hyderabad Regiment (1st Kumaon Rifles), 8th (Bareilly) Indian Infantry Brigade, for the Eastern Command Manœuvres, which were held near Delhi. The Officers joined their respective camps on the 11th of January and returned on the 1st of February, 1935.
20. One Indian Officer, from the 2nd Gwalior Infantry and one N. C. O., from the 7th Scindia's Training Battalion, attended the All Arms Field Works Course, held at Malerkotla, from 15th February to 15th April, 1935, and were successful.
21. One Indian Officer and two N. C. Os. from the 3rd Gwalior Lancers and one N. C. O. each from the 1st Gwalior Lancers and Gwalior Sappers, attended and passed the 2nd N. C. Os. (Cavalry) Course, at Small Arms School, India, Pachmarhi, from 20th March to 30th April, 1935.
22. One N. C. O. each from the 1st, 3rd and 4th Gwalior Infantry Battalions, respectively, attended and passed the 1st N. C. Os. (Infantry) Course, at Small Arms School, Pachmarhi, from 20th March to 25th May, 1935.
23. One State Officer, from the Gwalior Mountain Battery, was attached to the Mountain Artillery Training Centre at Ambala, for training from 31st March to 6th April, 1935.
24. Two N. C. Os., each from the 1st, 2nd and 4th Gwalior Infantry Battalions, and one N. C. O. each from the 3rd Gwalior Infantry, 7th Scindia's Training Battalion, Gwalior Sappers and the 1st, 2nd and 3rd Gwalior Lancers, attended the Meerut District Preparatory Physical Training Course,

from 1st to 27th April, 1935. Out of these 12 candidates, 10 were successful at the Course.

25. Two N. C. Os, from the Gwalior Sappers, attended the Preliminary Field Works Course, Roorkee, from 1st April to 19th June, 1935. One of these N C Os continued there for a month more for a further course in Map Reading, Reconnaissance and Field Works.
26. One N. C. O., from the Gwalior Sappers, attended the Special Field Works Course at Roorkee, from 1st April to 19th June, 1935. He was, however, retained there for a period of one month more for a further course in Map Reading, Reconnaissance and Field Works.
27. One N. C. O., from the Gwalior Sappers, appeared for the Indian Army Special Certificate of Education Examination held at Belgaum, from the 2nd to the 6th of April, 1935, but failed in the examination.
28. Two N. C. Os., from the ' B ' Battery and four N. C. Os., from the Mountain Battery, are attending the 4th and 5th Courses at the School of Artillery, India, Kakul, from 14th May, 1935.
29. One State Officer, from the Gwalior Mountain Battery, was deputed as an Instructor for the 4th and 5th Courses at the School of Artillery, India, Kakul, from 27th May, 1935.
30. One State Officer, from Gwalior Mountain Battery, was attached to the Survey Section, R. A., India, Kakul, for a period of 8 weeks from 27th May, 1935.

VI. Musketry.

The Annual Musketry Course was fired by 4,954 men as against 4,714 of the last year, out of whom 149 qualified themselves as Marksmen, 1,011 as First Class, 3,553 as Second Class and 241 as Third Class.

VII. Teams sent to join the various Competitions in British India.

No. 6 Platoon Team of the 3rd Gwalior Infantry stood first and secured " The Prince of Wales' (Malerkotla) Gold Cup " and Silver Medals in Match No. 14 of the Army Rifle Association (India), 1934-35.

Regimental Team of the 4th Gwalior Infantry stood second and secured Bronze Medals in Match No. 27 " The Military Adviser's Cup " of the Army Rifle Association (India), 1934-35.

" D " Company Team of the 4th Gwalior Infantry stood second and secured Bronze Medals in Match No. 28 " The Scindia Cup " of the Army Rifle Association (India), 1934-35.

No. 6 Platoon Team (' B ' Company), of the 3rd Gwalior Infantry, stood first and secured the " Birdwood Cup " in Match No. 14 of the Southern Command Rifle Association.

The following competitors of the 2nd Gwalior Lancers took part in the

Army Rifle Association (India) Central Meeting at Meerut and were awarded cash prizes noted against their names :—

1. Dafr Shafatullah Khan—Rs 7-8-0 in Match No. 1 Sweep-stake and Rs 5-0-0 in Match No. 1 Roupell Cup.
2. Dafr Major Megh Singh—Rs 5-8-0 in Match No. 1 Sweep-stake.

VIII. Ambulance.

This year 17 classes in First Aid were held, four each at Lashkar, Morar and Guna, three at Karera and two at Ujjain Military Hospital. The total number of candidates trained was 345 against 242 of the last year. Out of this number, 297 passed the examination.

IX. Medical.

The number of Military Hospitals, maintained during the year under report, was nine as in the previous year.

The number of patients, treated at different hospitals during the year, was 7,415 against 6,861 of the last year, of whom 1,221 were in-patients and 6,194 out-patients against 1,201 and 5,660 respectively of the previous year. This shows an increase of 20 in the number of in-patients and also an increase of 534 in the number of out-patients, as compared with the corresponding figures of the last year.

This increase in the out-patients is due to Malaria cases at the Morar Brigade Hospital.

The number of patients, treated during the year under report for Malaria alone, was 2,463, against 2,182 of the last year, showing an increase of 281

This is due to the Drain (Nullah) that brings all the sewage and filth from the Morar Municipal area to which reference has been made also in last year's report. It is hoped that the proposed scheme of Morar Drainage, when completed, would help in checking Malaria.

The table below would show the cases of malarial seizures during the last five years :—

Samvat.			Year.			Cases.
1987	1930-31	4,377
1988	1931-32	6,834
1989	1932-33	2,477
1990	1933-34	2,182
1991	1934-35	2,463

As a preventive measure against Malaria, Quinine Prophylactic Parades were held.

Two cases only proved fatal, one at Lashkar, and the other at Morar.

The daily average number of patients treated in the year under report was 37.0 as in-patients and 158.55 as out-patients against 34.25 and 150.71 respectively of the last year.

There were 19 deaths amongst the in-patients during the year under report as against the same number in the last year. Of these 1 was due to Dysentery, 2 to Malaria, 2 to Enteric Fever, 11 to Pneumonia, 1 to Septicæmia, 1 to Ptomain poisoning and 1 to Disease of Nervous System.

The number of operations performed during the year under report was 1,983 of which 62 were major operations and 1,921 were minor ones against 46 and 1,933, respectively, of the last year.

X. Medicines and Instruments.

Sufficient quantities of medicines, instruments and accessories were supplied to all the Military Hospitals during the year under report.

XI. Field Medical Equipment.

The Field Medical Equipment, in all the Military Hospitals, is complete and arrangements have been made to maintain the stock fresh and in good order by their regular turnover.

A portable X-Ray apparatus was sanctioned for the Brigade Hospital, Lashkar.

XII. Indigenous Drugs.

During the year under report, 17,539 patients were treated with indigenous drugs at the Headquarters Hospitals, 617 at Karera and 1,082 at Guna Military Hospitals against 16,499, 797 and 1,625, respectively of the last year.

XIII. Laboratory Work.

The number of pathological specimens of Blood, Sputum, Throat-swabs, Stools and Urine examined respectively at Lashkar and Morar Brigade Hospitals this year, was 415 and 390 as compared with 540 and 420, respectively, of last year.

XIV. Epidemics.

There was no epidemic of any nature within the cantonment limits. Only one case of Smallpox was reported from the 1st Infantry which was cured. Prompt precautionary measures prevented its spread.

The following comparative statement shows the number of patients treated during the last five years :—

Samvat.	Year.	Average daily strength of the Army.	Number of patients treated.	Daily average of patients treated.	Daily average of patients per 1,000 of strength.
1987 ..	1930-31	7,156	9,226	203.75	22
1988 ..	1931-32	6,608	12,011	292.51	24.3
1989 ..	1932-33	5,960	7,283	194.14	32.57
1990 ..	1933-34	6,059	6,861	185.06	30.50
1991 ..	1934-35	6,232	7,415	310.44	49.75

The following comparative statement shows the average mortality of the last five years :—

Samvat.			Year.	Total number of deaths	Ratio of deaths per 1,000 of strength.
1987	1930-31	49	7.5
1988	1931-32	50	7.56
1989	1932-33	34	5.7
1990	1933-34	20	3.3
1991	1934-35	19	2.5

XV. Manœuvres.

During the year under report, no Manœuvres were held on account of financial stringency but in order to maintain efficiency of the troops, schemes of Field Operations were prepared and worked out in the month of February, 1935.

His Highness the Maharaja Scindia actively participated in these operations.

The Gwalior Sappers Company went into Camp from the 22nd of January until the 7th of February, 1935, to carry out demolition practice near Maharajpura. Captain A. E. Armstrong, R.E., Military Adviser, Sappers, visited the Camp during practice and instructed officers of the unit in their work.

XVI. Arms and Ammunition.

The condition of all arms on charge of the different units is good as the armourers, in the units, are efficient men, having been trained at the Ishapur and Allahabad Arsenals.

The Ordnance Officer, Gwalior Army, also tests the Assistant Armourers of the units in order that efficient men only be appointed to these posts.

Inspection of arms was not carried out during the year by the C. C. M. A., as these inspections, according to a Government of India Notification, are now carried out biennially.

The ammunition, on charge of the different units, is kept according to the authorised scale, and steps are promptly taken for its replacement, according to the suggestions of the Ordnance Mechanical Engineer and Inspecting Ordnance Officer, who visit the State for the inspection of the ammunition on charge of units.

The 1st and 2nd Gwalior Mounted Infantry units, which have partly been armed with .303 rifles, as stated in last year's report, have also been given ammunition for the same according to scale, from the Allahabad Arsenal, arrangements having been made to maintain it in good serviceable condition.

XVII. Courts-martial and Courts of Enquiry.

During the year under report, thirteen Courts-martial and seventeen

Courts of Enquiry were held as against 21 and 15 respectively of the last year, which testifies to the improvement in the discipline of the State Forces.

The number of deserters, this year, was 20 against 23 of the last year. Of these 8 were adherents and 12 were non-adherents.

The number of deserters arrested, was 5 of whom 3 were adherents and 2 were non-adherents. This includes Sepoy Bharat Singh, of the 1st Gwalior Infantry, who absconded with his rifle and ammunition while on duty at the Gwalior Fort and was arrested at Datia, the rifle and ammunition being recovered.

XVIII. Visits.

Brigadier H. Campbell, C.B., D.S.O., M.V.O., Military Adviser-in-Chief, Indian States Forces, visited Gwalior on the 16th December and after the inspection of the Gwalior State Forces, left Gwalior on 22nd December, 1934.

Inspection Parade of the State Forces was held in his honour at the Thatipur Parade Ground on the 22nd December.

Lt.-General Sir W. Edmund Ironside, K.C.B., C.M.G., D.S.O., P.S.C., Quartermaster-General in India, visited Gwalior on 21st December and left on the 23rd December, 1934.

Brigadier-General D. B. Edwards, Chief of the Military Staff, Jammu and Kashmir State Forces, visited Gwalior on the 23rd December, 1934, and left on the 29th of the same month. He also visited Guna, during this period.

Major F. B. Binney, R.A., Military Adviser, Artillery, I. S. Forces, Ambala, visited Gwalior from 18th November to 16th December, 1934, in order to advise the Officers Commanding, Artillery Units, in their training.

Major H. H. Mackenzie, R.A., Officiating Military Adviser, Artillery, Indian States Forces, Ambala, visited Gwalior from 6th March to 14th March, 1935, for the inspection of the Artillery Units.

Major A. J. Harris, R.S., Technical Adviser for Signalling, Indian States Forces, Poona, visited Gwalior from 27th January to 5th February, 1935, for the inspection of Signallers of the Gwalior State Forces.

Major H. C. James, M.C., Staff Officer to the Military Adviser-in-Chief, Indian States Forces, visited Gwalior on the 8th January and left on the 15th January, 1935.

Major B. E. W. Edmondson, Assistant Military Adviser, C. I. S. Forces, Morar, visited Guna for the inspection of the 1st Lancers from 19th to 23rd August, 1934.

He again visited Guna from 24th to 28th February and from 14th to 18th May, 1935, for inspection.

Captain A. E. Armstrong, R.E., Military Adviser, Sappers and Miners, visited Gwalior for the inspection of Gwalior Sappers from 30th September to 8th October, 1934. He again visited Gwalior on the 24th January, 1935, to supervise the demolition practice of the Gwalior Sappers and left Gwalior on 4th February, 1935.

XIX. Quartermaster-General's Stores and Funds.

The valuation of the stores, at the beginning of the year, was Rs. 66,582-3-0 and stores worth Rs. 2,37,190-5-4 were purchased during the

year. Out of this, stores worth Rs. 2,42,316-6-10 were issued to the various units leaving a nett balance of stores worth Rs. 61,456-1-6 at the close of the year.

Bank deposits of the Quartermaster-General's Department amount to Rs. 10,62,998-6-9.

XX. Military Engineering Works.

During the year under report, estimates of 46 works amounting to Rs. 88,584 were sanctioned from the Miscellaneous Grant. All the works were completed during the year under report.

One hundred and fifty-three works, estimated at Rs. 21,793 were sanctioned from the Repairs Grant and completed.

Twenty-one works, estimated at Rs. 10,184 were sanctioned from the Fort Grant and completed.

Nineteen works, estimated at Rs. 17,990 were sanctioned from the Road Grant and were completed.

An amount of Rs. 9,700 was transferred to the units for current repairs and petty works.

The cost of contingent expenses for Staff, etc., was Rs. 16,521-9-0. There was a nett balance of Rs. 4,819-7-0 out of the total Budget of Rs. 1,69,592.

The Barrack accommodation, provided for Troops stationed at Morar with the exception of the 4th Infantry and the Transport Corps, is adequate and satisfactory. The question of providing similar accommodation for troops stationed at Lashkar Cantonment had been engaging the attention of the Department for a long time, as the troops were housed in very old Kachcha lines which, apart from being most uncomfortable to live in, were often a source of danger to the life and limbs of men during the rainy season. Plans and estimates, for the reconstruction of these lines on different basis, were prepared from time to time but the amount required for it could not be available all at once. The question of providing better accommodation for these troops, therefore, could not be allowed to drift further.

Accordingly, fresh plans and estimates were prepared on an economical basis to provide suitable Pucca lines for the 2nd Gwalior Infantry and the Sappers Company. This scheme, involving an outlay of Rs. 2,56,500 was submitted to the Council of Regency and was sanctioned.

Directions were given to commence work immediately and push it on with all possible expedition and I am glad to note that the works were practically completed within the year under report.

The troops are now suitably and decently housed.

XXI. Veterinary.

Nine Veterinary Hospitals, as in the previous year, were maintained under the supervision of Veterinary Officers, 7 of whom are Veterinary Graduates. These Hospitals were adequately supplied with medicines and instruments of the latest type.

The condition of horses, mules and ponies this year was satisfactory. Only two or three remounts had an attack of 'Strangles.' These animals were immediately isolated and specially treated. These prompt measures aided their recovery.

The following comparative statement gives details of treatment of animals in hospitals and the result obtained from it :—

Samvat.	Year.	Sick.	Recovered.	Died.	Shot dead.
1987	1930-31	2,134	2,042	66	16
1988	1931-32	1,861	1,778	46	17
1989	1932-33	1,617	1,520	41	10
1990	1933-34	1,873	1,768	50	12
1991	1934-35	1,925	1,810	51	16

The results, obtained by examination of slides in the Central Laboratory, are satisfactory.

XXII. Purchase of Remounts.

During the year under report, 203 Australian Remounts were purchased from Bombay for the Cavalry and Artillery units. Forty-six and 13 country-bred horses were purchased from Amritsar and Gwalior Mela respectively for the Mounted Infantry Regiments and Beda Risale Ekkan. Forty-three ponies were also purchased from Amritsar and Gwalior Mela for the Gwalior Transport Corps.

Thus in all 262 horses and 43 ponies were purchased at a total cost of Rs. 1,41,404-9-0.

XXIII. Recruiting.

During the year under report, 356 recruits were enlisted, out of whom 191 were adherents and 165 were non-adherents.

XXIV. Bands.

I am glad to note that under the efficient guidance of the Director, State Bands, a general improvement was noticed in the performance of all the Military Bands, and it is hoped that the regular training that is being imparted to them, would soon produce a fine Musical Combination.

XXV. Troops Detailed in aid of Civil Authority for the Suppression of Crime.

As last year, detachments of Cavalry remained posted in the districts of Bhind, Tawarghar and Mandsaur. The presence of these troops at the various key points has acted as an effective check on the activities of dacoits whose criminal designs were so often frustrated by the watch thus kept over them. Moreover, the dacoits have not been slow to realise their helplessness against such an efficient armed force, as in every encounter with the Military, their comrades were either shot or captured, resulting in a diminution of their numerical strength.

The areas infested by dacoits have been further guarded by a redistribution of troops on various posts, such as Jora, Porsa, Mau, Lahar, Rewas, Harwar, Chainpura, Chitakhara, Bhalot, Nadaota, Bhaugarh and Dhodar.

It is hoped that the position will soon improve considerably making it possible to withdraw the troops told off for this duty since 1932.

During the year under report, Military was also called upon to render help in the rounding up of one Bhopat Singh, a high-handed Thakur of village Dhandh in Pargana Karera and his accomplices. This Thakur had been responsible for several heinous offences and for some years past had successfully evaded arrest. He had gathered round him a band of desperate followers with whose help he had constituted himself a terror to the locality. At the pressing requests of the Assistant Inspector-General of Police, Narwar, a small detachment of Infantry was despatched to round up these desperate men. In the encounter some of the associates were captured or shot, though Bhopat Singh himself managed to escape. He has voluntarily surrendered since. Military casualties in this action were one killed and two wounded.

XXVI. Sports.

The Gwalior Army Football Tournament was held from the 16th of July to 27th of July, 1934, on the 2nd Lancers ground at Thatipur, in which the 3rd Gwalior Lancers team came out successful.

This year the Central India Circle Sports were held at Indore from the 6th to the 10th of March, 1935. Eighteen Officers and 117 N. C. Os. and other ranks of the Gwalior State Forces took part in the Sports and were recipients of the largest share of the prizes awarded

The statement, given below, will show the entries and prizes won :—

Name of Event.	Name of Unit	Prizes.

Individual Champion Cup of the Central India Circle Sports was won by Attache Yusuf Hussain of the 3rd Gwalior Lancers and the "Unit Champion Cup" was won by the 3rd Gwalior Lancers.

Gwalior Military Sports were held on the occasion of the Silver Jubilee Celebrations of His Majesty the King Emperor at the Race Course Ground on the 13th May, 1935.

His Highness the Maharaja Scindia and the Resident at Gwalior graced the occasion by their presence.

Military Sports were held at the 3rd Lancers Parade Ground on 21st December, 1934, in honour of the visit of Brigadier H. Campbell, C.B., D.S.O., M.V.O., Military Adviser-in-Chief, Indian States Forces.

XXVII. General.

His Excellency the Viceroy and Governor-General in India was pleased to sanction the following promotion and admission to the Order of British India with effect from 3rd June, 1935 :—

1. Lt.-Col. Dattaji Rao Kakde, Bahadur, Brigade Commander, 2nd Infantry Brigade, was promoted to the Order of British India, First Class, with the title of "Sardar Bahadur."
2. Major Sadanand Rao Rangnekar, Officer Commanding, Gwalior Mountain Battery, was admitted to the Order of British India, Second Class, with the title of "Bahadur."

On the auspicious occasion of the Silver Jubilee of His Majesty the King Emperor, His Highness the Maharaja Scindia was graciously pleased personally to decorate selected Officers, N. C. Os., and Men of the Gwalior State Forces with the Silver Jubilee Medals received from the Government and to present Sanads, accompanying the medal.

XXVIII. Conclusion.

I have great pleasure in acknowledging with thanks the help and valuable advice so readily and willingly tendered to us by Brigadier H. Campbell, C.B., D.S.O., M.V.O., Military Adviser-in-Chief, Indian States Forces.

I am thankful also to Major J. A. Blood, Major B. E. W. Edmondson, Major H. H. Mackenzie, R.A., and Captain A. E. Armstrong, R.E., our Military Advisers, for the keen interest they have taken throughout in the training of the troops and for the valuable advice and co-operation they extended throughout the year to the units of the Gwalior State Forces.

I have also to express my thanks to the Officers of the Army Headquarters Staff, the Brigadiers and the Officers Commanding of the units for their active co-operation and hard work in maintaining the efficiency and discipline of the Army.

In the end, I respectfully offer my very grateful thanks to Her Highness, the President of the Council of Regency, and the Members of Government for the unfailing support I have always received from them in the discharge of my duties.

G. R. RAJWADE,
MAJOR-GENERAL,
Rao Raja, Mashir-i-Khas Bahadur,
Shaukat-i-Jang, C.B.E., A.D.C.,
Inspector-General, Gwalior Army,
and Army Member,
Gwalior Government.

POLICE DEPARTMENT.

PART I.

ADMINISTRATION.

I. Charge.

Mr. H. G. Waterfield maintained charge of the Department during the year under report, with Rai Bahadur Bishan Lal as Deputy Inspector-General of Police.

II. Condition of the Year.

The Kharif crop was damaged in most of the districts owing to excessive rain, while the Rabi crop suffered on account of frost, and in some districts, by insect pests. The Government granted relief to agriculturists by generous remissions, and by ordering the stay of decrees and execution proceedings, and exempting cattle and agricultural implements from restraint. But the successive bad years and continued depression had its repercussions on crime which showed some increase.

III. Departmental Changes.

The following transfers of Superintendents of Police were made during the year :—

1. Mr. Jagannath Prashad from Ujjain District to the charge of the C. I. D., Malwa
2. Mr. D N. Deo from the C I D., Malwa, to Tawarghar District
3. Mr. C. C. DeRozarieux from Bhind to Narwar.
4. Mr. Krishna Rao Shinde from Narwar to Gird, and later from Gird to Sheopur.
5. Mr. Durga Prashad from Sheopur to Gird.
6. Captain Gajraj Singh from Mandsaur to Ujjain
7. Mr. Mauj Behari Lal, Inspector, was promoted to Superintendent, 4th Grade, and posted to Mandsaur.
8. Mr. Chhote Lal was promoted to the 3rd Grade of Superintendents.

IV. Strength and Cost.

The total strength of the Gwalior State Police Force is 6,421 comprising of 2,925 Armed Police, 3,330 Civil Police, 100 Traffic Police and 66 Railway Police, as detailed below. The annual expenditure is Rs. 13,88,690-9-0.

				Officers.	Men.
Armed Police	58	2,867
Civil Police	174	3,156
Traffic Police	3	97
Railway Police	1	65
Total			..	236	6,185

The incidence of area per head of Police is as large as 4 square miles, considerable part of which is not easily accessible, being thick and dangerous jungle and ravines

The population of the State is 35,23,070 and on an average one Police man is responsible for the maintenance of law and order among 549 persons.

The incidence of average cost of Police per head of population is only six pies per month.

Proposals have already been submitted for an increase both in the number and emoluments of the force as a whole

V. Village Police or Chaukidars.

The total number of Chaukidars is 7,630 for 9,685 villages, the expenditure incurred being Rs. 4,71,210-0-0. The number of vacancies was reduced from 206 to 154 at the end of the year.

The number of vacancies is still large and the attention of the districts has been drawn to the desirability of filling up these vacancies as soon as possible.

VI. Circulars and Orders.

I. The law regarding prevention of offences as it stood before, was not very satisfactory. The Council of Regency were pleased to enact all the sections of Part IV, Chapter VIII, Criminal Procedure Code of India, regarding prevention of offences by means of taking security for keeping the peace and good behaviour. The amended Sections 49 to 63, Gwalior Criminal Procedure Code, should prove very useful as the law in that respect has now been brought in line with that of British India.

II. The following orders were issued from the Army Department :—

1. Under Section 49 of the Police Manual, no appeal lies against the order of the Inspector-General of Police, entering a bad remark in the Service Book of a Police Officer.
2. The procedure to be followed in supplying copies of orders, for purposes of appeal, and the fees to be charged in respect thereof, was to be in accordance with the practice in force in the Office of the Council of Regency.

III. The Police Department issued the following important orders :—

1. It was a general practice to stop investigation of a case pending decision of an appeal against an order of bail of a court, in a non-bailable case. It was, therefore, ordered that the order of the court should be obeyed, and an appeal may also be filed, but on no account should the investigation be stayed. The investigation should be completed without any delay as such delay is always prejudicial to the successful working out of a case.
2. Detailed instructions about the procedure laid down for filing an appeal, pointing out the common mistakes, were issued.
3. It frequently came to notice that investigating Officers on a report of a cognizable case, merely directed the complainant to produce evidence and did not exert themselves. It was ordered that this practice should be stopped entirely. The investigating Officers were ordered to collect evidence themselves from all possible sources.

4. The correct distinction between the terms ' games of skill ' and ' games of chance,' as laid down in a recent judgment of Mr. Justice Pollock, Additional Judicial Commissioner, Nagpur, in a revision application, Sikandar Khan (accused) applicant *vs* King Emperor, was circulated for the information of districts, as " Carnivals " and Companies with games of Darts, " Rollup " or table games, shooting, throwing the ring etc., were becoming a common evil and a source of loss to the ignorant public. The districts were directed not to grant permission for such games.
5. Attention of investigating Officers was drawn to the fact that their duty does not end with merely sending up a case to the court. It was impressed upon them that they were responsible for its proper prosecution by putting up witnesses before the court and supplying all useful information to the Prosecutor.
6. The practice of granting leave to officers, who were under orders of transfer, was ordered to be stopped.

VII. Recruitment.

Three hundred and thirty-seven recruits were enlisted during the year. The number of vacancies at the close of the year was 186.

Improvement in the quality of recruits continued and the number of literate members in the force is increasing.

VIII. Training.

Civil Police.—A batch of 16 Officers was under training at the Moharrirs' class. Out of those 11 passed in the 1st division, 3 in the 2nd division and one in the 3rd division.

Armed Police.—Training in Drill and Musketry was held at the Headquarters Reserve, Lashkar, and also at District Headquarters and all Officers and men took part in the annual target practice.

IX. Ambulance.

Training in " first aid to the injured " was imparted to sixty men during the year. The total number of trained officers and men in the Force is now 781.

X. Punishment and Discipline.

No member of the Force was punished with imprisonment judicially for an offence committed in the course of discharge of duty. One Head Constable of Gird and one Constable of Ujjain were punished with imprisonment departmentally.

There were 180 dismissals and 87 reductions.

The discipline and morale of the Force has improved.

XI. Tour and Inspections.

The Inspector-General of Police visited the following districts during the year :—

1. Gird. 2. Tawarghar. 3. Narwar,
and inspected 6 Police Stations, 3 Armed Police Companies and 4 Chowkies.

The City Police Stations and Headquarters Armed Police Lines were inspected frequently. He also held fortnightly General Parades of the City and Headquarters Armed Police at the Headquarters Reserve Lines.

Rai Bahadur Bishan Lal, Deputy Inspector-General of Police, toured in the following districts —

1. Bhilsa. 2. Narwar 3. Sheopur 4. Bhind. 5. Gird.
6. Tawarghar 7. Shajapur. 8. Mandsaur. 9. Ujjain.
10. Amjhera,

and inspected 6 District Offices, 3 Treasury Guards, 9 Armed Police Companies, 24 Police Stations and 14 Chowkies.

Mr. R. R. Shahane, Enquiry Officer, inspected 5 Police Stations, 2 Armed Police Companies, and 1 District Police Office. He carried out 9 important departmental enquiries during the year.

XII. Buildings.

Of the buildings whose construction was undertaken last year, the following were completed and occupied by Police :—

1. Madhavganj Police Station, Lashkar City
2. Ghatigaon Police Station, District Gird.
3. Basoda Police Station, District Bhilsa.

The construction of the remainder is proceeding satisfactorily.

Sanction for one barrack in the Police Line at Headquarter Reserve was received. It is nearing completion.

Important additions and alterations were made in Police Stations, Gwalior, and Dhanmandi (Ujjain).

The buildings of the old Sabalgarh Jail and Sar-Subat, Esagarh, were transferred to the Police Department. My thanks are due to the Chief Engineer, P. W. D., for his assistance and co-operation. Some additions and alterations had to be made in the old Sar-Subat building at a cost of Rs 6,000-0-0. The Sabalgarh Jail building has been utilised without incurring any expense. The old Police Stations in Esagarh and Sabalgarh towns are being used as Town Out-posts.

At the end of the year correspondence was still in progress regarding the Amjhera Jail building being made over to the Police as Police Station, Sardarpur.

Sites for the Guna, Sheopur and Mandsaur Armed Police Lines are being acquired.

The sum of Rs. 2,68,000-0-0, sanctioned by the Council for Police Buildings, will all be spent on the buildings under construction. A large programme is awaiting sanction and at the time of writing this report a request for further grant has already been forwarded to the Finance Member.

XIII. Reforms.

The Force at Chowkies Jigni and Dimni in Pargana Ambah and Ainti in Nurabad was augmented so as to raise them to the status of an Out-post. With the exception of the Head Constable the remaining staff was provided from the district strength. This reform was considered essential to effect proper reporting, investigation and surveillance over the movements of the suspects in those areas.

The new automatic telephones have been installed at all the Police Stations in the City.

A second new Motor Lorry has been sanctioned for the Police.

XIV. Uniform and Accoutrement.

The following districts were supplied with a complete set of new Uniform :—

1. Gird. 2. Sheopur 3. Esagarh. 4. Shajapur 5. Bhilsa
6. Mandsaur, and 7. Amjhera.

Ammunition Boots were provided to Shajapur and Mandsaur Districts. In addition to the sets of uniform supplied to men in service, 400 sets were supplied to all districts for the recruits.

Fifteen .12 bore guns were purchased for the use of the Force Kit boxes, sets of uniforms and muzzle loading guns were supplied to the Police men attached to the Mirkaabad Moghia Settlement.

At the end of the year a sanction of Rs. 48,000-0-0 for the purchase of Great Coats for the Police Force was awaited. This has now been given.

The existing budget allotment for uniforms being inadequate, a proposal was submitted for the sanction of an additional grant of Rs. 25,000-0-0 out of the interest accruing on the Chowkidari Fund. This has been sanctioned.

Great Coats and Warm Jerseys were badly needed. The supply of these necessary articles of uniform now will go a long way towards improving the efficiency of men in winter and the rainy season.

PART II.

CRIME.

XV. Details of Crimes.

The total number of reports of cognizable offences during the year was 6,396, out of which 249 proved false on investigation. The following table gives districtwise the comparative figures of all true cognizable cases for the last 3 years :—

Name of District	<i>No. of Heinous Offences.</i>			<i>No. of other Offences</i>			<i>Total Cognizable Offences.</i>		
	Samvat.			Samvat.			Samvat.		
	1989	1990	1991	1989	1990	1991	1989	1990	1991
Gird ..	31	23	59	151	136	264	182	159	323
Bhind ..	31	45	78	200	153	432	231	198	510
Tawarghar	28	31	37	152	158	285	180	189	322
Sheopur ..	13	7	15	53	70	109	66	77	124
Narwar ..	19	12	38	121	99	303	140	111	341
Esagarh ..	25	30	38	202	248	427	227	278	465
Bhilsa ..	24	20	19	202	182	523	226	202	542
Shajapur.	50	28	26	529	478	956	579	506	982
Ujjam ..	68	49	53	635	578	938	703	627	991
Mandsaur.	35	44	43	272	275	569	307	319	612
Amjhera ..	17	14	13	168	214	225	185	228	238
Lashkar City	26	36	24	189	248	673	215	284	697
Total ..	367	339	443	2,874	2,839	5,704	3,241	3,178	6,147

The above figures show a considerable increase in the number of cognizable offences of all classes as compared to the figures of former years. The number of cognizable offences excluding heinous, have more than doubled, but this was to be expected under the New Police Manual.

The system of registration of crime in previous years was very faulty. All reports of cognizable crime were not brought directly on the Crime Register. A good number of them were brought only on the 'Tanqih' Register, i.e., Station House Officers were allowed too much latitude and could easily burke crime. The New Police Manual came into force at the beginning of the year under report and the system of registering any crime reported to Police in the 'Tanqih' Register was totally stopped. The increase therefore furnishes no reason for alarm. It was a natural consequence of the new rules and strict supervision from Headquarters in the matter of accurate reporting.

Heinous Crime.—In spite of more accurate reporting, the districts of Bhilsa, Shajapur, Mandsaur, Amjhera and Lashkar City record a decrease. The small increase in the districts of Esagarh, Ujjain and Tawarghar may be attributed mainly to the above change in the system of registration. The increase in the districts of Gird, Bhind, Sheopur and Narwar was very marked and needs an explanation.

The gangs of (1) Mohan Singh of Police Station Mau and Hukum Singh of Datia State and (2) Hansua and Nabba Thakurs of Police Stations Gohad were active in Bhind and a part of the Gird District. Two other gangs composed mostly of local Khangars also sprang up in the latter district.

In Sheopur, the increase was due mainly to the activities of Gujars and Khangars of Dholpur State. In Narwar the notorious out-law Bhopat Singh's gang was mainly responsible for crime.

There is a dangerous gang of *Kanjars* headed by Nathia, Keshia, Kalu and Badaria, who find shelter mostly in Ratlam and Jaora States. They were responsible for almost all serious and heavy dacoities in the 4 districts of Malwa, named Ujjain, Shajapur, Amjhera and Mandsaur.

The road dacoities in the Mandsaur District were committed mostly by the *Kanjars* of Bengu and Chainchi of the Mewar State.

The measures adopted for breaking up the abovementioned gangs and the success obtained so far will be discussed hereafter under the proper head.

Other Cognizable Offences.—As shown above the number of *true* cases have more than doubled under this head. It was in the case of offences of this class that the 'Tanqih' Register offered a ready method of burking crime to a slack Station Officer. The Head Office receives no reports about such offences and could exercise no supervision except at the time of Inspection of 'Tanqih' Register, at Police Station Inspection. Moreover, the number of false reports made out of enmity and other causes under this head is usually more than under head Serious Crime.

The expunction of offences also takes time. The large figure under this head is therefore not a true guide though considerable increase as compared to previous years, was naturally expected.

XVI. Investigation and Disposal of Cases.

Heinous Offences.—The number of true heinous offences registered during the year was 443, of which 151 were sent up for trial, 68 remained untraced, and 275 under investigation. Out of the 151 cases sent up, 69 ended in

conviction and 29 in acquittal. Fifty-three cases remained pending trial. The percentage of convictions in heinous cases was 70% as against 71 of 1990 and 65 of 1989.

Other Cognizable Offences.—Out of 6,147 cases of all classes registered during the year 1,721 remained under investigation, 1,935 remained undetected, 2,491 were sent up to court for trial, 1,204 ended in conviction and 429 in acquittal and 858 were pending trial in courts at the end of the year. The percentage of cases convicted to those decided by the courts was 74 as against 74 of 1990 and 75 of 1989.

XVII. Persons Sent up, Convicted and Acquitted.

The following table shows the number of persons sent up, convicted, acquitted and pending trial in courts together with the percentage of convictions for the last three years :—

		SAMVAT 1989		SAMVAT 1990		SAMVAT 1991	
		Heinous Offences	All Cognizable Offences.	Heinous Offences.	All Cognizable Offences	Heinous Offences.	All Cognizable Offences.
Persons sent up	..	539	3,921	344	3,938	367	4,734
Persons convicted	..	171	1,616	96	1,530	118	1,672
Persons acquitted	..	160	965	76	879	66	1,012
Persons pending trial	..	208	1,340	172	1,529	183	2,050
Percentage of conviction.		51	63	56	64	64	62

District Ujjain attained as high a percentage of convictions in heinous offences as 100%, Narwar 88%, Esagarh 83%, while Bhind, Gird and Tawar-gar recorded only 38%, 32%, and 28%, respectively.

The percentage of persons convicted in heinous offences has improved. In the case of all cognizable offences taken together it is about the same.

XVIII. Property Stolen and Recovered.

The total value of property stolen in heinous offences was Rs 2,86,375 and that recovered Rs 59,357, i.e., 20% as against Rs. 3,74,728 and Rs 41,532, i.e., 11% of last year.

The total value of property stolen in all cognizable offences against property was Rs. 6,54,340 and that recovered Rs. 1,60,838, i.e., 29% as against Rs 4,93,265 and Rs 82,522 and 17% respectively of the last year.

There was a gratifying increase in the value of property recovered as compared to last year

The Headquarters continued to watch carefully the investigation and prosecution of heinous offences. In special cases the Deputy Inspector-General of Police was sent out to instruct District Officers and supervise investigations and prosecutions.

(a) Formerly the offence of kidnapping of persons for ransom was not treated, by the Police or courts so serious an offence as it really was.

It was registered and tried under Section 338, G. P. C., and the usual sentence passed by the courts was only about two years' rigorous imprisonment.

The Headquarters directed the districts to register the offence under Section 356, G. P. C., and apply Sections 338 and 379, G. P. C., also as the facts of each case permitted.

The District Prosecutors were specially instructed to urge the gravity of the offence. But their pleadings before the District Courts proved of no avail. In one batch of cases of the Tawarghar District, as a test, appeals were filed for enhancement of sentence in the High Court with the satisfactory results as shown below :—

Details of Cases.

S. No	File No.	Section.	Name of accused.	Order of Sessions.	Order of High Court
1	110-17	356, 338 and 379, G. P. C.	Gajadhar	4 years' R. I.	10 years' R. I.
	1990		Lokman.	Do.	and fine of Rs. 10
	"		Harbilas.	Do.	Do.
	"		Murli ..	Do.	Do.
	"		Manohar.	Do.	Do.
	"		Girwar.	Do.	Do.
	106-18				
2	1990	356, G. P. C.	D e b i Kishan.	4 years' R I. and fine of Re. 1.	10 years' R. I. and a fine of Rs. 3.
	"		Pita ..	Do.	Do.
	"		Gajadhar	Do.	Do.
	"		Girwar..	Do.	Do.
	193				
3	1990	356, G. P. C.	Pancham	Acquitted.	2 years' R. I.
	"		Murli ..	Do.	8 years' R. I.
	"		Lokman.	Do.	Do.
	"		Harbilas.	Do.	Do.
	"		Manohar.	Do.	Do.
	"		Chukkhu.	Do.	Do.
	"				

(b) Similarly when any dacoits assembled for commission of crime and were arrested after an encounter and exchange of shots each of them was invariably sent to the place where he was wanted in old cases and in a majority of cases they succeeded in securing acquittal.

Orders were issued to prosecute such accused for causing obstruction in their arrest, an attempt to murder the raiding party by firing, and for assembling and preparing for dacoity.

The cases were of a novel nature in the State. The Courts showed some surprise at first but convicted the following accused in two cases :—

Serial No	District.	Section.	Name of Accused.	Terms of Sentence.
	Bhind .—			
1	P. S., Lahar ...	393	Baladin ..	5 years and a fine of Re. 1 each.
	„	344	Dhani Ram ..	Do.
	„	213	Ajmer Singh ..	Do.
	„	298	Phundi Singh ..	Do.
	„	395	Gur Dayal ..	Do.
2	P. S., Gormi ..	298	Kedar Nath ..	5 years' R. I. and Rs. 10 fine.
	„	„	Chhote Lal ..	Do.
	„	„	Ulfat Mehtar ..	Do.
	„	„	Harbilas ..	Do.
	„	„	Khiali Ram ..	Do.
	„	„	Ziminpal Singh ..	Do.

(c) Previous convictions were not properly taken into account either by the Police or the Courts in the majority of cases. Necessary orders were issued to Police and appeals were filed in selected cases. Of the cases thus taken up, in one case of Ujjain in which the City Magistrate passed a sentence of 2 years' R. I. and a fine of Rs. 10 it was enhanced to 10 years' R. I. and a fine of Rs. 2-0-0.

The following remarks of last year regarding the difficulties, of the Police in the present circumstances, in making the evidence of identification of accused acceptable to courts have to be recorded once again, *i.e.* :—

“ The evidence of identification is generally brushed aside in the courts as there are generally no separate lock-ups for under trial prisoners and the accused virtually remain in Police custody. The courts seem to have formed an opinion that the identification evidence of every case should be discarded with the result that no amount of precaution and honest conduct of identification parades by the Police succeeds in satisfying the courts of the truth of this class of evidence.”

With a view to make this class of evidence acceptable to courts the investigating Officers were ordered to keep the accused in 'pardah' and in a way that the witnesses may have no chance of seeing them before the identification

and the Law Member was requested to order the Magistrates to conduct identifications of the accused in heinous offences. The Law Member sanctioned the proposal but it has to be noted here with regret that the High Court in recent cases still did not accept the evidence of identification, when precautions as outlined above were fully taken, the accused were kept in a secluded barrack of the old Ambah Jail under a Police Officer other than the one, who investigated the case and identification was conducted by a Magistrate. The Chief Justice himself remarked in a case that —

“ Shanakht Mulzim kī kar-rawai jis waqt karai gai hai, us waqt yeh Mulzim Police ki hirasat men tha. Is liye shanakht mazkoor qabile itminan nahin hai ”

In another case, the learned Judges remarked —

“ Parde waghaira kī behas sab be-manī aur Police ki hawalat men parda be-haqiqat chiz hai.”

The local courts and the High Courts thus do not take any notice of evidence of identification when the accused is in Police custody though the courts of the United Provinces including the High Court and the courts of other neighbouring States and jurisdictions in cases of accused put up for identification, while in Gwalior Police custody, consider the same evidence as reliable and convict the accused on such evidence.

As it does not seem possible to improve further the quality of evidence of identification it is a matter for serious consideration whether any cases or accused should be sent up to court on the strength of evidence of identification as it means the waste of so much time of Police and Courts and also a good deal of Government money.

My remarks of last year regarding identification of property apply with equal force this year also. The Law Member at the request of the Inspector-General of Police ordered that the identification of property in heinous offences may also be conducted by Magistrates. It has yet to be seen what value the courts attach to the quality of evidence of this kind.

XIX. Special Dacoity Measures.

Special dacoity measures were continued in Districts Gird, Bhind and Tawarghar in particular. The Armed Police was strengthened by deputing additional Police Force from Headquarters. The Army Department lent the services of Sowars for Bhind and Tawarghar in the North and Mandsaur in the South. Punitive Police was posted in villages Nandpura, Bareh and Tarsuma.

Special patrols were arranged from the Force of the district as occasion required.

The gang of Mohan Singh and Hukum Singh came into prominence after the Chaori dacoity of Bhind District. There are 84 villages inhabited by Rajputs of the same class in the Mau circle and the neighbourhood. Hukum Singh, a resident of Nimdanda (Datia State), is said to be closely related to Daulat Singh Qiledar of Lokendrapur (Datia State). The residents of that locality are averse to giving any useful information to the Police. Notwithstanding vigorous action for breaking up the gang, the leaders have evaded arrest successfully because of the fact that they find ready shelter in Datia State.

On October 18, 1934, a Lahar Armed Police Guard pursued the gang into village Katha, Jalaun District, but succeeded only in shooting two of their

party, Brij Lal and Radhe Lal, who were wanted in Mohanpur dacoity and a gun and a sword belonging to these dacoits were found on their persons

On February 11, 1934, in a 'behad' between villages Barona and Barauthi, an armed guard headed by Sub-Inspector Luxmi Narain and Head Constable Bisheshwar Dayal made another raid on the gang in which Ganesha and Jagannath were shot dead and Brindaban Durbar was arrested alive while Chiman Singh, an important member of the gang, died two days later. Unfortunately Mohan Singh and Hukum Singh again escaped unhurt.

Partial success was obtained in 2 more attacks on the gang but it has remained as active as before and now Inspector Puttu Singh, Sub-Inspector Bansidhar, 5 C. I. D. Head Constables and 8 Non-Commissioned Officers and 40 Constables with special instructions have been deputed from Headquarters to arrest the leaders and break the gang as soon as possible.

The gang of Hansua and Nabba Thakurs of Gohad circle remained active and is still at large in spite of special measures taken for their arrest.

An Armed Police Guard when out on patrol encountered Hansua's gang in the 'behad' of Dindoli, P. S. Bagchini, District Tawarghar, and Shri Lal and Kunwar Singh, lieutenants of Hansua, were shot dead. Daulat Ram Vaish, whom the gang had kidnapped, a few days before, was rescued.

Two other members of the gang, Moti Singh and Tula Ram Brahmin, were also arrested during the year

Armed Police Guards were posted from Headquarters at Gohad, Biloni and Pipandi in the hope of arresting Hansua and his gang.

A moving column of one Sub-Inspector, and 20 men with some informers are still deputed to account for this gang. Inspector Puttu Singh and his force have also been instructed to capture the gang as soon as possible.

The Suba of Bhind was moved in the beginning of the year, but did not agree, to the imposition of Punitive Police in the villages where the leaders live and are harboured. He has however lately agreed to the proposal for imposing Punitive Police for breaking the two gangs of (1) Mohan Singh and Hukum Singh and (2) Hansua and Nabba. The matter is under consideration. It is hoped that with the imposition of Punitive Police and as a result of the dispositions of the force mentioned above both these gangs will soon be broken up.

On perusal of the Special Reports of the cases received from the districts of Gird and Bhind it appeared that a local gang had formed and was operating in the two districts. Reserve Inspector Puttu Singh attached to Headquarters with two officers from the C. I. D. and an Armed Police Guard was deputed from Headquarters to work out the cases. He succeeded in arresting 41 members of 2 gangs and seized a good amount of property of 13 dacoities committed in the above two districts. The Law Department have kindly appointed a Special Judge to try these cases. Six accused have already been sentenced in one dacoity case to 5 years' R. I. and a fine of Rs. 10-0-0 each. The two gangs have been completely broken.

The activities of Bhopat Singh and his gang are too well known to need a detailed mention here. After the Military raid and his escape, he committed some dacoities and murder. A very close watch was kept on his junior wife and son to whom he was said to be much attached. He could not leave the neighbourhood on account of his wife and son and the disposition of the Police Guards under Inspector Jagannath Prashad, who was specially deputed for his arrest, and the persistent efforts of the Suba of Narwar forced him to

surrender. He is being tried by a special court and the Deputy Inspector-General of Police is specially supervising the cases against him. Two of his dangerous associates Binda and Pheran Singh are still at large and efforts are being made to effect their arrest at an early date. The general question of dealing effectively with Kanjars and other wandering Criminal Tribes who visit the State from outside or find shelter in the neighbouring jurisdictions and commit crime here, is a difficult matter. The Barnagar (Ujjain) Police succeeded in raiding the notorious Nathia, Keshia, Kalu and Badaria gangs when they came to commit a dacoity at Utwas. Two Kanjars were shot dead and one 12 bore gun and some cartridges were left behind.

Head Constable Abdul Razzaq of Out-post Ghatia (Ujjain) arrested 7 members of a wandering gang of Banjaras. Thirteen more of the same gang were arrested later. Out of these 20 persons arrested, 19 have recently been convicted to long terms of imprisonment. In the Bheronpachlana dacoity case, the Barnagar Police again raided a Bhil gang. Two dacoits were arrested on the spot. Some more arrests have been made in the Utwas and Bheronpachlana cases and the accused are being tried in the court.

As an effective remedy to check the raids by wandering Criminal Tribes, the Department constantly urged the desirability of proclaiming all the nomad gangs to be "Criminal Tribes" under Section 2 of the Gwalior Criminal Tribes Act. The Council of Regency has lately sanctioned the proposal and it is intended to send out the Deputy Inspector-General of Police to districts to explain how to prepare and prosecute cases against such gangs under the preventive sections of the Gwalior Criminal Tribes Act and the newly amended Sections 49 to 63 of the Gwalior Criminal Procedure Code. If the courts concerned co-operate, there is no reason to doubt that serious crime, specially House and Road dacoities, by nomad gangs, in particular, will be considerably prevented.

Important Cases.

The following are a few important cases which were successfully worked out during the year.

Lashkar City.—The Morar Police succeeded on August 4, 1934, in arresting one 'Siyahposh' (said to be a wireless genius) and Kanhaiya Lal, when both of them had some dies and base king's coins on their person, the supporters of the counterfeiters created many difficulties in prosecuting the case to success. 'Siyahposh' was however convicted and sentenced to 3 years' R. I. and Rs. 50-0-0 fine and Kanhaiya Lal to 2 years' R. I. The sentences were upheld by the High Court.

A very cold blooded murder was committed in Sarrafa Bazar, Lashkar. The City Police with special assistance of the C. I. D. Assistant succeeded in working out the cases. Three accused have just been sentenced to transportation for life.

Krishna Rao Dattaji Rao Pawar Accountant, Private Secretary's Office, embazzled Rs. 10,000-0-0 and absconded. The C. I. D. Assistant skillfully traced him at Bombay and the accused was sentenced to 3 years' R. I. and a fine of Rs. 500-0-0. The accused was also ordered to make good the loss of Rs. 10,000-0-0 to the State Treasury. Those who did good work in the case have been suitably rewarded.

As a result of very good co-operation between the C. I. D. and the City Police an Etawah burglar gang was caught red handed while committing a burglary in a house where a considerable amount of property was stored.

During the last Gwalior Exhibition, a heavy burglary was committed in the City by an outside gang of Aligarh City. The Superintendent of Police City succeeded in arresting some accused in the City, some on the road and some in the Railway train recovering almost the whole property after a hot chase by car and railway within 24 hours.

Jagannath Singh, brother of Thakur Madho Singh, Jagirdar of Agra-Barkheda, killed his servant and made a report of suicide. Under instructions from Headquarters, Jagannath Singh and his Kamdar Madho Rao were successfully prosecuted and convicted for murder and causing disappearance of evidence of a serious crime respectively.

Mani Ram, the dacoit leader, who with his associates killed a Police informer Hira in broad day light in village Parichat-ka-pura and attempted to obliterate all traces of the crime, were successfully prosecuted. Mani Ram and two of his associates have been sentenced to transportation for life and the remaining two associates to 8 years' R. I. each.

Another dacoit leader Ochha, who successfully deceived several Police Officers and escaped punishment every time, was successfully prosecuted and was sentenced to long terms of imprisonment by a special court.

XX. Finger Print Section.

Thakur Swarup Singh continued to hold charge of this section. In addition to his own duties, he attended the Police Training Class. He passed the Ambulance Examination. He inspected Finger Print Work of some Police Stations of the Tawarghar and Sheopur Districts. Three men of the Finger Print Section were trained as Proficient and were awarded Certificates.

Four hundred and ninety-eight Search Slips were sent by Police Stations during the year to the Bureaux, out of which 119 were traced and 379 remained untraced.

Finger Print Slips of 334 persons and death reports of 27 convicts were sent to the Ajmer Bureau for record

One hundred and eighteen persons of this State were traced in various Bureaux through Search Slips received from districts in British India and other Indian States.

Evidence as Finger Print Expert was given in 20 cases.

XXI. Proclaimed Offenders and their Arrest.

The following important proclaimed offenders were arrested during the year :—

District Gird.

1. Bal Ram Mirdha, a proclaimed offender of Datia State who had formed a gang in the Gird District was arrested by that district and is being tried by a special court.

District Bhind.

1. Ram Din Khangar, a lieutenant of the notorious Tunda, who had formed a gang of his own was arrested with 5 of his comrades after exchange of shots by Lahar Police headed by Sub-Inspector Abdul Rahim Khan. They were wanted in several dacoity cases in Bhind and Jalaun Districts.

2. Jagna, an ex-convict, and Bankey Lal, both were wanted in a murder case of P. S. Gohad. Jagna had come into possession of the .303 Rifle which Bharat Singh Sepoy of 1st Gwalior Infantry had taken away with

him when deserting and had formed a gang of dacoits. On information given by a Zamindar deputed by the Deputy Inspector-General of Police both Jagna and Bankey Lal were shot dead after a severe encounter by a combined force of Gohad, Mau and Police Station Seonda of Datia State.

3. Harbilas, a notorious absconder of Etawah District, with 7 of his companions, six of whom were armed with guns, were arrested by the residents of village Pachhera, P. S. Gormi. Some of the accused are said to have fired a volley of shots at the villagers.

On receipt of news at Headquarters, Rai Bahadur Bishan Lal, Deputy Inspector-General of Police, was sent to the spot of arrest to give suitable rewards and Sanads to all the persons who took part in the excellent arrests.

4. Rao Harish Chandra, Jagirdar of Biloni, Bhind District, arrested Moti Gujar, a lieutenant of Hansua, with a rifle and a Muzzle Loading gun, and was recommended for recognition.

District Tawarghar.

1. Ram Singh, a proclaimed offender of village Khariahar and an important member of Hansua's gang.

2. Indar Bhan, a member of Dongar Batri's gang, was shot dead in an encounter by the detachment of the 2nd Alijah Lancers on patrol duty.

District Bhilsa.

Khuni and Arjun, proclaimed offenders, wanted in dacoity cases of Bhilsa and Bhopal State were arrested by Bhilsa Police.

City Lashkar.

Chiman Singh, an Armed Police Constable, absconded with a .303 Rifle and 10 rounds. On receipt of information in the Head Office, the City and Headquarters Reserve Police were sent out in batches to make a thorough search in and around the City and a party headed by Mr. S. J. Dighe, Superintendent of Police City, very smartly arrested him with the rifle and ammunition in a village near Gwalior. He was apparently on his way to join a dacoit gang.

XXII. Relations with Adjoining Police.

The relations with the adjoining British Indian Districts of the United and Central Provinces and States of Indore, Bhopal and Dholpur, remained cordial.

Mr. S. T. Hollins, Inspector-General of Police, U. P., Mr. A. G. Phillip, Deputy Inspector-General of Police, Mr. B. C. Taylor, Inspector-General of Police, Indore, and Khan Bahadur Abdul Jalil, Superintendent of Police, Datia, visited Gwalior in connection with the question of taking effective measures against certain dacoit gang.

Necessary steps decided as a result of the discussions were taken.

XXIII. Escapes.

Twenty-two persons escaped from Police custody as against 25 in 1990 and 37 in 1989. Seventeen of these were re-arrested. Five are still at large.

XXIV. Jagir Police.

The following Jagirs were under the supervision of the Member, Court of Wards, Guna Division :—

1. Raghogarh. 2. Bahadurpur. 3. Paraun. 4. Sirsi.
- and 5. Sarjapur.

The Thikana of Garha-Jamner was released from the control of the Court of Wards.

The number of cognizable offences registered in these Jagirs during the year under report was 203, out of which 78 cases were sent up to court. Thirty-two cases resulted in convictions, 32 in acquittal and 14 were pending in court. The percentage of conviction was 41% which is better than the previous years. One hundred and fifty-four were challaned, of whom 55 were convicted, 46 acquitted and 56 were under trial at the close of the year.

The Member, Court of Wards, Mandsaur Division, was in charge of the following Jagirs :—

1. Pipalia.
2. Bhopawar.

The Sukheda Jagir was released from the charge of the Court of Wards.

In Mandsaur Division, 31 cases were registered, in which 35 accused were sent up for trial, 24 were convicted and 11 acquitted. The percentage of conviction was 70 as against 77 of last year.

XXV. Rewards.

His Majesty the King Emperor's Silver Jubilee Medal was awarded to the following Police Officers :—

1. Mr. H. G. Waterfield, Inspector-General of Police.
2. Rai Bahadur Bishan Lal, Deputy Inspector-General of Police.
3. Mr. D. N. Deo, Superintendent of Police, Tawarghar.
4. Captain Gajraj Singh, Superintendent of Police, Ujjain.
5. Mr. Gopal Sahai, Personal Assistant to Inspector-General of Police.

The Superintendent of Police, Etawah, sent Rs. 200 as a reward to Inspector Jagannath Prashad, of District Bhind, in recognition of services rendered to the Etawah Police.

A sum of Rs. 1,295 was distributed as reward for good work to various other officers and men.

XXVI. Dacoity Relief Fund.

This Fund was founded in 1920 by His Highness the late Maharaja Madhav Rao Scindia, Alijah Bahadur, to render relief to members of the public who happened to be injured or disabled permanently in encounters with dacoits, or to their heirs, in case they died in such encounters. The fund amounts to Rs. 80,047-4-11 and is invested in Fixed Deposit with the Imperial Bank of India. A sum of Rs. 1,272-10-8 was spent in paying pensions during the year.

During the year special pension was granted to Fatma Bibi, widow of Sultan Khan.

XXVII. Gwalior Police Benevolent Fund.

A sum of Rs. 1,458 was paid out of this Fund, during the year, as allowances. Nine new persons were granted this allowance.

At the close of the year, the position of the Fund was as follows :—

	Rs.	a.	p.		Rs.	a.	p.
Balance on hand at the end of Samvat 1990.	4,321	14	1	Allowance ..	1,458	0	0
				Other Expenditure.	75	8	0
Receipts in Samvat 1991.	5,343	0	7	Amount in hand.	8,131	6	8
Total ..	9,664	14	8		9,664	14	8

The amount of Rs. 8,131-6-8 is deposited in the Krishnaram Baldeo Bank and invested as below :—

	Rs.	a.	p.
Fixed ..	4,500	0	0
Savings Bank ..	3,504	9	5
Current Account ..	126	13	3
Total ..	8,131	6	

XXVIII. Religious Fairs and Festivals.

The religious Fairs and Festivals at Ujjain and in other places passed off peacefully. The Lashkar Mela also passed off well. The Police arrangements throughout were good and the Mela Committee rewarded the Officers and men chiefly responsible for these arrangements.

Moharram.

The Moharram Procession passed off without any trouble at Sheopur.

At Mandsaur, the Muslims, refusing to abide by the orders given under the Road Regulations, did not take out any Tazia procession and seemed to be ready to break the law. But Mr. K. S. Kadam, Assistant Inspector-General of Police, and Mr. Mauj Bihari Lal, Superintendent Police, Mandsaur, made good arrangements and there was no trouble.

At Morena, there was a good deal of excitement among the Hindus, over the cutting of the branches of a Pipal tree on the road side by the P. W. D. An enquiry was held and suitable orders were passed.

XXIX. General.

In the end I must place on record my appreciation of the excellent services rendered by Mr. H. G. Waterfield, the Inspector-General of Police, who has introduced many reforms in the Force under his command, and has inspired it with zeal and energy.

I must also make a mention of the good work done during the year by R. B. Bishan Lal, the Deputy Inspector-General of Police, and Messrs. Ibne Abbas Abbasi, Ram Parshad, K. S. Kadam and G. H. Chinchinikar, Subas respectively of Bhilsa, Tawarghar, Mandsaur and Esagarh.

Lastly, I must convey my cordial thanks to Lala Mohan Lal Khosla, the Law Member, for the ungrudging help and support he always extended to the Police Department.

G. R. RAJWADE,
MAJOR-GENERAL,
Rao Raja, Mashir-i-Khas Bahadur,
Shaukat-i-Jung, C.B.E., A.D.C.,
Army Member,
Gwalior Government.

HOME DEPARTMENT.

General.

1. *Charge of the Portfolio.*—The undersigned continued as Home Member throughout the year of report.

Mr. Waman Ganesh Sahasrabuddhe remained as Secretary in charge of the General Section of the Home Department.

2. *Constitution.*—There was no change in the constitution of the Home Portfolio which comprised of the following departments :—

1. Muntazim Jagirdaran.
2. Court of Wards.
3. Survey and Settlement, Jagirs.
4. Muafi.
5. Religious Endowments.
6. Public Works.
7. Civil Medical.
8. Jails.
9. Criminal Tribes.
10. Records.
11. Archæology.

3. *Tour and Inspections.*—I was out of headquarters during the year for 4 months and 5 days in all. Out of all the eleven districts of the State nine were visited. The two districts left out were Sheopur and Amjhera.

4. *Jagirdars.*—I met Jagirdars during my tour at various places and acquainted myself with their grievances. A conference of them was held at Neemuch in the month of December 1934. All complaints put forth by them were immediately attended to. I am sorry I could not visit the Jagir areas in the interior, the reason of it I have already mentioned last year.

The financial condition of many of the Jagirdars was found to be far from satisfactory. Their income is falling obviously owing to general economic depression. Indebtedness was found in them to a considerable extent. Tendency to borrow money as much as they can get and spend it extravagantly on marriages and other occasions, unfortunately, still persists in them. Efforts were made to check and discourage these evils.

On the whole a steady improvement in the administration of Jagirs and general contentment among Jagirdars were noticeable. It is gratifying to note that the officers of the Department are sympathetic towards the Jagirdars and are inclined mostly to do good to them.

Medical Department.

5. Out of 56 hospitals I could inspect only 21 during the year. I wish, I should have inspected many more. I consider no work more noble and good than that of providing timely medical relief to the people. Their welfare should not be neglected even in the remotest parts of the State.

On my inspection of the Jaya-Arogya Hospital on 1st December 1934 I noticed many drawbacks some of which deserved immediate attention. Owing to want of sufficient accommodation, indoor patients and labour cases were put

to serious inconvenience and tuberculosis patients were kept side by side with patients of other diseases. Drainage and sanitary arrangements were also found to be very unsatisfactory. After consultation with a committee of six doctors, proposals were framed to make improvements which were absolutely necessary. I am very glad to mention here that the Council of Regency dealt very sympathetically with all my recommendations and were pleased to sanction the following allotments:—

	Rs.
To provide additional accommodation for indoor patients	10,500
For the construction of a separate ward for T.B. patients	30,000
For renewal of sanitary fittings	31,700
For drainage arrangements	25,000
For construction of maternity ward	40,000
For installation of an electric lift	13,500

These works have been started and, it is hoped, will soon be completed.

I quite realise that what has been done is very short of our needs. In the districts, too, the condition of some of the hospital buildings is deplorable. It is no good opening new dispensaries unless they are properly equipped and well-housed. For a population of 35 lacs, there is, at present, an yearly budget of the Medical Department amounting to Rs. 5,36,270 which comes nearly to 2 annas and 5 pies per head. A comprehensive scheme has been drawn up after ascertaining closely the requirements of the Department and much needed improvements.

On the whole the hospitals at Lashkar, Gwalior, Morar, Ujjain, Agar, Guna, Mandsaur, Sheopur, Bhind and Shivpuri did splendid work. It would be a great boon to the people if these hospitals are sufficiently equipped and improved. The medical staff of almost all the institutions visited by me was found to be competent and doing good work, but handicapped in many ways.

I regret very much that the Department lost the services of such a competent Lady Doctor as Miss Marchant. It has been found very difficult to replace her.

I also express my great sorrow on the tragic death of Dr. Gokhale who did very good work as a physician in the J. A. Hospital. The Council has been pleased to sanction suitable compassionate allowance for the maintenance of his wife and children.

6. *Village Improvement Scheme.*—The work done in accordance with instructions given by me in August last and on other occasions is satisfactory. The allotment of Rs. 50,000 provided for wells has been mostly utilized and 36 works of repairs and new construction have been completed during the year. During the 7 years preceding the year under report 130 works were constructed in all at a cost of Rs. 1,51,022 while the expenditure on establishment amounted to Rs. 1,20,560 which was very high. Dr. Khirwadkar and Dr. Shankarlal took great interest in their work and I am thankful to them for attending to my orders promptly and carefully. The Subas and District Boards have done their part well. If the Scheme would have been worked on these lines in the past 7 years, I am quite sure much more useful work would have been done. If the policy which I have initiated continues and necessary instructions issued on progress reports called for now and then I have every hope much useful work will be done and the people greatly benefited.

Public Works Department.

7. The Department has been very well managed by Rai Bahadur Bhaduri Sahib, Chief Engineer, who had been on tour for 168 days. This clearly shows what a hard work he had to do

I inspected about 1,300 miles of roads and 19 Dak Bungalows. I am glad that the roads and Dak Bungalows are generally in good condition. The defects which I noticed in my tour were brought to the notice of the officers concerned and I hope these will be rectified before my next inspection. I am very anxious that Ujjain-Maksi Road should be put in good condition at an early date.

Many of the Rapats were found very low and traffic is blocked in monsoons. Efforts should be made to raise them and a systematic programme should be framed for the purpose.

Asphalted roads should gradually be constructed round about Gwalior and Ujjain. If this is done, it will be much appreciated by the public.

In many cases execution of works is not done in time, at present. After the works are sanctioned, much time is wasted in getting possession of lands required for construction purposes. Public Works Department is not solely responsible in most cases. Other departments too are chiefly responsible for the delay. Co-operation of various departments is therefore very essential in such matters. Some of the departments should show more vigour in sending their demands in time and in replying promptly to references made in connection with their works. If these defects are attended to and removed, it will be a great credit to the departments.

From the list of contractors I find that the number of some castes is in excess in proportion to other communities. I ask the Chief Engineer to rectify the defect and discourage the same.

There is a great need of Inspecting Officers in this Department who should pay surprise visits now and then. There ought to be regular and systematic checking of works. The Chief Engineer has got lot of work to do and it is very difficult for him to reach at every important work.

8. *Work of the General Section.*—Matters of general and miscellaneous nature and cases of complaints and appeals filed against the orders of the heads of subordinate departments are dealt with and scrutinized in this section. The total number of cases pending at the commencement of the year was 252, 624 cases were instituted during the year as compared to 326 instituted in the previous year. The number of the cases disposed of during the year was 607 as compared to 464 the corresponding number of the last year. 259 cases were pending at the close of the year.

I am thankful to the Secretary for the loyal help that I received from him.

Jagirs.

Personnel.—Syed Hakim Ahmad, B. A., Muntazim Jagirdaran :

Sardar Malhar Rao Pawar, Deputy Muntazim Jagirdaran,,

Prant Malwa :

Chintaman Waijnath Pandit, M. A., M. Sc., LL. B.

Deputy Muntazim Jagirdaran, Prant Gwalior.

1. *General*.—Gwalior is rich in aristocracy which holds lands aggregating to about five and a half thousand square miles, i.e., nearly one-fifth of the area of the whole State

The grants are called "Jagirs" and the holders "Jagirdars." They are spread throughout the State. Most of the Jagirs are perpetual grants and descend hereditarily by virtue of their Sanads. But even those land-grants that are life tenures or are found to be based on invalid Sanads and consequently liable to escheat are allowed to continue as long as there are legal heirs, on an assessment of 50% according to the Policy of Jadeed Usul inaugurated by His late Highness to save this class from extinction. The succession of the Jagirdars is governed by the principles of primogeniture as laid down in the Manual for Jagirdars enacted in A. D. 1913.

2. *Tour*.—The Muntazim Jagirdaran toured for 1 month and 23 days during the year under report and inspected 19 Jagirs. The number is rather insufficient. Full prescribed period of tour should be devoted to the inspection of Jagirs in the interior. The Deputy Muntazim Jagirdaran, Gwalior Division, toured for 5 months and 4 days, in all, and visited 23 Jagirs; the Deputy, Malwa Division, also toured for an equal period and visited 38 Jagirs.

3. *Succession Cases*.—The total number of Jagirs at the beginning of the year under report was 502 including 211 Jadeed Usul holdings. Twenty-nine succession cases were disposed of during the year. *Status quo* was maintained in 19 Jagirs, 4 were brought on Jadeed Usul tenure, 2 holdings were added to the list while 4 were resumed for want of legal heirs and other reasons. Thus the number of Jagirs at the close of the year under report was 500. Adoption was sanctioned in two cases.

4. *Maintenance Cases*.—Complaints against Jagirdars who neglect to maintain the members of their families or fail to pay adequate maintenance allowance to such of their relatives as are entitled to it, are dealt with by this Department.

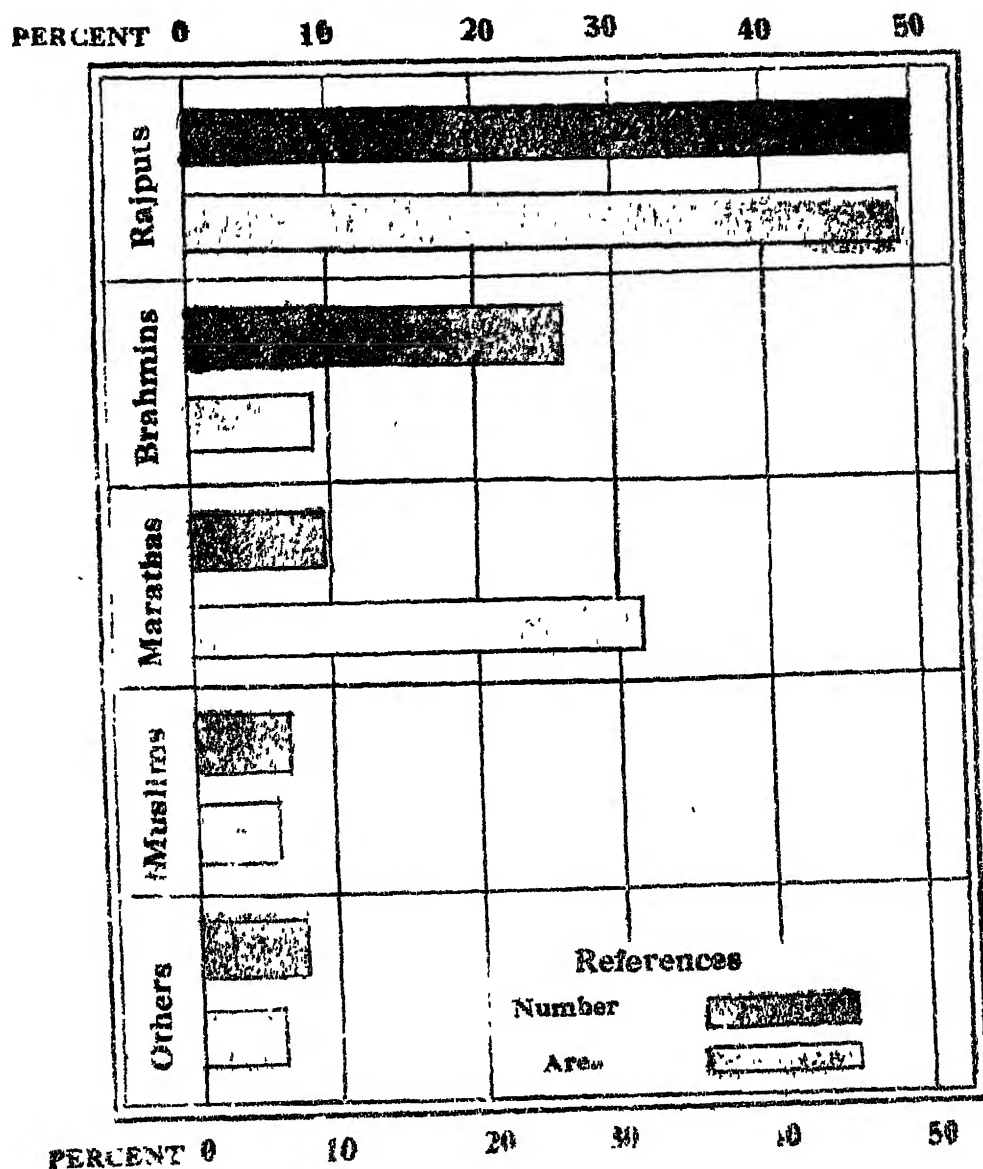

Complaints were received from Kunwar Shambhu Singh of Sheopur-Baroda, the widows of the late Thakur of Bagli and 13 other maintenance holders about the non-payment of their dues by the Jagirdars and necessary arrangements were made.

It has been observed that the disposal in several cases is much delayed.

5. *Amicable Settlement and Execution of Decrees*.—Six cases of debts due to creditors by the Jagirdars were amicably settled during the year and the parties saved from litigation. The Department dealt with 33 decrees passed against Jagirdars aggregating to Rs. 72 thousands, out of which 5 were fully satisfied while instalments were fixed in 3; 6 returned to the Courts concerned leaving 19 decrees amounting to nearly Rs. 55 thousands pending satisfaction at the close of the year under report.

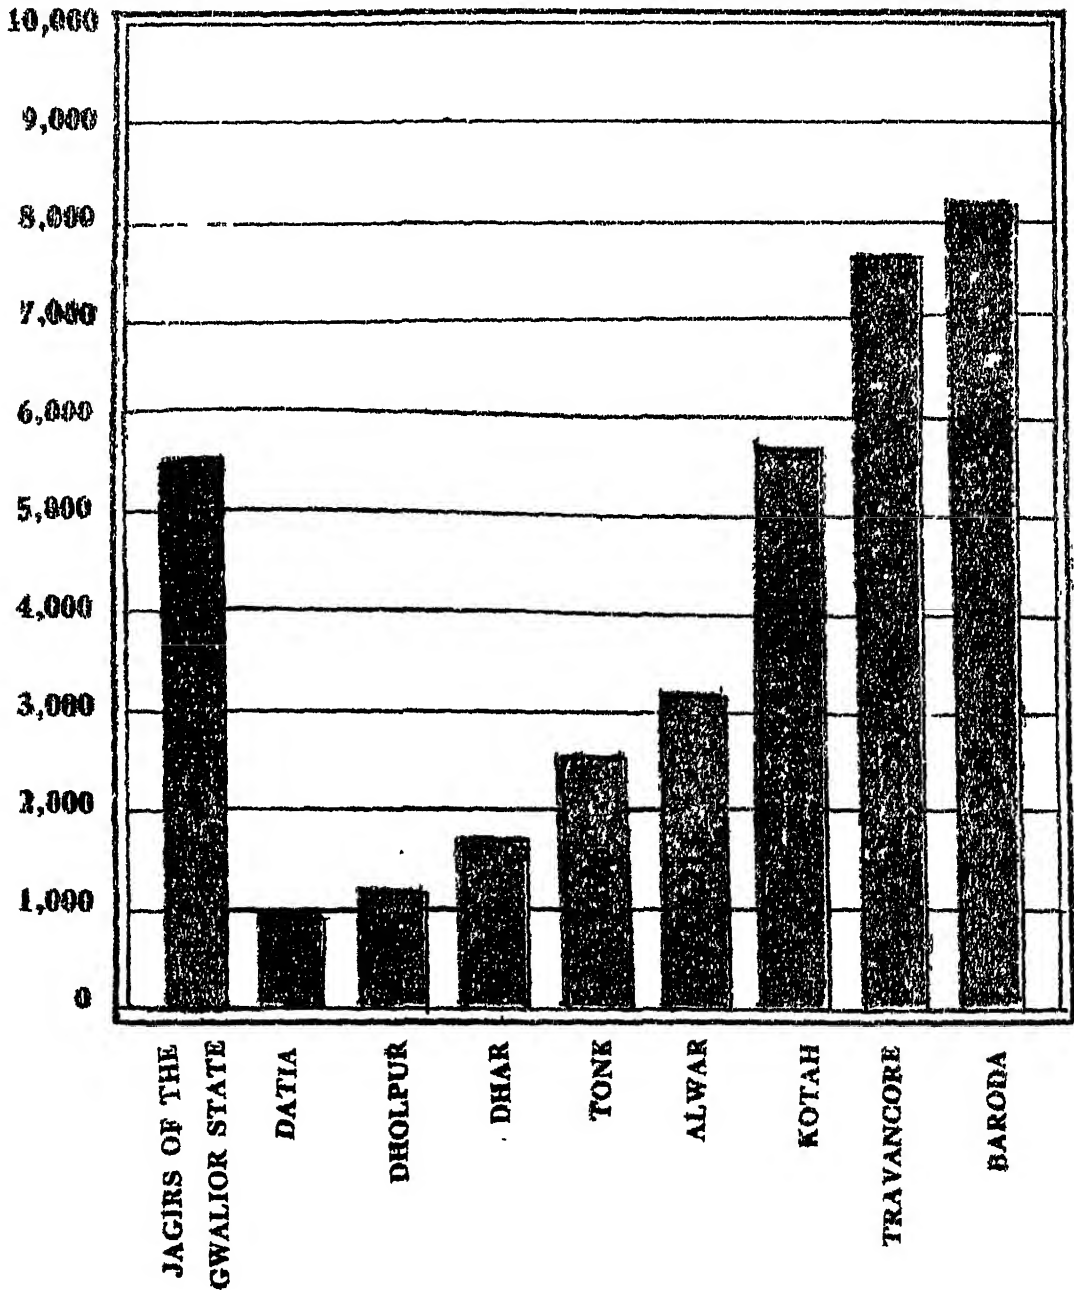

6. *State Dues*.—The amount of State dues receivable from the Jagirdars for the year under report was Rs. 7.82 lacs (Rs. 7.57 lacs Tanka and Rs. .25 lacs cesses). The recoveries stood at Rs. 6.33 lacs (including a sum of Rs. 25,994 in transit) leaving a balance of Rs. 1.49 lacs as arrears. The ratio of recoveries during the year under report comes to annas 13 in a rupee which, considering the general economic depression which affected the ryots of the Jagirs and ultimately the Jagirdars, appears to be satisfactory.

OF JAGIRDARS
by caste compared with
the proportion of area held by each caste.**

**DIAGRAM SHOWING THE AREA OF JAGIRS.
AS COMPARED WITH THE
TOTAL AREA OF OTHER STATES**

Area in
Sq. Miles

7. *Jagir Committee*—This is an advisory body comprising mostly of Jagirdars and constituted to help the Department in settling certain matters relating to Jagirdars. The constitution of the committee being unwieldy and defective the number of its members was reduced last year from 17 to 6. The committee held 4 meetings during the year. The following Jagirdars were appointed members of the committee :—

1. Sardar Chandroji Rao Sahib Angre.
2. Major-General Sardar Rao Raja Ganpat Rao Sahib Rajwade, C.B.E.
3. Raja Pancham Singh Sahib of Pahargarh.
4. Sardar Shree Mansoor Shah Sahib Bidkar.

I regret, the work done by the committee is not mentioned by Muntazim Jagirdaran in his report.

8. *Services rendered by Jagirdars*.—A committee of three Jagirdars was appointed to advise the Thakurani of Khandwa Bibi in the matter of adoption. Another committee consisting of Sardar Anand Rao Bhau Sahib Phalke and Raja Sahib Pahargarh was appointed to settle the case of Tanka arrears of Jagir Kalyani which is pending since long and both the parties complain about the delay. The Muntazim Jagirdaran should see that the matter is decided immediately.

9. *Supervision*.—Thikana Karangarh-Baroda was released from the supervision of Trustees. Both the Thikanas, Manpur and Silpari, remained under the direct supervision of the Department as heretofore while Torrajapura continued under the supervision of the Tehsil.

10. *Tanka*.—Cash annuities called “ Tanka ” payable annually by the Darbar to various Jagirdars amounted to Rs 58 thousands out of which Rs. 54 thousands were disbursed. The balance remained unpaid owing to the death of the recipients and the successions pending decision.

11. *Excise Compensation*.—Excise compensation payable in the year to the Jagirdars in lieu of their excise rights, which have been taken over by the State amounted to Rs. 43 thousands for the year under report, of which Rs. 40,000 were distributed during the year leaving a balance of Rs. 3,000 which is in abeyance, owing mostly to the deaths of the Jagirdars concerned.

12. *Annual Reports*.—Jagirdars holding lands yielding more than Rs. 10,000 per annum are required to submit their annual reports but it is much regretted that reports were not received from 19 of them. I hope, the Muntazim Jagirdaran will explain the Jagirdars concerned the usefulness and the benefits of sending annual reports and insist upon their complying with the orders of the Darbar.

13. *Education of Jagirdars' Boys*.—Fifty-nine boys of Jagirdars received education in the following institutions :—

Rajput Boarding House, Ujjain	43
Rajput Boarding House, Sardarpur	4
Rajput Boarding House, Chanderi	4
Police Training School	1
A. V. M. School, Morena	5
Brahmacharyashram, Shivpuri	2

14. *Scindia Public School*.—The present institution is the result of the reorganisation of the Sardars' School which was started by His late Highness in 1897 exclusively for the boys of Sardars and Jagirdars. This change was effected in 1933 with a view to bring it on the lines of an up-to-date public school.

It is necessary to point out that the real object cannot be attained unless efficient European staff is appointed. Until this is done, the public will have no confidence in the institution. The parents, nowadays, generally desire that their children should soon learn to speak English freely. The atmosphere for the realisation of the parents' desire will not be created without the provision of sufficient Europeans on the staff. It is high time for the Education Department to reconsider the whole scheme in this light, and put its views before the Darbar. The success of Public Schools, in British India, has been attained chiefly on account of the high standard of the staff they maintain. To achieve the same result we must have the same standard of staff.

Thirty-five boys of Jagirdars are at present receiving education in this institution. They are well looked after. The atmosphere of the school is very healthy for young boys especially in comparison with the surroundings in their Jagirs.

15. *Administrative Training* —The Darbar is not only content with spreading academic qualifications in its peerage but every possible facility is afforded to the budding Jagirdars in their acquiring practical experience in the various branches of administration. They are attached to the departments of the State and trained under experienced officials so that they may be able to do full justice to the position they already hold as Jagirdars as well as to any State office they may be appointed to, in future. The activities of the Department in this direction, during the year under report, will be seen from the following table :—

1. Sardar Deorao Bapu Sahib Jadhav.	Attached to Subat, Sheopur.
2. Sardar Anandrao Sahib Gujar.	Attached to Subat, Bhilsa.
3. Balwantrao Sahib Jinsiwale ..	Attached to the office of the Deputy Muntazim Jagirda- ran, Gwalior and Malwa.
4. Syed Izzatali Sahib Bidkar, Sanderia.	Attached to Tappa, Bhorasa.
5. Malharrao Algiwale ..	Attached to the office of the Deputy Muntazim Jagirda- ran, Gwalior.
6. Thakur Daulat Singh Sahib, Sukhera.	Attached to Subat, Ujjain.
7. Sardar Bala Sahib Ingle ..	Sent to Mysore for training in gardening.
8. Vipat Sahib	Attached to Home Depart- ment.

- | | |
|---------------------------------------------------|--------------------------------|
| 9. K. Jai Singh, son of Raja Sahib, Maksudangarh. | Attached to Home Department. |
| 10. Sardar Krishnarao Sahib Kadam. | Attached to Auquaf Department. |

Some of them are doing good work.

Survey and Settlement of Jagirs.

16. Survey and settlement work was completed in 14 Jagirs during the year under report, the number of villages being 31 and the area 1,74,280 bighas. This brings the total number of Jagirs surveyed and settled up-to-date to 478 comprising an area of 62 85 lacs of bighas in 2,366 villages.

On the cultivators of Sagore complaining about hardships imposed upon them by the Jagirdar, the Council was pleased to order that special Patta-bandi should be done in the Jagir. A special officer was, therefore, appointed and the work done under the supervision of the Settlement Commissioner.

The expenditure on the survey and settlement of Jagirs during the year amounted to Rs. 5,600 out of the sanctioned budget of Rs 10,000 and Rs. 4,708 out of the deposits.

The unspent balance of the amounts deposited by the Jagirdars for carrying on survey and settlement in their Jagirs amounted to Rs. 2,013 at the close of the year under review.

17. *General Remarks.*—The behaviour of the Jagirdars was on the whole very satisfactory save a few individual cases which were dealt with according to their merits.

The Muntazim Jagirdaran and his Assistants have done good work.

The Administration Report of the Department should henceforth be written in English.

Court of Wards.

Personnel.—Keshav Rao Balwant Dongre, B. A., Senior Member, Court of Wards.

1. *Early History.*—A peep in the archives of old Gwalior shows that the Department of Court of Wards owes its origin to the ‘Mahakma Sadar Superdanti’ created by His late Highness Maharaja Jayaji Rao Scindia in Samvat 1937 (A.D. 1881). It was given its present name in Samvat 1951 (A. D. 1905) when it was but a branch of the Huzur Darbar Office. In 1906 A. D. however, it was separated from the Huzur Darbar Secretariat and placed under a Board consisting of 4 members. The post of the Senior Member, Court of Wards, was created in 1912 to supervise the work of the Members and act as the Head of the Department.

This Department is indeed a complement of the Muntazim Jagirdaran Department, maintained as a separate unit to expedite matters. The holdings of such of the Jagirdars who die leaving minors or widows or who by encumbering their Jagirs with abnormal debts or acting high-handedly *vis a vis* their ryots prove themselves incapable of managing their affairs properly are taken under the supervision of the State and placed under this Department. It also serves as a punitive measure adopted for a Jagirdar's refractory behaviour, disobedience or misdemeanour.

2. *Administrative Changes.*—Mr. K. V. Kalevar, B.A., remained in charge of the Gwalior Section till November 1934 when he left the service and was replaced by Thakur Uttam Singh, B. A., LL. B., B. COM, who joined his duties in January 1935.

The charge of the Guna Section remained with Mr. Jagat Narayan Garg, B.A., LL.B., who was transferred to the Judicial Department in May and Mr. Shyam Swaroop Johri, B.A., LL.B., taken in his place. Mirza Aga Naim Beg continued in charge of the Ujjain Section throughout the year.

3. *Tour.*—During the year under report the Senior Member remained on special tour for 1 month and 29 days to inspect the properties of wards situated in the Deccan. He devoted 1 month and 21 days to his ordinary tour and inspected 22 Jagirs. Touring work done by the Members was as under :—

	PERIOD OF TOUR.		Jagirs inspected
	Months.	Days.	
Member, Gwalior Division	1	22	11
„ Guna Section	3	29	21
„ Ujjain Section—			
Ordinary tour	9	10
On enquiries	4	4	..

The report submitted by the Senior Member gives a very meagre description of the tours. It does not reveal the condition of the Jagirs inspected and the work done in the tours.

4. *Number of Jagirs under Supervision.*—The number of Jagirs under the supervision of the Department at the beginning of the year under report was 159. Thirty Jagirs with an income of 2.61 lacs were released while 33 with an income of 1.67 lacs were taken under supervision during the year under report. The number of Jagirs under supervision at the close of the year was 162. Out of these 156 were under direct and the rest under indirect supervision. Among the Jagirs released during the year, Garha and Sukhera deserve mention. Supervision of Garha was assumed by the Court of Wards when it was transferred to the State in 1921. The young Raja was educated at the Sardars' School (now the Scindia School). About Rs. 62,000 were spent on his and his three sisters' marriages and nearly Rs. 4,000 were spent on the repairs of his residence. The Jagir was surveyed and settled at a cost of about Rs. 9,000. The Jagir when released had a cash balance of Rs. 8,984-7-1 which was handed over to the Raja. There were Government Promissory Notes, as well, worth Rs. 7,000.

The Jagir Sukhera came under the supervision of the Court of Wards on the demise of the late Jagirdar in Samvat 1982 (A. D. 1926). His widow was permitted to adopt the present Jagirdar Daulat Singh, who passed his Matriculation from the Sardars' School. He was also given administrative training. The income of the Jagir increased from 55 to 60 thousand rupees per annum under the management of the Court of Wards. I am glad, the

4 Lacs

results are satisfactory I have every hope, young Daulat Singh would bring credit to his name.

5. *Collections*.—The total demand for the year under report amounted to Rs. 12,58,700. The collections amounted to Rs. 9,87,268 and the percentage of collection was 85.18 against 62.0 of the previous year. There were 99 per cent collections in 14 Jagirs while in others the average varied from 70% to 93.8%. The suspensions on account of fall in prices and seasonal calamities amounted to Rs. 99,680-8-9.

6 *Management and Supervision Charges*.—The charges for the management amounted to Rs. 2,36,393 exclusive of charges for the staff at Headquarters and at Headquarters of the Sections which amounted to Rs. 47,992. The income on account of percentage collections during the year was Rs. 50,940 against Rs. 48,665-8-3 of the previous year. I am afraid the time has come to reduce the expenditure on the establishment of the Department as many Jagirs are being released.

7. *Education of Wards*.—The number of wards studying at the Scindia School and other institutions during the year under report was as follows :—

Scindia School	25
Rajput Boarding Houses at Lashkar, Ujjain and Sardarpur					9
Other Schools and Colleges	18
					<hr/> 52

Besides these, 5 wards received administrative training and the Rajkumar of Raghogarh continued his studies at the Mayo College, Ajmer. He is reported to be doing well in his studies. The Principal, Mayo College, should be asked to kindly send six monthly report about the progress of the Rajkumar.

The total expenditure on the education of wards during the year under report was Rs. 65,000.

On the whole the boys at the Scindia School are doing well; the reports about their behaviour have given great gratification. But I am grieved to say, that the father of the young Jagirdar of Kharsod Khurd is very obstinate in not sending the boy to the Scindia School in spite of all facilities provided and warnings given. I cannot understand why the Senior Member has failed to mention the point in his report.

8. *Debts*.—I am really sorry to note that many of the Jagirs under the Court of Wards are head to heel in debts. The total amount of debts due at the beginning of the year was about 12.21 lacs of which 1.14 lacs were paid during the course of the year. I cannot understand how these Jagirdars will be free from debts in their lifetime. Many of the Jagirdars, in spite of having heavy debts approach for more loans, and when their applications are rejected, they express great disappointment. In such matters popularity is always available and at a cheap rate but it is certainly not worth having. One must discourage giving loans to the best of one's power and avoid unnecessary expenditure on marriages. This is the policy I am pursuing. Debt is a great evil and its consequences, in the interest of Jagirdars, are very serious.

9. *Agricultural and other Improvements*.—The total expenditure on various improvements aggregated to Rs. 12,756-6-9 during the year against

Rs. 14,731, the figure for the preceding year. Out of the total expenditure, a sum of Rs. 10,273-6-9 was spent towards construction and repairs of residential buildings; the remaining amount of Rs. 2,483 includes sums spent on agricultural and other improvements. Twelve regular seed depôts and a few granaries were maintained during the year and about 2,900 bighas of fallow land were brought under the plough. This is not enough and I can say that the Superintendents are not taking pains to bring more land under cultivation.

The income from forest produce showed a gradual increase in the Guna Division. Plantation of Sandal-wood introduced in the forests of Hatnara proved profitable; 100 trees were sold for Rs 700. If interest is taken I am sure, Sandal trees would bring more money. The Section Member should immediately visit this spot and do the needful. Efforts should also be made to plant Sandal trees in other Jagirs adjoining Hatnara.

10. *Medical Relief*.—Out of the Thikanas under Court of Wards, allopathic dispensaries were maintained at Raghogarh, Bahadurpore and Parone. The total expenditure on them during the year under report amounted to Rs. 4,837.

Medicine chests were maintained at Mungod and Manpore and patent medicines distributed free to the ryots. Ayurvedic dispensaries were maintained at Pipliya and Sagore. The following table gives an account of the working of the above institutions :—

	Number of patients treated	OPERATIONS.		Injections	Vaccination	AMBULANCE TRAINING	
		Major.	Minor			Students trained	Passed.
Raghogarh ..	11,943	5	521	135	781	15	7
Bahadurpore ..	10,147	2	108	2	..
Pipliya	1,788
Sagore	9,918

The dispensary at Parone is too poor and has but a nominal existence. Only the other day the young Raja fell ill, and there was not a single competent hand to look after him. I don't see any use of keeping such dispensaries. Encouragement should be given to Ayurvedic institutions.

11. *Schools*.—There were 67 primary schools in the Jagirs under Court of Wards during the year under report—20 financed by the State while the rest run by the Jagirs either out of their revenues or from the income from "One anna per rupee cess." A. V. M. Schools were maintained at Raghogarh and Pipliya while Girls' Schools were maintained at Raghogarh, Pipliya, Bahadurpore and Sagore. More attention should be paid in securing competent teachers for the schools.

12. *Rural Uplift*.—Nothing of importance except the construction of a few wells in Guna Division has been mentioned by the Senior Member under this head of his report. I am not satisfied with these results. Earnest efforts should be made and substantial work done to gain the real object.

13. *Co-operative Societies and Agricultural Loans*.—Co-operative credit societies in Raghogarh and Bahadurpore Jagirs have worked well. The

number of these societies is 118 and the capital Rs. 1,17,102. Their total collections during the year under report amounted to Rs. 11,000. The amount invested during the year was Rs. 80,000. The Taccavi outstandings at the beginning of the year under report amounted to about Rs. 21.9 thousands out of which Rs. 4,000 were realised during the course of the year.

14. *Investments*—The total investments of the various Thikanas under the Court of Wards in Stocks, Government Promissory Notes and Postal Cash Certificates, etc., aggregated to about Rs. 12.91 lacs including sums amounting to about Rs. 28,000 lodged as fixed deposits in the Krishnaram Baldeo Bank.

The account given by the Senior Member under this head is vague. It does not help one to form any opinion as to how much interest was derived from investments, whom the investments belong and which of them are safe or otherwise.

15. *General*.—I agree with the Senior Member that the condition of agriculturists has suffered owing to fall in prices of grain. The Senior Member has mentioned in his report that the accounts of 68 Jagirs were audited by the auditor of the Finance Department. The results of audit have not been stated. In the last year's report the condition of accounts was shown by him to be in a state of chaos. It was important to show the improvement made during the year.

It is gratifying to note that there was only once case of embezzlement—that at Dattigaon—during the year under report. The culprit has been awarded 6 months' rigorous imprisonment.

16. *Remarks*.—The work of the Court of Wards was found to be in a better condition than it was last year and the Senior Member has done his part well; but, much still remains to be done. The chief defects which are still noticed are as follows :—

- (1) The despatch of business is slow
- (2) Orders issued from higher authorities take long time to reach their destination.

I hope, efforts will be made to check these evils

Muafis.

Personnel.—Mr. E. N. Deo, Muafi Commissioner.

Thakur Surya Kumar Verma, Muafi Officer.

1. *Early History*.—It is an old practice to grant cash allowances or plots of rent-free lands in lieu of certain services rendered. Such grants are termed as Muafis; the grantees are called Muafidars. Grants made for performance of duties pertaining to places of worship are called Deosthani Muafis, while those made for maintenance or other religious duties are called Dharmadaya.

To look after and exercise control over the Muafidars a separate Department was established in, as early as, 1861 A. D. A committee was appointed in 1897 to make an enquiry of all the Muafis, and rules were framed in 1899 to deal with matters relating to them. These rules were revised in 1912 and again during the year under report.

2. *Tour*—The Muafi Officer toured for 63 days in 5 Districts and inspected 227 Devasthanas. He worked hard and appears to have devoted his time usefully.

3. *Cash Muafi Grants*.—The number of cash Muafi holders at the beginning of the year was 1,491 and the grants held by them amounted to Rs. 4,43,890. Three hundred and twenty-three grants aggregating to Rs. 47,164-0-6 were discontinued while 3 fresh grants of Rs. 328-9-3 were added to the roll during the year. The number of grants at the close of the year was 1,171 amounting to Rs. 3,97,055-1-2. At the end of the last year the number of conditional grants was 98, their total emoluments amounted to Rs. 48,503-12-6. Six grants totalling Rs. 23,079 were discontinued during the year thus leaving at the close of the year 92 incumbents with their grants amounting to Rs. 25,424-12-6.

4. *Compassionate Allowance*.—Out of the recurring grant of Rs. 20,000 allotted by the Council to be paid as compassionate allowance to the deserving heirs of deceased Government servants, 34 grants were made during the year amounting to Rs. 8,532. At the close of the year there were 85 persons receiving an amount of Rs. 15,066.

5. *Land Muafis*.—Land Muafis of 5,599-18-0 bighas were resumed during the year on account of the Muafidars having defective Sanads or no Sanads at all.

6. *Expenditure*.—The total expenditure of the Department during the year under report was Rs. 5,45,351-6-10, the corresponding figure for the last year being Rs. 6,33,362-9-1½.

7. *Mutation Cases*.—Three hundred and seventy-six mutation cases were pending disposal at the close of the preceding year, 242 cases were instituted in the year under report, while 435 were disposed of, thus leaving a balance of 183 at the close of the year.

A committee was appointed last year to revise the form prescribed for mutation cases. The revised form has been brought into force during the year under report. This has helped the quick disposal of cases.

8. *Scholarships*—Out of the interest of the funds deposited for the education of the sons of Muafidars a scholarship of Rs. 8 per month was extended for a year to Shivdattagir, disciple of a Muafidar.

A scholarship of Rs. 15 p.m. was granted to each of the two sons of the Kazi Sahib of Amjhera to enable them to prosecute their studies at Lucknow.

Religious Endowments.

1. *General*.—With a view to supervise the large number of public places of worship scattered throughout the State, and see that they are properly managed and maintained in good condition, the Religious Endowment Act was promulgated and enforced in 1914 and a Trust was founded with a donation of Rs. 15 lacs from the Government. Following this a Central Auquaf (Religious Endowment) Committee came into being at the capital and District and Pargana Committees were established throughout the State. These committees have been invested with powers to control persons receiving grants or cash allowances from the Government and to discontinue the grant in cases where mismanagement of places of worship may be detected.

2. *Personnel*.—The undersigned remained as *ex-officio* President of the Board of Trustees throughout the year. Keshava Lal Sahib and Raghunath Rao Joshi continued as President and Secretary, respectively, of the Central Committee. Sardar Krishna Rao Kadam was appointed as the Honorary Assistant Secretary.

3. *Important Orders*.—Circular No. 4/91 Home Department was issued to the effect that Deosthani cash Muafi grants ordered to be discontinued for want of proper Sanads but not yet eliminated from Muafi budget as well as those that may henceforward be ordered to be discontinued should in future be transferred to the Auquaf Department for the maintenance and upkeep of the Deosthans concerned. Similarly, the Deosthani Land Muafis ordered to be resumed on the same grounds should also be transferred to the Auquaf Department, instead of being treated as Khalsa, to be utilized towards the management of the Deosthans concerned.

Section 3 of Religious Endowments Act, Samvat 1983, was amended by the Council Resolution, dated the 24th August 1934, to the effect that in future the President, Central Mazhabi Auquaf Committee, will be authorised to decide as to whether the endowments offered to meet the annual expenses of repairs and maintenance of new proposed public places of worship are quite sufficient to meet the demands and that no permission to start or erect new places of worship will be given unless the Waqfnama is registered according to the decision.

4. *Work of Auquaf Committees*.—The Central Committee held 14 meetings during the year and out of 50 sub-committees 16 held more meetings than ordinarily required. The working of the Pargana and District Committees was reported to be on the whole satisfactory. It was due to the efforts of sub-committees that 9 places of worship that were so far neglected were restored to better condition. Repairs to nearly 20 places of worship were undertaken by the sub-committees of 4 districts and the cost was met by subscription raised from the public.

5. *Disposal of Cases*.—There were 1,006 cases for disposal at the beginning of the year. 783 were instituted during the year thus bringing the total to 1,789 out of which 1,037 were disposed of leaving a balance of 752 at the close of the year.

6. *New Nemnooks*.—New yearly allotments were granted to 6 Deosthans aggregating to Rs. 326. The total number of such allotments was 55 amounting to Rs. 17,443 at the close of the year under review.

7. *Repairs to Public Places of Worship*.—Out of the provision in the budget Rs. 10,942 were sanctioned for repairs to 26 places of worship. The Council of Regency were also pleased to sanction Rs. 7,853-9-1 for repairs to 25 places of worship from "Shree Jayaji Rao Maharaj Parmarthik Fund." Repairs to two temples were done from the savings of their respective allotments.

8. *Expenditure*.—The expenses of this Department are met from the proceeds of interest of the Auquaf Fund. Owing to trade depression the income from interest fell very much and the budget of the Department amounting to Rs. 1,32,796 was quite insufficient to meet the requirements. The Council of Regency were pleased to sanction during the year an annual grant of Rs. 20,000 out of which Rs 5,000 were allotted for Nemnooks and Rs. 15,000 for repairs to Deosthans. Out of the total budgetted amount of

Rs. 1,52,796, Rs. 1,41,036-10-6 were spent during the year leaving a balance of Rs. 11,760-5-6.

9. *Remarks.*—The Department needs more push, vigour and money and unless these defects are removed I am afraid the real object for which the Darbar created this Department cannot be attained.

According to the Census Report of 1931 the number of Paristishgah (places of worship) is 53,000 out of these, there are only 12,856 Paristishgah that are allotted cash or land Muafis by the Government and 3,138 that are being assisted by this Department. There remain 37,014 Paristishgah which have no grants of any kind.

There are 30 members of the Central Committee. Such a bulky committee cannot be expected to do any useful work. The number must be cut down.

The President and the Secretary have no powers which are essential for the discharge of their duties.

In the year under report, efforts were made to put a new life in the working of this committee, with the result that the repair works sanctioned have often been finished.

I have appointed a committee to put forth suggestions for the re-organisation of this Department.

Public Works.

Personnel.—Dr. Y. G. Apte, Administrative Officer (up to 22nd October 1934).

Rai Bahadur S. N. Bhaduri, B. A., C. E., M. I. E.
Chief Engineer (22nd October 1934 to the close of the year).

1. *Administrative Changes.*—Dr. Y. G. Apte, Administrative Officer, Public Works Department, held the charge of the Department till 22nd October 1934 when he was retired on pension. The post of Administrative Officer having been abolished, the Head of the Department was designated as Chief Engineer, Public Works Department. Rai Bhadur S. N. Bhaduri, B.A., C.E., M.I.E., Technical Adviser, was appointed on this post. He held the charge of the Department for the remaining period of the year.

2. *General.*—The main function of the Department is the construction and maintenance of Roads and Buildings.

3. *Tour.*—The Chief Engineer was out on tour for 168 days which is satisfactory.

4. *Roads.*—There were 2,174 miles of roads in the charge of the Department at the beginning of the year. Six new roads of 40 miles were completed and opened for traffic during the course of the year under report making the total length 2,214 miles at the close of the year. A sum of Rs. 1,16,552 was spent on construction and Rs. 6,66,792 on the maintenance of roads during the year. This works out to Rs. 301 per mile.

Six roads were under progress during the year. I am, however, compelled to remark that the progress is not up to the mark and it ought to be more satisfactory than what it is at present.

5 *Bridges, Culverts and Causeways*—Rs 2,48,371 were spent on the construction and Rs. 58,039 on the maintenance of the bridges, culverts and causeways. It has invariably been pointed out by me that wherever Rapats are troublesome they should at once be attended to and set right. It is no use making a road when it is blocked up. I have noticed that the important road between Ujjain and Barnagar is mostly blocked up during rains. Rapats on Narwar-Satanwara road are bad.

Guards and drains on roads were constructed at a cost of Rs. 28,191.

6. *Dak and Inspection Bungalows*.—The Department maintained 88 Dak and Inspection Bungalows and Rest Houses and 42 Encamping Grounds at an expenditure of Rs. 21,110. The expenditure incurred on nurseries amounted to Rs. 14,411 as compared with Rs. 17,047 of the preceding year, while the income from them amounted to Rs. 2,832 as against Rs. 2,160 of the last year.

7. *Motor Service on Roads*.—It has been referred that on a number of roads motor services were plying but what effect they had on the maintenance of roads has not been pointed out.

8. *Palace Buildings*.—Works in connection with Palace Buildings amounting to Rs. 8,914 were done by this Department on the requisition of and payment by Household Department. Besides this Rs. 670 were spent on Palace Works from Darbar Grant.

9. *Buildings*.—The total amount spent during the year on the construction of new buildings excluding Palace Works, Inspection and Dak Bungalows was Rs. 4,98,110 while the amount spent towards maintenance, additions and alterations was Rs. 2,85,544. Under this head one notices that the Department had to do good amount of work at many places. It is necessary, therefore, to push up these works.

Out of the buildings that were either completed or were under progress during the year, the following deserve mention.—

				Amount spent during the year.	
				Rs.	
1.	Scindia Ghat at Benares	1,23,902
2.	T. B. Ward and Maternity Ward and other works at J. A. Hospital	60,525
3.	School at Barnagar	35,053
4.	Staff Quarters at Ujjain Hospital	23,184
5	Police Station, Madhoganj, Lashkar		20,174
6.	Police Station, Basoda	18,532
7.	Branch Dispensary, Ujjain		17,559
8.	Police Station at Ghatigaon		16,572
9.	Police Station at Shamsabad		16,076
10.	Record Room at Motimahall		14,671
11.	Dispensary at Shamsabad				14,038
12.	Police Station, Jiwajiganj, Ujjain		12,731
13.	Shops in Mela Ground, Lashkar		11,720
14.	Hospital at Susner	9,515

10. *Rentable Buildings*.—The income from these buildings amounted to Rs. 30,187 against Rs. 32,326 of last year. The total expenditure on the maintenance of these buildings during the year was Rs. 19,986.

11. *Income and Expenditure*.—The total income of the Department during the year under report from Road Tax, House Rent and various other heads was Rs. 1,13,812 as compared with Rs. 1,61,000 of the previous year. Under Miscellaneous Head one gets the figure of Rs. 8,895, one would like to know the particular items under this head. They ought to have been mentioned by the Department.

Last year the income under Miscellaneous Head was Rs. 57,985. The Chief Engineer has tried to explain the striking difference by saying "The increased figure is due to the transfer of deposits, etc., to the Finance Department." But one cannot understand his remark.

The total amount allotted for the year was Rs. 36,43,286 and estimates were sanctioned to the full amount. The actual expenditure was Rs. 24,11,849 and is considerably less. The actual expenditure comes to about 66%. The reason of this difference, advanced by the Department, is that estimates were sanctioned to the full amount of the allotment but the large works took more than one year, carries no value.

12. *Establishment*.—The amount spent during the year on roads, buildings and survey establishments aggregated to Rs. 1,71,538 being 6.1% of the total expenditure. The corresponding ratio for the preceding year was 7.91.

13. *Contracts and Contractors*—It is gratifying to know that almost all the contractors were residents of the State.

14. *General Remarks*.—I hope efforts will be made to bring Parbati Bridge to speedy completion. It is fine to read the remarks of Mr. K. G. Mitchell, C.I.E., Consulting Engineer to the Government of India. The time has come when the Department should see that important roads are asphalted as soon as possible. Efforts should be made to find out money for this project. I have given my idea to the Chief Engineer that those roads which join the Capital as well as Ujjain should be early asphalted.

Medical Relief and Public Health.

Personnel.—Major Sohrab. S. Antia, Chief Medical Officer and Sanitary Commissioner.

1. *Administration*.—The Medical Department is under a Chief Medical Officer who carries on the administration with the help of the staff given to him. There are six Superintendents of Dispensaries under him who inspect and exercise control over the hospitals and dispensaries in their respective jurisdictions. There is also a Lady Superintendent to inspect the maternity homes and child-welfare centres. The important institutions at headquarters are under the direct control of the Chief Medical Officer.

2. *Tour*.—The Chief Medical Officer remained on tour for 45 days and inspected 18 hospitals and dispensaries out of a total of 122 situated in the districts. He also attended the All-India Medical Congress at Delhi.

The Circle Superintendents of Gird, Shivpuri, Bhind, Guna, Ujjain and Mandsaur toured respectively, for 31, 36, 49, 43, 48 and 30 days and inspected

besides the institutions in their jurisdictions, sanitary conditions in 20, 51, 24, 28, 33 and 25 villages, respectively.

The Lady Superintendent, Maternity Homes, was on tour for 24 days and visited 9 out of 15 maternity homes and 2 out of 3 child-welfare centres.

Three months period prescribed in the Medical Manual for the Chief Medical Officer's tour has been reduced, owing to financial stringency, to 6 weeks. It is too short to enable him to inspect a sufficient number of institutions. The periods allowed to the Superintendents of Dispensaries and the Lady Superintendent of Maternity Homes are also insufficient and should be increased.

3. *Medical Institutions and Officers*—Among the institutions maintained during the year there were 6 hospitals and 113 dispensaries including 3 Unani and 31 Ayurvedic and 20 Jagir dispensaries. J. A. Hospital, Ujjain and Mandsaur hospitals, and Janakganj (Lashkar) and Morar dispensaries are classed among special institutions. The hospitals at Bhind, Shivpuri and Guna and the dispensaries at Bhilsa, Khachraud, Badnagar, Shajapur and Agar belong to the first class.

In the Jaya Arogya Hospital Dr. G. V. Nabar, L.M. & S., worked as Surgeon-in-Charge and Dr. Bhagwat Sahai, M.D. (Luc.) as Senior Physician, Dr. Shankerlal Gargya, L.R.C.P. (Lond.) and M.R.C.S. (Eng.), worked as Junior Physician and Dr. J. L. Razdan, M.B.B.S. (Luc.), D.T.M. & H. (Lond.), D.M. R.E. (Cant.), L.R.C.P. & S. (Edin.), L.F.P. & S. (Glas.), as Radiologist. There were 4 other M.B.B.S. doctors and 7 sub-assistant surgeons in different sections of the hospital on the male side. In the female section of the hospital Miss C. A. Pooviah, M.B.B.S., worked as Lady Doctor assisted by 2 lady sub-assistant surgeons.

Capt. G. L. Khirwadkar, M.B.,B.S. (Bom.), D.O.M.S. (Lond.), F.R.E.P.S. (Eden.), F.R.F.P.S. (Glas.), Superintendent of Dispensaries, Ujjain Circle, was also in charge of Ujjain Hospital as Senior Medical Officer and there were 3 other M.B.B.S. doctors and 5 sub-assistant surgeons in the male side. Miss P. P. Dalal, L.M. & S., was in charge of the female section and was assisted by 2 other lady sub-assistant surgeons.

The male staff of the Department comprised of 19 doctors of M.B.B.S. and higher qualifications and 69 sub-assistant surgeons. In the female staff there were 6 lady sub-assistant surgeons and 2 lady doctors of higher qualifications.

4. *Medical Relief*.—The number of patients treated at all the hospitals and dispensaries during the year was 13,41,092, of these 12,695 were intern and 13,28,397 were extern. The corresponding figures for the previous year were 12,315 and 13,33,374. The figure for the year of report comprises of 6,83,931 men, 2,27,821 women, and 4,29,340 children. The following decennial figures show the continuous increase in the number of persons getting relief from the State institutions :—

Year.	Total number of patients treated.
1904-05	1,65,230
1914-15	4,15,384
1924-25	8,27,305
1934-35	13,41,092

Out of the diseases treated during the year malaria (1.99 lacs) claims the largest number, next in order are diseases of the eye (1.60 lacs), diseases of digestive system (1.58 lacs), skin diseases (1.47 lacs), diseases of the respiratory system (1.19 lacs), and dyspepsia (1.17 lacs)

Fifty thousand eight hundred and sixty-nine operations were performed in all during the year. Of these 3,736 were major and 47,133 minor. Out of the patients operated there were in all 83 deaths. The percentage of mortality being 0.16. 50,452 operations in all were successful.

Special Institutions.

5 *J. A. Hospital, Lashkar*—The total number of in and out patients treated declined during the year to 4,033 and 69,569 respectively as compared with 4,174 and 76,384 of the previous year. 1,144 major and 3,248 minor operations were performed during the year against 1,142 and 3,673 of the last year

Six hundred and twenty-nine cases were admitted in the maternity section against 678 of the previous year. The decrease was due to want of accommodation. The construction of an additional maternity ward was nearing completion at the close of the year and the long-felt want of accommodation would be relieved to a great extent. Out of the total number of 583 deliveries 349 were normal and the rest abnormal. Obstetrical operations were required in 64 cases, the maternal mortality was 7 and foetal mortality 18.

Twelve thousand four hundred and seventy-three pathological and other specimens were examined in the Laboratory of the Hospital, 21 auto-vaccines and 6,890 c.c. of stock vaccines were prepared. Out of 1,645 blood films examined for malarial parasite only 40 were reported positive. There were 58 positive reports on the detection of meningococci in the turbid cerebro-spinal fluid. Wasserman's re-action was done in 427 cases and Kahn's test in 349. Injections of vaccine, sera and other preparations were given in 5,247 cases against 3,151 in the previous year.

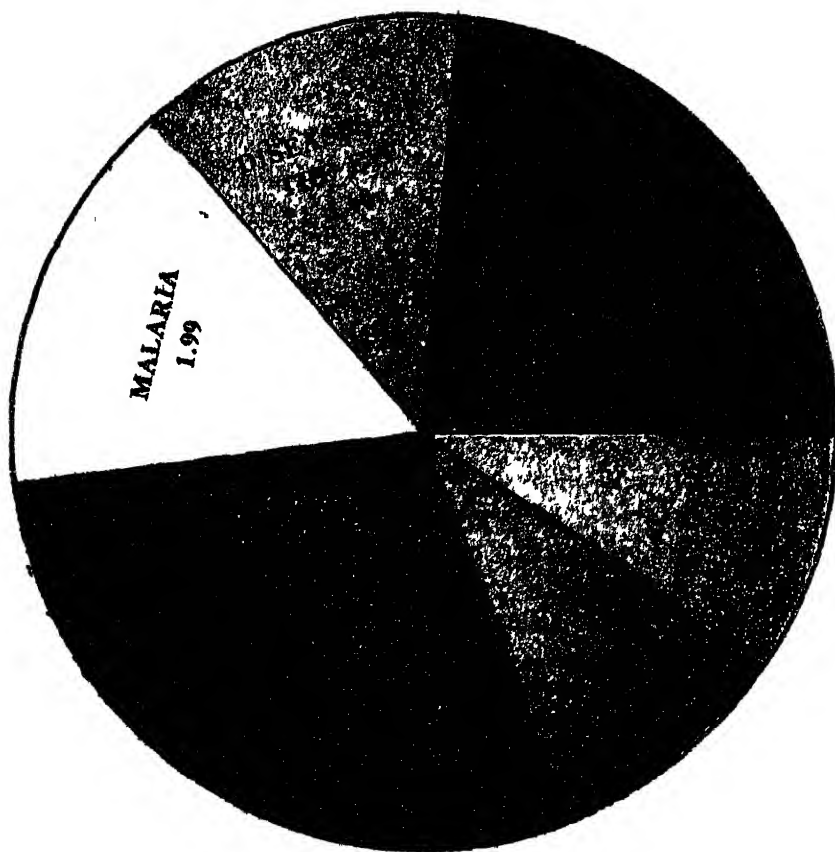

In 20,917 cases X-ray therapy was used as compared to 18,010 of the last year. 918 skiagrams were taken as compared to 733 of the last year. 1,421 cases as compared to 850 of the last year were treated with superficial X-ray therapy. 7,515 cases against 9,727 of the previous year were given exposures of ultra-violet rays.

The total number of in-patients in the eye section was 291 as against 326 of the previous year. The total number of retinoscopies was 189 as against 441 of the previous year. The number of out-patients was 5,827 against 8,700 of the previous year. There is a great need of a well equipped eye hospital in Lashkar.

The number of patients treated in the dental section was 7,685 against 3,942 of the previous year while the number of operations performed was 1,843 as against 2,037 of the last year. In the ear, nose and throat section 4,996 out-patients were treated as against 5,686 of the last year. This section must be conducted by experts and it would be a great boon to the public if experts are provided in the new scheme.

Five hundred and nineteen cases against 490 of the previous year received anti-rabic treatment.

DISEASES OF PATIENTS TREATED IN 1934-35.
NUMBER OF PATIENTS SHOWN IN LACS.

6. *Ujjain Hospital*—Two thousand and sixty in-patients and 50,499 out-patients were treated during the year. 710 major and 3,636 minor operations were performed. 532 cases were conducted in the maternity section of which 45 were abnormal.

Five thousand five hundred and twelve specimens were examined in the laboratory. Out of the 245 blood smears examined for M. P. 50 were positive 345 blood specimens were examined for Kahn's test. 84 specimens were examined for Widal. 47 auto-vaccines were prepared.

In the X-ray section 968 skiagrams were taken, 2,201 screenings and 8,648 electro-therapeutic applications or exposures were given as against 171 skiagrams and 1,898 screenings and 9,419 electro-therapeutic applications of the previous year

7. *Leper Asylum, Ujjain*.—There were 16 cases at the beginning of the year and 70 were added during the year. Out of these 15 were cured or improved, 19 discharged otherwise, 10 died and 42 were undergoing treatment at the close of the year. The daily average was 26.

8. *Mental Asylum, Lashkar*—At the beginning of the year there were 59 inmates (50 males and 9 females). 47 males and 7 females were admitted. 56 males and 5 females were discharged during the year leaving 41 males and 11 females in the Asylum at the close of the year. The daily average was 61.58.

9. *Home for Invalids and Incurables, Lashkar*—To the six inmates of the last year 10 new ones were added during the year. Out of these, 2 were discharged, 6 died and 8 remained at the close of the year.

10. *Ayurvedic and Unani Dispensaries*.—Sixty-seven thousand seven hundred and twenty-one patients were treated at the municipal Ayurvedic dispensary at Lashkar and 18,165, 23,507 and 23,106 at Jinsi, Gwalior and Morar branches, respectively. 20,779 patients were treated at the municipal Ayurvedic dispensaries at Ujjain.

One thousand six hundred and seventy-four minor operations were performed at the Ayurvedic dispensaries as compared to 756 of the previous year. 15,439 out-patients as compared with 12,266 of the preceding year were treated in 2 Unani dispensaries mentioned by the Department. In 26 Ayurvedic dispensaries 1,66,035 out-patients were treated as compared with 1,65,565 of the last year. Out of the total number of 1,81,474 patients treated in Ayurvedic and Unani dispensaries 47,264 were females.

11. *Ayurvedic and Unani Pharmacy*.—Rameshwar Shastri continued as Superintendent of the Pharmacy. 1,101 patients were treated with Ayurvedic and 1,500 with Unani medicines at this institution. The Pharmacy is run on business lines. There was a profit of Rs. 3,896-10-0 during the year as compared to Rs. 3,798-11-3 of the last year. The work done by Rameshwar Shastri is creditable. Every encouragement should be given to this institution.

12. *Indigenous Drugs*.—3,51,667 patients in all were treated with indigenous drugs during the year as compared to 3,42,217 of the previous year.

Child-Welfare and Maternity.

13. *Dais and their Work*.—74 Dais attached to various medical institutions conducted 3,097 labour cases and attended to 728 gynæcological cases

The same number of Dais conducted 4,518 labour cases and attended 1,057 gynaecological cases in the previous year. The fall of 1,421 in the number of labour cases is not explained in the report. The average of labour cases conducted comes to about 92 per Dai and is very poor.

Fifty-six Dais were trained in Dais training classes at Lashkar Ujjain, Shajapur and Barnagar.

The indigenous Dais at Lashkar, Morar and Gwalior reported 3,790,931 and 271 deliveries, respectively, conducted by them against 3,201, 1,014 and 252 during the previous year.

In the two maternity homes at Lashkar (Laxmiganj and Madhoganj) 181 and 263 cases, respectively, were admitted during the year of which 21 and 31, respectively, were abnormal labours. In the 220 cases admitted in Morar Maternity Home 28 were abnormal while of the 271 admitted in Gwalior Maternity Home 10 were abnormal.

The Lady Superintendent, Maternity Homes, and health visitors gave necessary advice to the mothers while going on visit. Mothers were also advised to send the unhealthy children to the Baby Clinic which was specially opened in the Laxmiganj Maternity Home where the daily average of attendance was 18.

14. *Ante-natal Work*.—2,662 cases were visited for ante-natal work out of which the Lady Superintendent visited 1,086 and health visitors 1,576. The local health visitors visited 1,090 cases in the Morar centre and 289 cases in the Gwalior centre.

In the two maternity homes at Ujjain 532 cases were admitted of which 45 cases were abnormal.

In the maternity homes at Mandsaur, Bhilsa, Guna, Bhind, and Shajapur 103, 48, 25, 36 and 56 cases, respectively, were admitted during the year.

In all the 15 maternity homes 1,963 cases were admitted during the year of which 185 were abnormal.

Health and Baby Weeks and Health Exhibitions were organised at Ujjain, Agar, Bhind, Morena, Shivpuri and Bhilsa under the auspices of Shree Jija Maharaj Bal Rakshak Sabha.

I am thoroughly dissatisfied with the whole machinery. It gave me great pain when I visited the Home at Lashkar, the Headquarter of the State. There is no use showing figures unless real work is done in the interest of the public. The number of cases treated is inadequate. The work done in districts is unsatisfactory.

15. *Ambulance*.—Eighty-seven classes (excluding those conducted for training military units) in first-aid were held during the year. Out of the 1,273 candidates trained in these classes 43 passed for certificates, 176 passed for junior certificates, 3 for vouchers and 2 for medallions.

Public Health.

16. *Vaccination*.—The total quantity of lymph prepared at the Vaccine Lymph Depôt at Shivpuri during the year was 4,802.75 grams of which 4,392.5 grams of lymph was issued to State vaccinators and institutions. 208.17 grams of lymph was sold for Rs. 223-3-0. Seventy-one bacteriological exami-

nations of vaccine lymph were done during the year. The total number of vaccinations done during the year was 83,831 as against 87,321 of the last year.

17. *Vital Statistics*.—There were 56,719 births and 47,962 deaths in the districts as compared with 68,071 births and 39,173 deaths in the previous year.

In municipal towns there were 9,747 births and 7,663 deaths against 10,886 births and 7,065 deaths in the previous year.

18. *Epidemics*.—Cholera broke out in 43 villages of Shajapur District and in 10 of Ujjain. Total seizures were 2,467 and deaths 1,156. Prophylactic, anti-cholera inoculations were given to 14,203 persons. In Narwar District there were 1,517 seizures and 781 deaths. In Esagarh District anti-cholera inoculations were given to 17,740 persons.

Smallpox broke out in Bhind, Narwar, Sheopur, Bhilsa Esagarh and Mandsaur Districts. The number of seizures was 1,658, 174, 242, 113, 104 and 218 and the number of deaths was 440, 33, 63, 25, 35, and 19, respectively.

Twenty-nine cases of cerebro-spinal fever were admitted in Jaya-Arogya Hospital of which 11 died.

Thirteen cases of diphtheria were reported in the year at Lashkar.

19. *Village Improvement and Rural Sanitation*.—To see towards cleanliness and sanitation of villages and to provide at State expense the means of water supply where it was scarce, were, since long, the duties of Pargana Revenue Officers and consequently a considerable number of wells and tanks were constructed by the Revenue and Irrigation Departments for drinking purposes of villagers and their cattle.

Need was felt later on of having a separate organization to carry out the necessary measures systematically and on scientific principles. His late Highness accordingly allotted 10 years ago a fund of Rs. 15 lacs for the purpose and entrusted the work to the then Chief Medical Officer and Sanitary Commissioner. A scheme was framed which was sanctioned by the Council of Regency in December 1926. Operations planned out in this scheme were in two main directions. Construction of wells was to be undertaken in the first instance. The other things to be done side by side included an extensive propaganda to awaken in village people a liking for clean and healthy surroundings and give them lessons on scientific and practical ways of prevention of epidemics and preservation of health. An yearly budget of recurring expenditure amounting to Rs. 60,000 was sanctioned and a non-recurring grant of Rs. 6,000 was allotted for the necessary equipment. To begin with, two Districts—Bhind and Shajapur—were chosen where operations were started in Samvat year 1983 (1926-27).

After about six years it was found necessary to revise the scheme with a view to achieve better results. The Council of Regency, therefore, appointed at the beginning of the year of report (July 1934) a committee comprising of 3 of the Government Members (Home, Education and Finance) to examine the past working and suggest measures for improvement. After making necessary enquiries and consultations with the officials concerned the committee submitted their recommendations which were mostly approved by the Council in the following month.

The important modifications made in the revised scheme aimed at having the greatest possible amount of substantial work done with the allotted funds. In view of the fact that in a considerable number of villages people still experienced very great difficulties in procuring fresh water for drinking, it was deemed most essential to utilize as much money as could be available for sinking new wells and restoring old ones. An amount of Rs 50,000 was, therefore set apart in the budget to be spent every year exclusively on these works. To provide this amount, reduction had to be made in the establishment charges which were found too high. The execution of works was entrusted to the District Boards who were well acquainted with the local conditions and needs. District Engineers of the Irrigation Department were asked to supervise these works and the Superintendents of Dispensaries were made responsible to see that they are done on right lines from a sanitary point of view. A sum of Rs. 2,500 was provided in the budget to be given as an encouragement to such of the village people who came forward voluntarily to do some good work intended to improve the sanitary condition of the village. As the funds available were small, the revised scheme was put into operation in two districts only, Shajapur and Gird.

The working of the scheme during the years prior to its revision was found to be unsatisfactory as will appear from the following observations which I made in the last year's Administration Report :—

“ Very little substantial work had been done by this section of the Department

“ Out of the sanctioned allotment of Rs. 76.132 the total expenditure incurred during the year amounted to Rs. 28,722-4-11. Of the works remaining unfinished at the close of the preceding year 12 were completed during the year of the report while 3 remain still incomplete. 21 works of new construction and improvement of wells were sanctioned during the year of which 7 were completed.

“ The progress of work was found very slow and far from satisfactory. The excuse of want of contractors put forth by the Sanitary Commissioner is not convincing. The Sanitary Commissioner should pay particular attention to carry out the instructions embodied in the revised scheme ”

It is, however, gratifying to note that the working of the revised scheme during the nine months of the year under report has shown good results. Out of the allotment of Rs. 50,000 estimates of 22 works amounting to Rs. 24,509 were sanctioned in Shajapur District and those of 19 works amounting to Rs. 23,426 were sanctioned in Gird District. Out of the sanctioned works 13 were completed during the year in Shajapur and all excepting one in Gird. Besides these 5 works which were left incomplete at the close of the last year were also completed during the year. It is due to the efforts of the officers concerned that the results were so successful.

20. *Expenditure*.—Out of the budgetted amount, Rs. 5,36,270 the expenditure during the year was Rs. 5,14,424-3-3. Besides this Rs. 47,935 were spent towards village sanitation.

21. *General*.—It is gratifying to observe that Mr. E. C. Gibson, C.I.E., I.C.S., Resident at Gwalior, found time to visit 11 dispensaries during his tour and made useful suggestions.

Jails.

Personnel—Major Sohrab S Antia, Inspector-General of Prisons.

1. *General*—There are only two Jails controlled by the Jails Department, the Central Jail at Lashkar and the District Jail at Ujjain. Judicial lock-ups are also maintained at both the Jails for under-trial prisoners. Administration is carried on in accordance with the Jail Manual passed in 1919. The Inspector-General of Prisons controls the administration and is assisted by a Personal Assistant who was given some administrative powers during the year to facilitate working.

2. *Tour*.—The Inspector-General of Jails visited the Central Jail, Lashkar, from time to time but could not inspect the District Jail, Malwa.

The Personal Assistant Mr. Dashrathrao Pawar inspected the District Jail, Ujjain, and supervised the industries in Central Jail, Lashkar.

3. *Number of Prisoners*.—The year opened with 1,039 prisoners of all classes and closed with 1,138. The total admissions were 2,238 and altogether 2,139 prisoners were discharged.

The average strength of prisoners in both Jails was 956.2 as against 950.2 during last year.

4. *General Condition of Prisoners*.—The behaviour of prisoners was generally satisfactory. 3 prisoners absconded from Ujjain Jail; one of them was captured. 315 prisoners were released under remission rules as compared to 290 of the previous year. The general health of prisoners continued to be satisfactory. There were 15 deaths as against 10 of the last year. 10 passed the First aid Examination.

5. *Juvenile Prisoners*.—Juvenile prisoners were kept apart from the rest, and aged prisoners are appointed to look after them. Primary education is imparted to them by teachers appointed at the Jails. 74 prisoners were admitted into the Jail during the year under report.

6. *Moral and Religious Training*—Both the Jails are provided with Maulvis and Pandits who recite Quran and Ramayan to prisoners on Sundays and address them on religious and moral subjects.

There is a Library containing moral and religious books at the Central Jail, Lashkar.

7. *Jail Industries*.—Messrs. Stavrides Gwalior, Ltd., satisfactorily worked the carpet factory at Central Jail, Lashkar. Prisoners were employed in various other industries as well such as spinning, weaving, soap-manufacture, cane-works, furniture-making, tailoring and gardening. One 20 H P. Petter Oil Engine was purchased and installed in the factories. Manufacture of Duries and Niwars from jute yarn was introduced in both the Jails.

The Inspector-General, under the heading furniture, refers that the shop worked satisfactorily. I cannot agree with him. My experience is quite different. The quality of work is not good and much delay is caused in carrying out the orders and the work done is inadequate.

8. *Income and Expenditure*.—Total expenditure on diet and clothing during the year was Rs. 39,792-5-7 and Rs. 11,816-10-0 as compared with Rs. 37,508-6-0 and Rs. 9,756-12-6, respectively, during the last year.

The gross income of both the Jails was Rs. 46,183-5-4 After deducting Rs. 4,358-9-10 for Inami-Imdad Fund and Rs. 784-6-6 for bonus and Rs. 1-13-0 for other expenses, the net income was Rs. 41,038-8-0 as compared with Rs. 38,460-8-0 of the last year.

9. *General Remarks*—I am not satisfied with the working of industries in Jails It is very necessary to pay more attention towards this important branch Co-operation and co-ordination between officers is very essential.

The building of the Police attached to Lashkar Jail is bad.

The Resident Mr. Gibson made an excellent suggestion that there should be an Advisory Committee to revise the sentences of long term prisoners. The Council has sanctioned the proposal in this respect and I believe the reform will be much appreciated.

The condition of building at Ujjain Jail is not very good.

The gross income of the Jails is Rs. 46,183-5-4. More efforts should be made to increase the income

Criminal Tribes.

Personnel.—Mr. Jivanandham Iyer, Criminal Tribes Officer.

1. *General.*—Among the Criminal Tribes who were scattered throughout the State and often committed heinous crimes most important were the Moghias and Baoris. A colony at Mirkabad, near the Railway Station Mungaoli, was established for their reclamation in the year 1899 at a cost of Rs. 32,000 A plot of land measuring nearly 5,000 bighas was provided for employing the settlers in cultivation and the work had a modest start with 29 settlers. The number of the settlers, however, soon rose to 142. A tank at Mirkabad was constructed at a cost of Rs. 25,000 in Samvat 1964. A school was opened in the Settlement in Samvat 1966. The Department came under Home Portfolio in Samvat 1975 and Criminal Tribes Manual embodying rules for registration, surveillance, control and reclamation of these people was passed in Samvat 1982. In the year 1925 A. D. new factory buildings at Mirkabad were completed at a cost of Rs. 24,000 and quarters for the Criminal Tribes Officer, his staff and the Police employees were constructed at a total cost of Rs. 13,000. A Police out-post was also constructed at an expenditure of Rs. 1,000.

2. *Population.*—The number of Criminal Tribes in Malwa is 3,054, residing in 208 villages. The figure of the preceding year was 2,929. This shows an increase of 125 over the figure for the last year. The population in the 4 villages of Mirkabad and 8 Chaks around it was 534 this year. The figure when compared with that of the last year shows a decrease of 13 which is due to deaths.

3. *Occupation.*—In Malwa, agriculture remained the main occupation : only a few of the people were engaged in trade and labour. The area of land cultivated by the Criminal Tribes in Malwa during the year under report was 15,624 bighas which shows a decrease of 209 bighas from that of last year. The amount of rent paid during the year was Rs. 20,015-2-0 which also shows a decrease of Rs. 99-14-0 as compared with the amount for the last year. The number of cattle owned by Criminal Tribes was 5,082.

In Mirkabad Settlement and Chaks area under cultivation during the year was 1,486 bighas. Compared with the figure of the preceding year, 1,396 bighas, it shows an increase of 90 bighas. The number of cattle owned by these people during the year under review rose to 933 from 918, the figure of the preceding year. Besides this some of the settlers in Mirkabad were engaged in gardening, weaving, tailoring and other industries. Silk worms of the univoltine variety were in the past few years successfully reared in the Settlement and mulberry plantation has also been started on a modest scale. Efforts should be made to increase the area under cultivation. Particular care should be taken to increase the mulberry plantation at Mirkabad; the result so far has been poor.

4. *Loans and Realisations.*—The amount advanced during the year was Rs. 303 and the amount collected was Rs. 138-13-6. A further amount of Rs. 350-2-3 was collected on account of interest on loans advanced in previous years. Loans to the extent of Rs. 108-14-6 were written off. The total amount of loans outstanding against the settlers at the close of the year was Rs. 16,060-14-1.

5. *Registration, Restriction and Exemption.*—The number of the persons registered and restricted during the year was 65: the total number of registered persons up to the end of the year under report being 733. 13 persons were exempted during the year bringing the total number of exemptees at the close of the year to 438.

6. *Convictions.*—In Malwa there have been 27 convictions as compared with 11 of the last year. Out of these 12 were for absence, 11 for petty thefts and the rest for other minor offences.

In Mirkabad and Chaks there was only one conviction. Nine people were punished departmentally for breach of discipline.

The result appears to be satisfactory but I wish the number of offences should still decline.

7. *Absconders.*—Six persons in all absconded during the year; none has come back.

8. *Education.*—123 students of both sexes received education in settlement schools. There has been a decrease of 7 girls during the year under report owing to marriage. The night school however showed a progress: there has been an increase of 8 students in it.

9. *Remarks.*—The Department is well controlled by Mr. Iyer, but he should pay more attention towards sericulture.

Records.

Personnel—Khan Mohammad Hayat Khan Seljuki, Inspector-General of Records.

1. *Inspection of Records.*—The Inspector-General toured for 38 days and inspected 59 offices. In addition to this he did an extra tour for 18 days. The Registrar, Secretariat, inspected 65 offices at the Headquarters.

The condition of record rooms was on the whole satisfactory excepting those of the Police stations at Fatehgarh and Maksudangarh, which were found in a deplorable state. The attention of the Inspector-General of Police was drawn to ameliorate their condition.

Records obtained from Sansthans of Munshi Raja, Khasgiwale and Filose Sahib were selected and preserved in the Darbar records

Amounts aggregating to Rs. 4,516-2-10 were spent towards coal tar painting, sundry repairs to record rooms and supplying almirahs, mouse traps naphthaline pills, etc.

2. *Classification of Subjects (Vishayawari).*—During the year under report Vishayawaris of Settlement Jagirat, Court of Wards and the office of the Darbar Vakil were revised.

3. *Work of the Recordkeepers.*—In mofussil, some of the Recordkeepers were found to be incompetent. They were duly expostulated and made conversant with the rules of the records

13,184 files and registers were issued from the Darbar records and 3,921 files were received from different departments which were properly catalogued

The total number of files and registers destroyed during the year in accordance with the rules was 1,84,308 as compared with 1,65,352, the figure for the preceding year.

4. *Selection Work.*—Selections from the Darbar records on the subjects "Books" and "Accidents" were compiled, printed and distributed to the Secretariat Offices.

5. *Secretariat Library.*—211 books were added to the Library during the course of the year bringing the total number to 9,394. The Library is being arranged on the latest system.

6. *Printing of Decayed Records.*—Out of 1,060 files sent to Alijah Darbar Press for printing, 56 files were printed in the previous year : 418 were printed during the year under report.

7. *Remarks.*—The work done by this Department is satisfactory. More attention should be paid towards touring

Archæology.

Personnel.—*Moveshwar Balwant Garde, Superintendent, Archæology.*

1. *General.*—The Department of Archæology was created in 1913 and put in charge of a Superintendent who had received special training in the subject. All monuments since then have been listed, restored, conserved and studied with respect to their antiquity and religion. A series of well planned publications serve to provide material for the research worker.

2. *Conservation Work.*—Repairs were done to the Jamah Masjid at Chanderi, the Maladevi temple at Gyaraspur, the Gujari Mahal at Gwalior and other monuments. Approach road to the Bagh Caves was opened for traffic and the Rest House near the Caves was furnished and made available for the use of visitors. Sign-boards were put up at the monuments at Gyaraspur. The amount spent on conservation work was Rs. 1,810-11-4 as against Rs. 3,340-2-10 of the last year.

3. *Excavations.*—The sites excavated last year at Gyaraspur were tidied up and the finds arranged properly. The site of ancient Ujjain was inspected and a few spots were selected for trial excavation. Actual excavations were not carried out during the year.

4. *Epigraphy*.—28 inscriptions were copied or noticed in the year. The important epigraphical discovery of the year was the identification of the site of a battle fought V S. 1338, 5 miles east of Narwar.

5. *Numismatics*.—51 coins were examined, out of which 44 silver coins were received as treasure-trove finds and 7 were purchased. The coins severally represent Muhammad-bin-Sam (1193-1205 A. D.), Shams-ud-din Altamash (1210-1235 A. D.), Chahada Deva (1232-1260 A. D.), Alaud-din Muhammad Shah Khilji (1295-1315 A. D.), Sikandar Shah Sur (1534 A. D.) and Emperor Akbar the Great (1556-1605 A. D.).

6. *Museum*.—64 antiquities were added to the Archæological Museum at Gwalior Gujar Mahal and 4 sculptures to the collection at the Mahakal Temple at Ujjain.

7. *Publications*.—The two recent publications of the Department "Archæology in Gwalior" and "A Guide to the Archæological Museum at Gwalior" evoked highly appreciative reviews from important newspapers dealing with Antiquarian Research.

8. *Photographs and Drawings*.—211 photographs were taken and 444 ordinary prints and 25 enlargements were made in the year.

9. *Office Library*.—124 books on archæology, history and allied subjects were added to the office library. Of these 67 were purchased and the rest were received in exchange or as presents from different Governments and Institutions.

10. *Income and Expenditure*.—The annual expenditure amounted to Rs. 18,760-3-8 as against Rs. 21,866-4-3 of the last year. The income totalled Rs. 190-12-3 against Rs. 211-12-0 of the preceding year.

11. *Visitors*.—Distinguished visitors to the Museum and other Archæological monuments included Lady Chetwode, Lord and Lady Ratendone accompanied by His Highness the Maharaja Scindia. Hon'ble Sir Frank Noyce and Lady Noyce, Sir and Lady Glancy, the Resident at Gwalior, the Director General of Archæology in India and the Government Epigraphist for India.

The Director General of Archæology in India entered the following remark in the Visit Book of the Archæological Museum :—

"The collection far excels my most sanguine expectations..... The arrangement leaves nothing to be desired and the labelling and identifications are absolutely accurate....."

12. *General Remarks*.—The report submitted by the Superintendent of Archæology affords interesting reading. The work done by Mr. Garde is satisfactory. The report is rather lengthy. It could have been much reduced in size. Among the visitors to the Museum the name of Lady Keyes has been mentioned in the report. I am sorry to observe that Lady Keyes did not come to Gwalior for the last 5 or 6 years.

HASHMATULLA KHAN,
LT.-COL., KT.
HOME MEMBER,
Gwalior Government.

REVENUE DEPARTMENT.

General.

1 *Charge of the Portfolio*—His Highness the Maharaja George Jiwaji Rao Scindia remained in charge of the Revenue portfolio throughout the year

2. *Rewards and Honours Conferred by the Department.*—As per Notification in *Gwalior Government Gazette*, dated the 29th September, 1934, His Highness' birthday was not celebrated during the year under report. So there did not arise any occasion for conferring such rewards and honours.

Gudi Padwa Darbar was also not held. So robes of honour were not presented to the guardians of the candidates as successfully passed the Zamin-dari Examination held every year for this purpose.

3. *Schemes of Re-organisation.*—During the year under report two schemes of re-organisation were initiated, by the Department and sanctioned by the Council of Regency, (1) regarding the re-organisation of the Irrigation Department and (2) regarding the re-organisation of the Forest Department.

Irrigation.—Under this scheme the post of the Administrative Officer was abolished, Special Works were amalgamated with Irrigation Proper and the Department was placed under the charge of Chief Engineer, Irrigation.

In consequence of these administrative changes the post of the Technical Adviser became redundant. So it was abolished.

Out of six Irrigation Districts, two, *viz*, Sheopur and Guna, were abolished and the work of these districts was distributed among the remaining four districts, *viz*., (1) Sank Asan—headquarter Morena, (2) Gird—headquarter Lashkar, (3) Narwar—headquarter Guna, (4) Ujjain—headquarter Ujjain.

Forest.—The scheme initiated and sanctioned aimed at decentralisation. So the general control of the district forests was handed over to Subas and the former Divisional Forest Officers were designated as District Forest Officers, who were hereafter to be responsible to Subas in matters of administration.

The provision was also made for appointing Deputy District Forest Officers in Malwa. So the post of Divisional Forest Officer, Malwa, was abolished. Similarly Deputy District Forest Officer was also appointed at Tawarghar.

In consequence of these changes the three different posts of, Administrative Officer Forest, Deputy Administrative Officer Forest, and Deputy Administrative Officer Quarries were abolished and the Department was placed under the charge of Revenue Member with Inspecting Officer Forest, who was to work as *ex-officio* Secretary to the Revenue Member.

Revenue Proper.

Condition of Rainfall, Crops, Ryot and Cattle.

Rainfall.—The rainfall during the year though sufficient, was irregularly distributed.

Crops.—The condition of crops was not satisfactory during the year under report.

Continuous rain at some places and want of timely rain at other places, were responsible for damage to Kharif crops, while late beginning of winter rain, hailstorm and frost, seriously affected the Rabi crops.

In some Parganas damage was also caused to Kharif crops by insects. The yield of crops, especially of cotton and Juar, was therefore comparatively poor.

Condition of Ryot.—The State peasantry in common with the rest of India, was already hard hit, by the world wide agricultural depression and the partial failure of crops last year. During the year under report, if the condition of the peasantry did not grow worse, it did not get sufficient stimulus to improve either. The distressed agriculturists still required some State help and relief. So in order to further alleviate the condition of the peasantry, proposals were timely formulated for further relief and were placed before the Council of Regency.

The Council of Regency were graciously pleased to grant remissions in rent and revenue from 11 pies to 3 annas 7 pies in a rupee and also other reasonable concessions, such as stay of execution of decrees etc to them.

Condition of Cattle.—The condition of cattle was on the whole fair and the year passed away without any serious outbreak of epidemics or scarcity of fodder for them.

Revenue Collections —The following statement compares the work of revenue collection with that of preceding five years :—

Samvat.	Demand.	Collection inclusive of remissions granted	Incidence of collection in annas	REMARKS.
	Rs.	Rs.	Rs. a. p.	
1986	95,94,373	73,26,299	0 12 3	..
1987	96,70,254	85,65,388	0 14 2	..
1988	96,77,240	94,77,656	0 15 8	14,14,772 remission.
1989	96,65,130	95,59,625	0 15 10	12,76,977 remission.
1990	97,08,471	95,53,057	0 15 9	15,23,217 remission
1991	97,12,443	95,23,499	0 15 8	12,91,764 remission.

Looking at the figures of the incidence of collection of the year 1990, it would be evident that there is a fall of one pie in a rupee. But taking into account the general fallen condition of the agriculturists which is growing from bad to worse every year, it may be said that the work of collection was on the whole satisfactory and that the remissions granted were adequate.

At the occasion of the Silver Jubilee Celebrations of the King-Emperor Rs. 9,57,867-13-8 of Mulki were remitted.

Working of Local Boards.—Out of the 11 District Boards seven held the prescribed 3 ordinary meetings. The boards that held, only 2 ordinary meetings, were Sheopur, Esagrah and Bhilsa. District Board, Gird, held only

one ordinary meeting. The District Boards as mentioned under, held special meetings for purposes shown against their respective names :—

District Board.	Meeting	Purpose.
1. Gird.	1	To consider how to avoid the delay caused in the work of the revised scheme of the Sanitary wells.
2. Ujjain.	1	The meeting was held in connection with the management of Agriculture exhibition and the cattle show.
3. Shajapur.	1	The meeting was held in connection with the construction of Sanitary wells by the District Board.
4. Mandsaur.	1	The meeting was held to consider the desirability and the advisability of the proposal to reduce the rates of the Adan Land in the other 3 Parganas, besides Mandsaur, since the opium cultivation is now restricted only to Mandsaur Pargana.

Attendance of non-official members at the meetings of these boards is on the whole satisfactory though there is yet scope for improvement.

The official members of these boards, however, still adhere to their old habits of non-attendance and it is highly regrettable to find that the note of warning given before, in the report for the year 1990, has not been properly attended to.

Some of the official and non-official members remain absent from these meetings without even showing sufficient reasons for their non-attendance. This is the least that is expected of them and the presidents of these boards must do their best to remove this irregularity in discipline of the boards.

The following table gives an idea of the numbers of proposals submitted for the consideration of the boards and the manner in which they were dealt with :—

No.	Name of district	NUMBER OF PROPOSALS			REMARKS
		Submitted.	In which resolutions passed.	Rejected or withdrawn	
1	Gird	70	45	25	
2	Bhind	186	169	17	
3	Tawarghar	36	18	14	4 under consideration.
4	Narwar	23	20	3	
5	Sheopur	108	89	15	4 under consideration.
6	Esagarh	22	20	2	
7	Bhilsa	52	42	10	
8	Ujjain	28	17	7	4 under consideration.
9	Shajapur	55	43	12	
10	Mandsaur	60	40	13	7 under consideration.
11	Amjhera	111	93	18	

Receipts and Expenditure—The subjoined statement gives an idea of the receipts and expenditure of the local boards as also of the balance left in their hands at the close of the year.

No	Name of district	Income including previous year's balance			Expenditure			Balance		
		Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1	Gird ..	84,270	2	2	27,019	3	1	57,250	15	1
2	Bhind .	66,665	3	9	25,263	0	8	41,402	3	1
3	Tawarghar .	59,490	12	10	8,230	10	3	51,260	2	7
4	Sheopur ..	37,896	4	6	18,189	7	11	19,706	12	7
5	Narwar ..	86,034	1	1	15,097	2	5	70,936	14	8
6	Esagarh .	56,699	4	11	24,906	2	0	31,793	2	11
7	Bhilsa ..	61,463	0	5	21,382	15	7	40,080	0	10
8	Ujjain ..	62,998	12	6	9,346	10	2	63,652	2	4
9	Shajapur ..	87,002	10	7	32,999	9	3	54,003	1	4
10	Mandsaur ..	61,218	4	2	10,407	4	9	50,810	15	5
11	Amjhera .	53,955	15	1	11,618	7	6	42,337	7	7
TOTAL ..		7,17,685	8	0	2,04,450	9	7	5,13,233	14	5
Preceding year's figures ..		6,86,106	0	0	1,86,868	0	0	4,99,237	0	0

As compared with the figures of the preceding years the incidence of expenditure is at *status quo*. But the remark made in last year's report regarding the slackness of interest on the part of Local Boards in making the most of the money given them for works of public utility still holds good since the incidence of expenditure has not as yet reached even the level of expenditure in the year 1939.

Income.—The following statement gives an idea of the actual income during the year under report, expenditure during the year and the balance if any left out from the income.

No	Name of district	Income during the year.	Expenditure	Balance
		Rs.	Rs.	Rs.
1	Gird ..	30,799	27,019	3,780
2	Bhind .	19,686	25,263	Rs. 5,577 Extra expenditure.
3	Tawarghar ..	10,361	8,230	2,131
4	Narwar .	14,510	15,097	Rs. 587 Extra expenditure.
5	Sheopur ..	19,287	18,189	1,098
6	Esagarh ..	23,111	24,906	Rs. 1,795 Extra expenditure.
7	Bhilsa ..	20,880	21,382	Rs. 502 Extra expenditure.
8	Ujjain ..	14,731	9,346	Rs. 5,385 Extra expenditure.
9	Shajapur ..	36,212	32,999	3,213
10	Mandsaur ..	12,586	10,407	2,179
11	Amjhera ..	16,299	11,618	4,681

Activities.—The activities carried on by these boards, related to (1) construction or repairing of wells for providing potable water in tracts where the same is commonly scarce. (2) Maintenance of minor Irrigation works given in their charge (3) Agricultural improvement by means of free distribution of selected varieties of manures, seeds and fruit-bearing or shade-giving plants or of improved implements of husbandry. (4) Improvement in cattle by means of providing good breeding bulls free to the selected villages and (5) maintenance of unclaimed and unserviceable cows by extending financial support to Gaushalas maintained by public bodies

The following is a brief and seriatim account of such activities carried on by the boards during the year.

Wells.

Bhind.—The construction of a well at Shree Bhageli Mata is completed. 3 wells are repaired. The work of construction of a well on Kacheri Road at Mehgaon is under construction.

So also the boring of two wells at Kharoa and Bagthara is being carried out.

The work of 22 Sanitary wells was transferred to this board. These wells were completed and the final payments were also made, during the year under report.

Sheopur.—Some 8 wells were repaired, during the year under report.

Narwar.—The construction of new wells at Panihari and Deharonda is completed and some 3 wells repaired, during the year under report.

Esagarh —Some 3 storage tanks in Bajrangarh Pargana and 2 in Pargana Mungaoli and Kumbhraj were repaired and a well at Dahar was completed

The well at Ugrai was deepened

Bhilsa.—New wells were constructed at Pipalkhedī, Puragusai and Derajpur and repairs to some 4 wells were effected, during the year under report.

Ujjain —The work of constructing a new well at Dotordī in Pargana Badnagar has reached completion, during the year under report

Shajapur.—Two wells at Ukawat and Chapadia are completed. Three new wells are constructed at Lapakhedi, Kundikhedi, and Tilwadia. The well at Padlia is repaired and the Tehsil well at Shajapur is deepened.

Mandsaur.—The board gave sanction of Rs. 2,697-10-0 for the construction of wells at Bhawata and Ranmakhedī, where the scarcity of water was keenly felt. These 2 wells are completed. So also 2 wells, are completed in Pargana Neemuch

Amjhera.—Retaining wall in the Company garden was repaired and some repairs and silt shifting were done to Lower and Upper Mahibands.

Minor Irrigation Works.—Out of 229 Minor Irrigation Works entrusted to the care of District Board, some 81 were repaired during the year under report in the Districts of Gird, Bhind, Tawarghar, Sheopur, Narwar, Bhilsa, Shajapur, Mandsaur and Amjhera.

Agricultural Improvement

Gird.—Improved seeds of Kharif and Rabi crop worth Rs 230 were distributed in different villages through Agriculture Inspector.

Rs. 450 were sanctioned for the purchase of breeding bulls for Mauza Arone, Baragma and Maisnari.

Rs. 60 were spent towards presents in Cattle show at Gwalior and Rs. 32 in distributing 8 Medals in the same show

Bhind.—Rs. 11-7-6 were spent in plantation of fruit-yielding trees, Rs. 264-6-3 towards the purchase of a breeding bull and Rs. 126-6-6 for distribution of improved seeds

Owing to excessive rains and hailstorm good results could not be obtained in cases of plantations and improved seeds. The breeding bull was given to Mauza Foof.

Tawarghar.—Three breeding bulls kept at Maharajpur being now fit for breeding, were given for breeding to three different villages

The results of the improved seed supplied to Agriculturists, were on the whole satisfactory. The improved machinery and modern implements such as Sugarcane Crusher, Bihar Hal, etc., were bought out of the sum of Rs. 304 sanctioned last year. As a result of demonstrations of these machines, it may be said that people are gradually getting accustomed to modern and improved methods of agriculture.

Sheopur.—Improved seeds of various kinds, worth Rs. 280-7-0 were distributed in Parganas Sheopur and Bijepur. The results were satisfactory. Improved machinery and implements were purchased for Pargana Bijepur and demonstrations were made at several places

Propaganda was also made for the use of proper manures and the use of chemicals to kill insects that destroy the growing crops. The result was satisfactory.

Narwar.—Rs. 975 in all, were sanctioned for the free distribution of seeds, plantation of fruit-yielding trees, free distribution of manures and propaganda of improved implements. Result on the whole seems satisfactory.

Esagarh.—Rs. 1,100 were sanctioned for the different items of Agricultural improvements as mentioned in case of Narwar.

Bhilsa.—Seeds of gram and peas worth Rs. 77-12-0 and orange plants and mozambique orange plants, worth Rs. 210 and seeds of vegetables such as Tomatoes, Cabbage, were distributed amongst the agriculturists, but the frost marred the progress of the cultivation and so better results could not be secured.

The owners of the Cotton Mills freely distributed cotton seeds in order to encourage the cultivation of cotton in the district.

Ujjain.—Rs. 88 were distributed over 4 Parganas for supplying improved seeds, manures and for planting fruit-yielding trees.

The propaganda carried for the use of improved seeds of cotton, wheat, sugarcane, etc., showed better results.

The propaganda was also made, for the use of manures and modern implements and machinery.

Breeding bulls were purchased for Mauzas Mankund, Madhopura, Khareli and Babai.

Shajapur.—250 Packets of Sulphur were distributed in 13 villages to avoid a plant disease named Kayama. The result was satisfactory. The improved sugarcane seeds that were supplied to Shajapur, Madana, Badodia and Abhayapur, could not thrive owing to frosts and insects.

Agricultural implements worth Rs. 75 were distributed in Shajapur, Badodia and Abhayapur and the propaganda regarding their use was made. The agriculturist has begun to realise the advantage of using improved implements and machinery.

Mandsaur.—Rs. 405 were spent over the supply of improved seeds in the District and Rs. 34-3-0 were spent on the plantation of fruit-yielding trees.

'Lac plantation' was tried in Sand-Hatipura Block in Pargana Jawad but it was not successful. 5 breeding bulls were purchased for Rs. 307.

At the end of the year 1991 there were in all 20 breeding bulls in the district and they are all proving useful for the work of breeding.

Amjhera.—Improved seed worth Rs. 218 was distributed in the district, but better results were not obtained, owing to excessive rains and frost. Manure worth Rs. 42 was also supplied and it proved efficacious.

Some propaganda regarding the use of improved machinery and implements was also successfully made in the district.

Plantation of Trees.

Tawarghar.—Rs. 85 were given for this purpose to Parganas Nurabad and Ambah.

Sheopur.—Plants of mangoes, oranges, guavas, lemons and berries worth Rs. 133 were freely distributed in both the Parganas of the district, through the Agriculture Demonstrator. Out of the 40 mango plants, 27 were destroyed by frost. Guava plants that were planted in previous year have begun to bear fruit.

Narwar.—Plants of different kinds were supplied to several villages in the district through the Naib Tehsildar propaganda. The condition of the plants is normal.

Esagarh.—2,850 fruit-yielding plants of different kinds were planted in different villages of the district through the Agriculture Inspector.

Ujjain.—307 fruit-yielding plants of various kinds such as mangoes, orange, lemon, etc., were distributed for planting at Ujjain, Chak Undasa, Jalalkhedhi and other villages.

Pargana Board Khachrod tried the plantation of shade giving trees along side the road, but the plants were destroyed by frost.

Shajapur.—Orange and Mozambique and other fruit-yielding plants worth Rs. 296 were purchased and distributed in different villages through Agriculture Demonstrator. Use of budding and grafting knife is taught to the agriculturists.

Mandsaur.—825 plants, both fruit-yielding and shade-giving, were planted, in 15 different villages as a result of the propaganda carried on for this purpose by Pargana Board, Mandsaur.

Amjhera.—During the year under report fruit-yielding trees worth Rs. 132 were purchased and distributed among the various villages of the

district. Out of 325 plants some 125 plants could not thrive owing to frost. The condition of remaining 200 is satisfactory

Unclaimed and Disabled Cows.

Gird.—The board has decided to contribute Rs. 200 annually, to the Gopal Gaushala for the maintenance of disabled cows. All the Khiraks are informed accordingly. This year the amount of the grant is withheld, as the report of the Gaushala is not received.

Sheopur.—The Gaushala at Sheopur is doing well and is maintaining some 155 animals out of which 128 are cows

The board has now decided to give a grant of Rs. 25 annually to another Gaushala at Sarangpur in Tehsil Bijaypur, which was started 2 years ago by public subscription and which was in great distress owing to lack of funds. The board has however stipulated that this Gaushala should be removed from Sarangpur to Gaswani where all kinds of facilities are available.

Narwar.—From the beginning of the year under report, the board is contributing Rs. 40, per month to Gaushala at Shivpuri. 12 disabled and unclaimed cows were sent to this Gaushala during the year under report.

Esagarh.—There are two Gaushalas—one at Goona and the other at Pachhar. The district board has contributed Rs. 300 to Pachhar Gaushala from its funds.

Bhilsa.—The board maintained some 29 cows and spent about Rs. 285 towards their maintenance and the upkeep of the staff

Shajapur.—Rs. 500 were given as a help to Gaushala at Shajapur and Rs. 100 to Gaushala at Agar for the same purpose. 21 cows were sent to Agar Gaushala through the local board.

Rs. 1,000 are given to the President, Gaushala, for the erection of a building for Gaushala through the President, Pargana Board.

Mandsaur.—Rs. 500 are paid annually to Shree Gopal Krishna Gaushala at Mandsaur and all the disabled cows of the Pargana are maintained there.

Rs. 250 were paid to Gaushala at Jawad from the savings of Khirak receipts. There are about 81 cows in this Gaushala.

There is also a private Gaushala at Gangapur.

Amjhera.—There is a Gaushala maintained by the board at Sardarpur and only disabled and unclaimed cows are kept there. At the end of the year under report there are only 7 cows in this Gaushala.

To those who are acquainted with the conservatism and the ignorance of the peasantry, as also with the condition of the peasantry, owing to successive fall years, the aforesaid summary of achievements, will give sufficient indication that the Agriculturist class as a whole, is slowly and gradually developing a spirit of experimentation, adventure and adaptability to new circumstances and methods.

There is also a growing spirit amongst them to get their grievances redressed by proper and constitutional methods.

Opium.

Cultivation.—The cultivation of opium for local consumption and for supply to the Government Factories, at Ghazipur was, as usual confined to the

Mandsaur District alone. The details as to area sown, production, etc., are given below :—

1. Area in Bighas	12,767
2. Yield in maunds	1,304
3. Opium delivered to Ghazipur Factory in maunds.				1,300
4. Expenditure	Rs. 20,956
5. Net Profits	„ 1,42,321

In this year the frost did not so severely damage the poppy crop and so the out-turn has reached the normal standard

Land Records Department.

Boundary Disputes, Pillars and Boundary Inspection.—At the close of the last year 88 external boundary disputes, were pending settlement, which added to 6 new cases instituted during the year, brought the total to 94. Out of these 2 cases were decided by Kunwar Prasad Zutshi and five by Prabhu Shankar Mehta, leaving a balance of 87 undecided at the close of the year. The Boundary Officer, Gwalior, moved the Khaniadhana, Kotah, Indore and Tonk representatives to settle programme for discussion and decision on site in respect of 18 boundary disputes.

51 cases of internal boundary disputes were pending at the commencement of the year, which with the institution of 5 new cases raised the number to 56; of these only 11 cases in all were decided, leaving a balance of 45 undecided cases, at the close of the year.

The figures of disposal no doubt compare favourably with the figures of last year, but it must be remarked, that yet there is much scope for improvement. The Director of Land Records and Subas must see that they come up to the desired standard speedily

158 pillars and 36 chiras were repaired during the year.

The following statement will show the figures of boundary inspections made by the various officers as compared with those of the last year.

Sl. No.	Name of Officer.	SAMVAT 1990		SAMVAT 1991	
		Number of bound-aries.	Mileage	Number of bound-aries.	Mileage.
1	State Boundary Officers ..	23	21	18	37
2	S u b a s	163	300	110	275
3	Naib Subas ..	137	329	198	573
4	Tehsildars and Naib Tehsildars ..	1,283	2,211	923	1,899
5	Sadar Qanungoes ..	283	522	198	406
6	Girdawar Qanungoes ..	1,796	3,495	1,509	3,646
7	Forest Rangers and Sub-Rangers.	140	233	7	92

The statement shows distinct improvement only on the part of the Naib Subas. There appears to be slackness on the part of all other officers and especially on the part of rangers and sub-rangers.

A. Irrigation Department.

Charge.—Babu Bankey Lal, Administrative Officer, held the charge of the department up to 31st October. Under the orders of the Council of Regency dated 15th October 1934, the post of the Administrative Officer was abolished and Babu Bankey Lal was retired from 1st November 1934.

Thereafter, Mr. Umrao Behari Mathur was in charge of this department, with the designation as In-charge Officer until 28th February, 1935. Subsequently under the orders of the Council, dated 12th February, 1935, the charge was given to Mr. A. R. Pollard, with the designation as Chief Engineer. The post of the Technical Adviser was abolished by the orders of the Council, dated 12th March, 1935. In consequence of these changes the Special Irrigation Works were amalgamated into the Irrigation Department under order of the Council, dated 12th March, 1935.

2. *Budget and Output of Work.*—The subjoined table elucidates the position in regard to budget allotment and output of work during the year

Heads of Expenditure.	1933-34		1934-35	
	Allotment including last year's saving	Expenditure including last year's saving	Allotment including last year's saving.	Expenditure including last year's saving.
1. Establishment.	Rs.	Rs.	Rs	Rs.
(a) Administrative and executive .	1,85,330	1,61,767	1,85,124	1,58,142
(b) Revenue ..	53,521	49,848	53,454	53,454
Total Expenditure ..	2,38,851	2,11,615	2,38,578	2,11,596
2. Works.				
(a) Ordinary ..	4,26,941	3,06,617	3,81,072	3,08,697
(b) Special .	1,85,598	86,418	1,93,816	76,606
Total Ordinary and Special .	6,12,539	3,93,035	5,74,888	3,85,303
Contributonal Works .	29,232	7,830	.	..
GRAND TOTAL	8,80,622	6,12,480	8,13,466	5,96,799

The expenditure on maintenance including last year's saving, was Rs. 2,00,219 against Rs. 2,58,028 of the previous year

Revenue realised as water rate during the year, amounted to Rs. 2,16,729 out of the total demand of Rs. 2,80,183.

The incidence of establishment charges, on the total revenue realised, came up to 24.6 per cent against 24.4 per cent of the last year. The same comes to 19.08 per cent of the total revenue assessed.

3. *Development.*—The development of irrigation during the last five years is summarised in the table below. These figures indicate distinct

improvement both in the area irrigated and revenue realised —

Particulars	Samvat 1987	Samvat 1988.	Samvat 1989	Samvat 1990.	Samvat 1991.
1	2	3	4	5	6
(i) Area irrigated (Abi and Abpashi) in bighas	1,12,417	1,21,880	1,32,271	1,41,261	1,65,831
	Rs.	Rs.	Rs.	Rs.	Rs.
(ii) Revenue dues, watercess	1,92,792	2,14,459	2,32,254	2,38,322	2,81,211
Less remission	6,619	3,459	2,676	2,327	8,741
Net watercess	1,86,173	2,11,000	2,29,578	2,35,995	2,72,470
Other demands	6,708	17,083	8,077	7,923	7,668
Total revenue assessed by the Department.	1,92,881	2,28,083	2,37,655	2,43,918	2,80,138
Book credit	64,984	62,762	62,221	61,587	60,775
Book credit water works and sewage farm			11,045	12,540	13,161
Total revenue including book credit.	2,57,865	2,90,845	3,10,921	3,18,045	3,54,074
(iii) Revenue realised watercess	97,397	1,54,900	1,96,439	1,98,119	2,09,735
Income from other sources	3,573	11,731	292	5,922	7,115
Book credit	64,984	62,762	73,266	74,127	73,936
Total revenue realised.	1,65,954	2,29,293	2,72,687	2,78,168	2,90,786

4. Towards the close of the year a general survey was made of the activities of the Irrigation Department and proposals for re-organisation were submitted to the Council and were sanctioned on 21st May, 1935, to take effect from 1st July, 1935

5. *Remissions.*—On the occasion of the Silver Jubilee of Their Most Gracious Majesties the King-Emperor and the Queen-Empress, arrears of Abiana (Watercess) amounting to Rs. 22,311 were remitted, by the orders of the Darbar

B. Special Works.

1. Special Irrigation Works now comprise the following :—

(1) Aoda Works.

(2) Parbati Scheme.—

(a) Parbati Head Works at Kaketo and Harsi.

(b) Tigra Channel Gunite lining and the Inspection Road along the Tigra channels

Progress on Works.

2. *Aoda Works.*—The masonry and the earthen Dams including the connecting channel from the sluice to the Irrigation Channel were completed by 31st December, 1934.

Some work on the service road along the Aoda Canal, which was not finished before 31st December, 1934, was carried on and completed under the supervision of the District Engineer, Sheopur.

Aoda Channels.—As reported last year, special report about the Aoda Project, with suggestions as to its future was submitted to the Council and orders thereon are awaited.

Kaketo Dam—The remaining work of the parapets and cement concrete slabs along the top having been finished the Kaketo Dam was completed by the 31st December, 1934. The approach road to the left flank of the Dam (which is an extra item of work) was nearly finished by 30th June, 1935.

Harsi Dam and Waste Weir.—Last year's report mentioned the great progress that was achieved. In consequence it was decided at the end of August, 1934, to close the river gap in the dam in the following working season. A reduced section of the dam was specified which could be relied upon as safe, and yet brought the volume of the earthwork to be handled within practical limits.

The Weir crest and the two falls in the spill channel were due for completion about March, 1935.

The excavation of the founds of the Weir Crest is not yet finished. The first fall is still far from being ready and the founds of the second fall (where considerable work has still to be done), are filled with silt washed in, when the reservoir was filled and the spill-channel flowed, in the beginning of August, 1935.

Mastura Canal.

In the first 6 miles of the canal good progress has been made on the masonry works, while about 568 lakhs of c. ft. of earthwork were done.

The main canal from mile 7 to 21 is complete. The construction of the remaining length of the canal (from mile 22 to 43) is in hand, and if all goes well, the whole canal should be finished by 30th June, 1936, except possibly the crossing under the G. I. P. Ry., main line.

The earthwork on some of the distributaries is being carried on under the piece work system.

The remaining work of the Noon Aqueduct with the exception of a few items, which have been left in abeyance, was completed in the year under report.

Another feature in the year's work was the heavy programme of designs and estimates of the distributaries that had to be followed, in order to allow the best use to be made of the 1935-36 working season.

Land acquisition on a large scale was required to avoid delay in taking up the construction of the distributaries over the whole of the commanded area at the proper time. Special staff was appointed to assist the Revenue Department, in preparing the acquisition papers.

Tigra Channels Guniting Lining.

This work consists of two parts:—

- (a) The lining proper
- (b) The service road besides the channels.

The service road is intended firstly to provide access to the channels for plant and materials, and later for inspection road.

Lining.—All the earthen part of the channel was far too large for the lined section required to carry the supplies. Between Moti Jhil, where the

lining started, and a point 2,900 ft. below the head of the Maharajpur Channel at Kuleth (after which the channel is in masonry) 11 74 lakhs of c ft of earth filling had to be placed in the channel after the slush and weeds had been removed.

At the intakes to the filter and the power-house at Moti Jhil, the lining was laid directly on the old stone slabs with good results. Higher up these old slabs were removed and reset closer together. When the channel was opened after the Gunitite had been "shot," water found its way behind the slabs, where earth consolidation was difficult, causing settlement in the slabs on the left bank in a length of about 100 ft. This made a crack in the Gunitite at the junction of the bed and the side of the channel. The crack was subsequently repaired.

Besides the above repairs, the gaps left in the lining of the Maharajpur channel for the flumes were all filled in after the close of the year.

Road.—There was no particular trouble over the six miles of road between Tigra and Kuleth, as that part of the road runs along the natural surface of the ground on a low embankment and no lining was in progress while the road was being made. The contractors who had the work were much too slow in making a start, so the work was not finished by the proper date; but no inconvenience was caused by this to the lining.

3 *Expenditure.*—The following statement shows the amount sanctioned, expenditure incurred and the balance left in hand on the works comprising the special works.—

Name of work	Estimated amount	Expenditure to the end of Samvat 1990	Expenditure during Samvat 1991.	Balance
	Rs.	Rs.	Rs	Rs
1. Aoda .. .	27,68,801	21,87,924	64,197	5,16,680
2. Parvati Scheme—				
(a) Kaketo . . .	14,15,000	13,66,398	64,911	1,50,691
Revised Estimate . . .	15,82,000			
(b) Harsi .. .	45,49,000	26,58,767	7,73,551	11,16,682
(c) Mastura Canal .. .	31,63,000	10,55,752	4,20,250	16,86,998
3. Tigra Canal Gunitite lining	11,44,000	.	3,52,716	7,91,284

It is gratifying to note that as compared with the last year, more work has been done and thus the percentage of expenditure on the establishment charges has been brought down from 15.5 to 11.8 which is mainly due to the phenomenal progress at Harsi and the high cost of the Tigra Channel lining, where the supervising staff is small. There is increase in the Aoda percentage. All the tasks were in the nature of finishing up.

4. *Establishment Charges*—A comparison of establishment charges during the last two years is given below.

Name of work.	Expenditure on Establishment		Expenditures on works		Percentage of Establishment	
	Samvat 1990	Samvat 1991	Samvat 1990.	Samvat 1991.	Samvat 1990	Samvat 1991.
	Rs	Rs.	Rs.	Rs.		
Aoda Works	48,755	19,272	2,38,276	44,925	20.4	42.9
Harsi Head Works	80,033	71,047	6,54,493	7,02,504	12.2	10.1
Kaketo	8,439	3,214	1,08,950	61,697	7.7	5.2
Mastura Canal	41,157	54,507	1,47,987	3,65,743	27.8	14.9
Tigra Canal Gunite Lining including service road		28,317		3,24,399		8.7
Tigra Restoration				343-14	..	.
Total	1,78,384	1,76,357	11,49,706	14,99,611-14	15.5	11.8

Forest Department.

1. *Protected Forests*—The area under protected forests at the close of the last year was 2278.33 sq. miles, which has remained unchanged during the year under report. The area under reserved forests was 3071.58 sq. miles.

2. *Redemarcation*.—Redemarcation report of the Esagarh Division was notified in the *Gwalior Government Gazette*, dated the 27th October, 1934.

Regarding the submission of the demarcation reports of Shivpuri, Malwa and Gird, some progress was made during the year under report. In Shivpuri Division discussions regarding some technical objections in respect of preliminary notification in *Gwalior Government Gazette* were made and final reply from district is awaited. In Malwa Division preliminaries as prescribed in Circular Order No. 3/80 have been completed, and the demarcation would be submitted for the sanction of the Darbar next year.

In Gird Division fresh notices have been served on zamindars informing them of the changes in the Forest areas of their villages and the passing of the Demarcation Report of the district would greatly be facilitated thereby.

3. *Convictions under Forest Laws*.—During the year under report 913 cases of breach of forest law (32 A. Class and 881 B. Class) were registered exclusive of pending cases (46 A. Class and 60 B. Class) of the last year.

Out of 78 A. Class cases as aforesaid, 44 were disposed of by the Courts concerned. Of the latter 28 prosecutions involving 74 persons, resulted in convictions and the rest 16 involving 44, ended in acquittal. The tendency of instituting prosecutions, without justification, still continues at large. In the last year's report 14 persons were involved in such prosecutions. This year the number of such persons is more than treble the number of last year.

In spite of the repeated warnings given in last two years' Administration reports the conditions do not seem to improve a bit. Inspecting Officer must pay special attention to this and must definitely show some improvement next year.

Out of 941 B. Class cases 765 were departmentally compounded for a sum of Rs. 4,331-3-6 by way of compensation and 58 ended in acquittal.

This left 33 A. Class cases and 118 B. Class, pending at the end of the year.

Sylviculture

4. *Natural Re-production*—In some parts of the Sheopur district, teak is making its headway and establishing itself quite splendidly and in some parts, Dho and Kardhari are in good condition. Teak has also thrived well both in Esagarh and Malwa Division. In Malwa there is greater pressure of grazing on the forests and the forest area also is not in the same proportion as that in the Northern prants of the State. This effects deleteriously on the natural regeneration both by seeds and coppice shoots.

In Chachora Blocks, 'Santalum Album' seedlings are found naturally growing in good number and instructions are issued for taking special care of them and increasing their number as Malwa climate is quite suitable for this valuable tree.

5 *Artificial Re-production*.—Artificial re-production was attempted at Barai Bhind Afforestation area. 125 cuttings of Shisam were planted on tram line side near Bhagwla at the cost of Rs 23-1-0. 12 cuttings have survived.

Teak plants on Govardha plantation though they are 13 years old have not attained sufficient height growth owing to hard-rocky strata beneath.

There are about 788 Shisam trees in Khari plantations.

6 *Exploitation*.—There has been no change in the method of felling, working or disposing of major forest produce. In the case of minor forest produce, the annual coupes were generally exploited either through the contractors or through the license vendors.

In Karhal range of Sheopur district, however, the so far tolerated unsylvicultural method of exploitation through the License holders, has been discontinued this year, except in the case of the members of the co-operative society on the recommendation of the Deputy Director of the Co-operative Society. The figures of revenue from these coupes as compared with those of the last year have almost doubled and there has been good improvement in the case of Sheopur Division, as regard the number of coupes, area in acres and the amount of revenue fetched.

As usual 1/50th part of the annual coupes was set aside and made over to Tehsils for free use of right-holders.

An area covering 1,191 acres of the value of Rs. 7,612-7-8 was made available for the use of right holders, as against 1,076 during the previous year. The value of forest produce given free of charge to right holding villages comes to Rs. 80,388-10-4

In all the amount which could be considered as remitted to right holders in the form of concession in grazing fees and timber supplied free of charge was estimated at Rs. 70,164. This is exclusive of free grazing of the following animals allowed in the State Forests :—

- (a) Agricultural bullocks.
- (b) One buffalo of any tenant, who pays Rs. 10 as land rent.
- (c) Riding ponies and breeding mares.
- (d) Cows.

7. *Remark*—The Inspecting Officer must note that his chief duty is to make constant tours in the interior of the forests; and therefore, he should follow these instructions carefully.

Famine.

Conditions —By the grace of Almighty God the year was free from famine conditions

Section Agriculture.

As has been reported last year the present Department of Agriculture consists of the following three main sections—(a) Agriculture Proper, (b) Colonization and (c) Ravine or Behad Reclamation

A. Agriculture Proper

2. *Charge* —H H Pandya, M.Sc , Agri (U S. A.), remained in charge of this section almost throughout the year as Director of Agriculture. He was on privilege leave from 7th May to the end of June 1935, when his charge remained with the Deputy Director of Agriculture, Gwalior Division.

Tour —The Director of Agriculture was out on tour for 63 days during the year. The Director should pay more attention towards touring and should show better result next year. It is very important that he should devote his time sufficiently in touring.

Library —The number of books in the library at the end of the year was 2,677 and the number of Journals subscribed during the year was 21

Following is the list of leaflets written or articles contributed to the *Jayaji Pratap* by various officers of this Department :—

Name of officer contributing	Subject of article.	Issued as leaflet or published in "Jayaji Pratap."
Crop Botanist, Malwa	Pink Boll Worm of Cotton	<i>Jayaji Pratap</i> .
Civil Veterinary Officer	Benefit of Castration by the Burdizzo's Methods	Pamphlet
Nail Tehsildar Sabalgarh	Propaganda, 1. Merits of Co 205 Variety of Sugarcane.	1 <i>Jayaji Pratap</i>
	2. Benefits of Crushing Sugarcane by Sultan Mills.	2 <i>Jayaji Pratap</i> .

Exhibition.—The Annual Agricultural Exhibition was held at Gwalior on the Mela grounds as usual and was attended by thousands of people visiting the Mela. Opportunity was also taken to exhibit agricultural products in the fairs held at Ujjain, Bijaypur, Shivpuri, Kumbharaj, Suwasra and Agar.

Demonstrations of various improved implements were arranged at the Central Farm, Gwalior, during the Mela period and standing crops of the Farm were shown to cultivators.

"Farmers' Day" was celebrated at the Central Farm, Ujjain, on 20th December 1934. Zamindars and cultivators of nearly 26 villages were invited. Attendance of these people in the function was 60. In the course of celebration of this function demonstrations of useful implements were made and standing crops of the Farm were shown to cultivators.

3. *Central Experimental Farm, Gwalior.*—The regular monsoon had broken out much earlier than is generally observed. However, sowing operations were not carried out fully till the middle of July. The Kharif crops were

spoiled due to irregular and excessive rainfall, while the Rabi crops suffered from lack of rains and damages by frost. Sugarcane was the only crop which has escaped from most of the damages. Total rainfall of the season was 37.25 inches distributed in 52 rainy days.

Total area of the Farm was 265 acres of which 129 acres were under cultivation, 59 acres leased to cultivators and the rest under buildings, roads, grazing, etc.

Principal crops raised and experiments carried out at the Farm were as follows :—

Crop.	Variety.	SAMVAT 1991			SAMVAT 1990.		
		Maximum	Minimum	Average.	Maximum	Minimum	Average.
		Mds srs.	Mds srs	Mds. srs.	Md . srs	Mds. srs	Mds srs

Barley .	U. P. 251 ..	5-32	21-14	4-3	17-4	12-26	14-35

The Handy-andy cultivator designed on the Farm has been found to be very useful in saving good deal of manual labour. Seven implements were sold from the Farm during the year. Pusa-35 and Pusa-100 wheats, G-24 Til, c8B Jowar, Co. 312 and Co. 313 sugarcane have been found to give high yields. These varieties were therefore distributed to cultivators in the districts. About 21,880 lbs. of good selected seed and 19,200 sugarcane were distributed from the Farm directly to cultivators or through the agency of Propaganda Naib Tehsildars.

4. *Central Experimental Farm, Ujjain.*—Regular monsoon had started by the 24th of June 1934. Planting of Kharif crops had commenced in the last week of June. On account of excessive rainfall it was not possible to carry on all the farming operations satisfactorily. The year on the whole proved unfavourable for crop production. The total rainfall registered at the Farm during the year was 55.28 inches distributed in 78 rainy days.

The total area of the Farm was 760 acres of which 194 acres were under cultivation, 403 leased to tenants and the rest were under roads, buildings, etc.

Principal crops raised at the Farm together with experiments carried out during the year were as follows —

Crop.			Nature of experiments.	
Cotton	Multiplication for seed.	
Groundnut	Do.	and varietal tests.
Arhar	Do.	
Wheat	Do.	and cultural treatment after sowing.
Gram	Multiplication for seed and cultural treatment after sowing.	
Linseed	Multiplication for seed.	
Sugarcane	Do.	
Jowar	Do.	
Turmeric	Do.	

Small Japan groundnut was tried along with C. P. No. 10. The average yield of Small Japan was 3 maunds 5 seers whereas that of C. P. No. 10 was 7 maunds 10 seers per acre.

Comparative statement showing maximum, minimum and average yields per acre of principal crops raised at the Farm is given below :—

Crop.			Variety.		SAMVAT 1991.						SAMVAT 1990	
					Maximum.		Minimum.		Average		Average	
					Mds	Srs.	Mds	Srs	Mds	Srs.	Mds.	Srs

Wheat	Ekdania	8	6
"	..	.	G. D. 11	.	11	32	3	27	6	37	9	4

As these crops have been found to be suitable and beneficial, their seed is being introduced in the districts.

The Kirloskar Karamat sugarcane crusher worked by bullock as well as by engine power, was tried and it has been found very useful. A new ridging plough was purchased and tested for preparing ridges and furrows in connection with sugarcane planting. 34 implements were sold at the Farm during the year.

5. *Demonstration and Propaganda.*—Cultivators, conservative as they are by nature, are approached and helped in their tasks by this method. Achievements made during the year in this direction were as follows :—

8,874 demonstration plots within an area of 10,681 bighas and 1,120 seed-growers' plots within an area of 27,635 bighas were organized.

273 agricultural implements were sold amongst which chaffcutters, ploughs, drills (doffans and tiffans) and hand power gins, were in great demand

204 practical demonstrations were made.

30,806 lbs. of fertilisers with details as follows were sold. It is gratifying to note that cultivators have begun to realise the importance of fertilisers in economic crops like sugarcane, wheat, potatoes and vegetables.

Kind of Manure				Quantity in lbs.
Ammonium sulphate	11,852
Castor cake	454
Niciphos	88
Super phosphate	60
Sodium nitrate	5,330
Bone meal	1,800
Crushed bone	2,392
Karanj cake	6,270
Neem cake	2,560
Total				30,806

2,523 new manure pits in 424 villages were made.

71,891 fruit-plants were distributed to cultivators of 245 villages. The cultivators of Bhind, Narwar, Esagarh, Ujjain, Mandsaur and Shajapur districts have shown greater liking to fruit growing. It is hoped that cultivators of other districts of the State will also be made to realise the economic importance of cultivating fruit-plants.

The demand for seed of improved varieties of sugarcane, jowar, barley, gram, linseed, wheat and cotton was highest during the year. Altogether 4,84,278 lbs. of seed was distributed as against 4,48,786 lbs. of seed distributed last year. Number of sugarcanes distributed was 5,74,625.

Nineteen pure bred bulls were distributed free to selected zamindars, from the agricultural improvement funds, in the districts of Bhind, Tawarghar, Esagarh, Ujjain, Mandsaur and Shajapur.

Along with the bull breeding work at Ujjain, sheep breeding work has also been started on a moderate scale. The herd constitutes 51 heads including 2 pedigree merino ewes. The local ewes and half bred female adults were covered by the thorough bred rams. There is notable improvement in the quality of wool of the progeny.

About 2 years ago Cochinal insects were introduced in Ujjain and in some Parganas of the Malwa Division for controlling the growth of prickly

pears so very common in Malwa. Their development is reported to be very satisfactory. It is hoped that within the next few years the damages caused by these insects will be lessened to a great extent.

The method of crushing bones with the aid of local motor grinding stone was demonstrated at Ujjain and in the Parganas of Shajapur, Agar and Susner. The crushed bone was applied to the garden crops and the results were quite satisfactory. If the collection, grinding and utilization of bones be adopted as a countrywide practice it would prove of far-reaching consequences in the rural economy.

The methods of grafting, laying, budding and pruning fruit-plants were demonstrated to the interested cultivators of Ujjain, Shajapur, Mandsaur, Jawad and Suwasra.

Cultivation of vegetables is being popularised by distributing seeds from the agricultural improvement funds.

As a result of special interest taken by the Agricultural Inspector, Guna, a sugar factory, first of its kind in the Gwalior State, has been opened at the Rampur Colony in the Guna district.

The Director of Agriculture reports that some District Boards do not make use of the agricultural improvement fund, according to the principles laid down in the Departmental order issued by the Department in this connection. It is hoped that District Boards concerned will note this for future.

Chemical and Botanical Work

6. *Chemical Work*.—Under orders of the Council, medico-legal work hitherto done by the Pathologist, Jaya Arogya Hospital, Lashkar, was transferred to the chemical laboratory. During the year 204 samples were dealt with as against 146 of last year, of these 123 samples were received from the Agricultural Department and 30 from other departments apart from 51 samples of medico-legal nature.

Botanical Work, Gwalior Division.—The area under experiments during the year was 10 acres. Principal experiments tried during the year under report were as follows :—

Crop.	Nature of experiment.
Bajra, jowar, tilli, cotton, arhar, gram, wheat, Varietal. barley and sugarcane.	
Gram and wheat	Row cultures.
Sugarcane	Manurial.

Bajra.—The object has been to test different varieties with a view to find out high yielding and suitable variety for the Gwalior Division. In the beginning the crops suffered a good deal from continuous rains, but later on due to monsoon having ceased, some yield was obtained. Altogether 10 varieties were tried.

Baroda Variety (G-2).—This variety has maintained its high yielding quality on the Farm. Some of the varieties like Bhavnagar (G-1), Nabha and G-7 are likely to be suitable for Gwalior conditions.

Jowar.—In all 8 varieties were under trial, c8B being a high yielding variety, has been transferred to the Central Farm for multiplication.

Tilli.—In all 10 selections from the Gwalior Division and 1 from Pusa (S-7) were tried. Of these G-24 being a high yielder has been transferred to the Central Farm for multiplication.

Cotton.—As in previous years the crop was very vigorous till the flowering time but it failed heavily by the attack of the pink boll worms. Of the 6 varieties tried in row cultures C-520 had given some yield

Arhar.—Four local selections, 2 from Pusa and A-70 were tried under varietal tests. The crop was totally destroyed on account of severe attack of frost that occurred in January. An attempt has been made to make selections of frost-resistant plants which will be tried next year.

Gram.—In all 25 selections were tried. The condition of crop had been quite satisfactory till the stage of podding, but later on it was severely attacked by frost. Some of the selections least affected by frost, have been collected for further trials. Some of the selections like G-1 and G-8 have given an yield of 4 maunds and 15 seers and 4 maunds 35 seers, even under adverse conditions. Looking to 6 years' results G-10 and G-16 have been found to be the best yielders, suitable for distribution in the districts. Selections numbers 4, 16 and 10 have been transferred to the Central Farm for multiplication.

Wheat.—Of the 12 varieties tried D-9 and G-18 have given yields of 7 maunds and 25 seers per bigha on 1/10th bigha plots. Some of the selections made from row cultures will be tried on field scale in the next year's planting.

Barley.—Three varieties and 7 Gwalior selections were tried. Selections No. G-1, G-4 and G-10 have given an average yield of 11 maunds per bigha. Further trials, however, are required to be made.

Sugarcane.—Of the 12 varieties tried Co :313, Co :301, Co :310 and Co :290 have given higher yields of gur. In the previous two years' trial Co :313 and Co :312 having been proved to be superior in gur production have been transferred to the Central Farm for multiplication and distribution to cultivators. Application of Sodium Nitrate and Ammonium Sulphate had marked effect on sugarcane growth. Ammonium Sulphate plus castor cake has maintained its position of giving highest weight of canes.

Jowars c8B, Sugarcane Co :312 and Co :313 and Tilli G-24 having been found to be most suitable for Gwalior conditions, have been transferred by the Botanical section to the Central Farm for multiplication.

In the laboratory proper over 60 samples of seeds were examined for their purity and the germination percentage.

Botanical Work, Malwa Division.—The total area under experimental crops was 12.3 acres. Principal crops under experiment during the year were cotton, gram, wheat and sugarcane.

Cotton.—The object has been to establish a strain of cotton for Malwa tract with staple of about an inch, a fair ginning percentage and the spinning performance of 18 to 20 counts. Altogether 9 varieties of cotton were tried; but due to heavy rains in the beginning and frost later on, the crop was mostly destroyed. The average outturn was much below normal. The exotic varieties have shown a gradual decline in yield and in the spinning value. G-15 and K-22 have continued to prove good yielders as in the past.

Wheat.—New varieties of wheats received from Poona, Nagpur, Layallpur, Cawnpore, Pusa and New South Wales are being tried in comparison with G D 11 which has been found successful in the past. Further trials require to be taken to a definite conclusion.

Sugarcane—Six thick and thin varieties of canes were tried. The frost of January caused great damage to the crop. Of the thin varieties Co : 213, having proved frost-resistant and also a high yielder, it has been very popular with the cultivators. Even though the crop was severely affected by frost the yield of gur obtained from Co : 213 was 26 maunds per bigha.

7 *Dairy and Bull Breeding Farm, Maharajpur*—The total number of dairy animals during the year under report was 195.

Selection work on the basis of milk-yield in cows and buffalo heifers, have shown milk records of 3,568 lbs. and 4,024 lbs. respectively in the first lactation period. Yield from 2 heifers cross between Scindhi and Montgomery will, it is expected, go up from 4 to 5 thousand lbs. a year in their first lactation.

Hariyana herd is maintained for raising breeding bulls to be distributed to cultivators.

Three young bulls fit for breeding were available for distribution at the close of the year.

Milk and milk products raised, purchased and sold during the year were as follows :—

Name of article.					Dairy out-turn in lbs.	Purchased from co-operative Dairy man in lbs	Sale in lbs.
Milk	1,11,354	1,57,250	2,33,135
Cream	2,329	5,035	833
Butter	3,687	..	3,543
Ghee	533	.	572

The total valuation of milk and milk products sold from the dairy was Rs. 21,606 as against Rs. 19,610 of last year.

8. *Agricultural Engineering and Boring*.—Most of the activities of this section are centered in the Guna district. All repairs of steam and oil tractors and boring machines were made at the Implement Stores, Gwalior. Necessary parts for these machines were also made at the workshop attached to the Implement Stores.

The total income derived from sale or hire of machinery, implements and spare parts was Rs. 853 during the year. The total area ploughed by tractors was 1,238 bighas.

Boring Operations.—Seven orders for boring work were received during the year.

Statement showing names of places and footage of work done during the year is given below :—

Name of place	Name of machine.	This year's work in feet.
Chak Jood	F-31 ..	41
Chanderi	F-32 ..	100
Rajpur	G-3 ..	25
Kharowa	Keystone..	89
Bakthara	Musto ..	100
Lashkar	Keystone ..	72
Morar	Musto ..	Cleaning
C. F., Gwalior	„ ..	Cleaning
	Total ..	427

9. *Civil Veterinary.*—The work in the Lashkar Hospital is progressing very well due to spacious building obtained on hire. The number of indoor patients during the year was 41 as against 21 of last year

Altogether 30,391 animals were reported as attacked by various contagious diseases. Out of these more than 28,412 animals were saved by rendering medical help in time. Number of patients treated was 24,535 and the number of inoculations made was 6,681.

Ninety-five thousand four hundred and fifty-seven animals for diseases other than contagious were treated in the Veterinary hospitals of Lashkar, Guna and Ujjain and by the Veterinary Assistants. Major and minor operations made were 417 and 1,275, respectively. Number of castrations made was 17,696 Number of slides dealt with by the Pathologist in the laboratory was 749.

B. Colonization.

1. *Charge.*—During the year under report the charge of this section remained with (1) Tatyaji Rao Yadav, Deputy Colonization, for 9 months and 24 days and (2) with Madhorao Chohan, Ravine Reclamation Officer, for 2 months and 6 days

2 *Tour.*—The Deputy Colonization was out on tour for 51 days during the year in the districts of Ujjain, Shajapur, Esagarh and Bhind.

3. *Chaks and Blocks.*—Details of area under chaks and blocks both allotted and unallotted at the end of the year under report were as follows :—

	Chaks	Blocks.	Area in Bighas.
Allotted	672 $\frac{1}{8}$	1,143 $\frac{3}{4}$	7,50,945-2
Unallotted	153 $\frac{1}{8}$	535 $\frac{1}{4}$	2,18,897-6
Total ..	826	1,679	9,69,842-8

During the year 1,868 bighas of land were sequestrated for treatment under the New Abadi Rules (1,327 bighas in the Esagarh district and 541 bighas sequestrated in previous years but confirmed by the Subat and Bench courts during the year in the course of Uzardari). Besides this out of the area transferred to this section by the Forest Department 336 bighas of land were reviewed and confirmed for similar treatment.

Ten thousand one hundred and eighty-two bighas of land were leased out to new settlers during the year and the amount realised by way of deposit, Nazarana or sale by auction, etc., aggregated to Rs. 12,417-1-7

Cultivated area in chaks and blocks hitherto allotted aggregated to 2,80,758 bighas showing an increase of 188 bighas over last year.

The position of settlers, foreign and local, who have settled in chaks and blocks, was as follows at the end of the year under report :—

Particulars of settlers			Population	Cultivators	Ploughs
Settlers, foreign	14,597	5,267	4,098
Settlers, local	18,830	6,236	4,413
Total			33,427	11,503	8,511
			Other Bullocks cattle.		
Settlers, foreign	8,610	18,590	
Settlers, local	9,985	25,079	
Total			18,595	43,669	

4. *Colony Schemes*.—Hitherto 3 regular colonies have been established at (1) Rampur (District Esagarh), (2) Dhakoni (District Esagarh) and (3) Endori (District Bhind).

1. *Rampur Colony*.—The area within the jurisdiction of this colony is 34,485 bighas. Out of which 29,352 bighas have so far been allotted and 5,133 bighas are still unallotted. Out of the area allotted 7,170 bighas have been brought under the plough. The number of settlers foreign and local is nearly 525 with a population of 1,502 persons.

2. *Dhakoni Colony*.—Against a total area of 40,007 bighas of this colony, 39,558 bighas have been allotted so far, out of which 9,956 bighas have been brought under the plough.

3. *Endori Colony*.—This colony was established in Samvat 1983. Mostly Punjabi settlers have settled here. Sugarcane cultivation is being done in nearly 800 bighas. It is expected that this colony will make a good progress in this crop, provided irrigation facilities are duly given to intending cultivators.

Gujrati Settlement.—About 34,007 bighas of land have been allotted to Gujrati people in the Parganas of Mungaoli and Pachhar about 2 years ago in the Piprai circle. 4,000 bighas have been brought under the plough so far. These people are making very good progress in their work. In order to encourage them in their work Piprai colony scheme is under the consideration of the Department.

.. During the year Rs. 1,035 were advanced as loan by the Co-operative Banks concerned to two chak holders of the Bhind and Esagarh districts for the construction of wells and for seed; while Rs. 757-1-0 were advanced to Deccani settlers of the Esagarh district for the purchase of seed, bullocks and implements of husbandry.

As reported last year altogether 156 wells were sanctioned to be constructed at Government cost. Out of which 129 wells have been completed so far and 27 wells are under construction. Besides this 29 wells for irrigation

and drinking purposes have been sunk by chak holders at their own expense involving a capital outlay of nearly Rs 5,852. These wells will be able to irrigate about 280 bighas of land.

During the year leases in respect of 2,846 bighas of land in the districts of Esagarh and Bhilsa were cancelled on account of non-fulfilment of terms of leases.

Chaks and blocks comprised of an aggregate area of 35,057 bighas of land and assessed to an annual malguzari of Rs. 16,204 have hitherto been transferred to the Revenue Department including 925 bighas of chak Bindwa of the Bhandar Pargana and the riyayati malguzari of Rs 72 transferred during the year.

So far altogether 23,663 stone pillars have been fixed for marking the boundaries of chaks and blocks inclusive of 1,986 stone pillars fixed during the year; 9,190 pillars are yet to be fixed.

C. Ravine Reclamation.

1. *Charge*.—The charge of this section remained with Madhorao Chohan, Ravine Reclamation Officer, throughout the year. He was out on tour for 1 month and 17 days during the year.

2. *Bunds and Bandhīyas*.—Permission for the construction of 26 Bunds and 45 Bandhīyas calculated to reclaim 1,246 bighas of land and protect another 300 bighas from further denudation was given during the year under report. A loan of Rs 7,820 was also arranged through the banks concerned as an aid in favour of some applicants for the construction of 14 Bunds and 26 Bandhīyas.

One Bund and one Bandhīya involving a capital outlay of Rs. 500 and Rs. 200 respectively were completed during the year reclaiming an area of 70 bighas and protecting 15 bighas from further denudation, while 13 Bunds and 25 Bandhīyas are under construction.

Besides this, permission for the construction of 7 Bunds and 2 Bandhīyas by the owners of lands concerned was also given. All these works are under construction and will be completed within the prescribed period.

So far 80 pattas and 450 certificates have been granted for the completed works of Bunds and Bandhīyas of previous years while 286 pattas and 79 certificates are under preparation.

As a result of this activity hitherto resulting in the construction of 367 Bunds and 628 Bandhīyas, an area of 6,101 bighas has been brought under the plough, and 4,268 bighas protected from further denudation.

Up to the end of last year 12 Bunds with a capital cost of Rs. 2,42,382 were completed at Government expense. During the year 3 more works together with one project for remodelling and raising of one Bunda, all with an estimated cost of Rs 34,595 were completed. Thus so far 15 Bunds and 1 project for remodelling and raising of one Bunda have been completed with a capital cost of Rs 2,76,982.

The work of Bunda Basaiya estimated to cost Rs 9,998 is in progress and will be completed next year.

Four projects with an estimated cost of Rs. 1,64,706 are being elaborated by the Department.

HASHMATULLA KHAN,
HOME MEMBER,
Gwalior Government.

FINANCE DEPARTMENT.

The late Dewan Bahadur Jay Gopal Ashthana held charge of the portfolio from the 1st July, 1934, to the 18th March, 1935, the date of his regretted demise. Col. Sir Kailas Narain Haksar, Kt, Political Member, officiated as Finance Member, for the rest of the year ending 30th June, 1935.

PART I.—Finance Proper.

The report is divided into the sections mentioned below :—

1. Budget.
2. Accounts and Audit.
3. Stamps.
4. Pensions and Gratuities
5. Muzmi

Section 1.—Budget.

The Budget was divided into the following sub-sections :—

1. Normal Budget.
2. Fund Budget.
3. Non-Recurring Grants.
4. Budget of Programme Works
5. Budget of Experimental Earning Departments.
6. Unlapsed items of the preceding year's Budgets to be disbursed during the year.

Normal Budget.

The estimated Normal Recurring Revenue for the whole State was Rs. 167.65 lacs but the actual income amounted to Rs. 176.92 lacs, or an increase of Rs. 9.27 lacs made up of the followings :—

				Rs. Lacs.	
1.	Land Revenue	7.85	Increase.
2.	Excise	1.00	,,
3.	Irrigation70	,,
4.	Jagir Section Dues	2.49	,,
5.	Forests14	,,
6.	Stamps13	,,
7.	Posts51	,,
8.	Chuck Blocks34	,,
9.	Treaty payments and other Miscellaneous heads	1.02	,,
Total				14.18	,,
				Rs. Lacs	
10.	Customs	2.38	Decrease.
11.	Railways	.	.	2.52	,,
12.	Jails01	,,
Total				4.91	,,

The net increase was thus Rs. 9.27 lacs.

The estimated Normal Recurring Expenditure was Rs. 172.13 lacs against which the actual expenditure was Rs. 159.57 lacs leaving a savings of Rs. 12.56 lacs.

Fund Budget.

The results of the operation of this budget were as follows —

The total amount of interest accrued was Rs. 49.41 lacs and the expenditure on Departments and Works financed out of the interest was Rs. 24.07 lacs, details of which are as follows —

	Rs. Lacs
1. Expenditure pertaining to the previous year .	1.34
2. Expenditure out of the current year's interest	22.73

Non-recurring Grants.

The Non-recurring estimated and actual expenditure chargeable to the interest on the *Gangajali* short term deposits were as follows —

	Rs.	a.	p.	
1. Estimated amount .	89,216	0	0	
2. Expenditure . .	38,567	0	0	
Balance ...	50,649	0	0	Unspent.

Programme Works.

The amounts sanctioned for the unfinished and new works out of the balance of the previous years' sanctioned amount were Rs. 60.60 lacs while the expenditure was Rs. 15.90 lacs.

NOTE.—Out of this actual expenditure of Rs. 15.90 lacs, Rs. 15.28 lacs was the net expenditure and Rs. .62 lacs have lapsed.

Budget of Experimental Earning Department.

The Opium, Quarries, *Asha Sharab*, Ayurvedic Pharmacy and Ujjain-Agar Light Railways, come under this head. The actual expenditure was Rs. 1.24 lacs against a sanctioned estimate of Rs. 2.07 lacs.

Unlapsed Items.

The total amount of unlapsed grants including Programme Works was Rs. 74.41 lacs at the end of Samvat 1990 out of which Rs. 18.41 lacs including Programme Works were spent during the year under report.

Section 2.—Accounts and Audit.

The work of audit is being carried out according to the system laid down.

During the year under report 467 offices were locally audited in the Moffussil and 155 offices at Headquarters.

Foreign Railway Audit.

The Foreign Railway Audit work consists of two parts. One part is the test-audit of the accounts of the Darbar lines and the other part is the settlement of claims preferred on behalf of the Darbar, and the correspondence for favourable rates demanded for the development of traffic over the Darbar lines. This latter part of the work is conducted through correspondence from the Head Office with the different Railway Administrations.

II. The progress of the Foreign Railway test-audit work for the year under report was as follows :—

<i>Audit Office</i>	Claims admitted and adjusted on presentation of discrepancies detected in the accounts relating to the Darbar lines.
(1) <i>Delhi Office</i> (File No. 151/91, F. Railway).	(1)	Bhopal-Ujjain, Bina-Baran and Nagda-Ujjain Railways— Foreign accounts .. Rs. 15,898-10-11 (2) N. U. Railway— Local accounts .. Rs. 259-4-0 <hr/> Rs. 16,157-14-11
(2) <i>Bombay Office</i> (File No. 626/91, F. Railway).		Bhopal-Ujjain and Bina-Baran Railways Local accounts Rs. 7,983-3-11 <hr/> Total .. Rs. 24,141-2-10

III. During the year under report, special rates were obtained for “ Fruits fresh ” from Nagpur, Katol, etc , to *via* Kotah, and the traffic was eventually diverted over the Bina-Baran Railway.

IV. Besides the above, some cases are being dealt with as follows :—

(1) Railway material for the Jodhpur Railway was carried by a longer route and the Bina-Baran Railway (short route) was thereby deprived of its due share. The Director, Railway Clearing Accounts Office, not being prepared to accept the Darbar’s claim for the re-apportionment of the freight charges by their line route, the matter had to be referred to the Chief Traffic Manager, G. I. P. Railway. That officer (C. T. M.) was inclined at first to waive the claim and intimated his concurrence with the Director’s views but on the Finance Department citing a previous case of a similar nature in support of the Darbar’s claim, he agreed to the necessary adjustments being carried out, and advised the Director to this effect. The Darbar Railway’s share in the transaction amounts to Rs. 5,286.

(2) So far as the case referred to in the foregoing para IV (1) is concerned, although the G. I. P. Railway authorities gave their decisions in favour of the Darbar and advised the Director to comply accordingly, that officer has withheld the necessary adjustments and he has referred the matter to the Commercial Committee for their decision, and to the Railway authorities for reconsideration. Final replies being still awaited, the results will be given in next year’s report

Section 3.—Stamps.

The number of licensed vendors was 234 in the previous year, *i.e.*, at the end of Samvat 1990 while there are now 239. An increase of five has thus been made to the previous number of vendors.

The stamp revenue for the year under report amounted to Rs. 6.37 lacs while that of the previous year was Rs. 6.51 lacs. There is a decrease of Rs. 0.14 lacs this year

The revenue from one anna Receipt stamps sold through the Post Offices was Rs. 22,255 as compared with that of last year amounting to Rs. 15,192 only.

The income from Petition stamps was Rs. 31,642 against Rs. 15,192 of the previous year.

Section 4.—Pensions and Gratuities.

The abstract given below will show the position of pensions and gratuities :—

	Number of pensioners.	Amount.		
		Rs.	a.	p.
At the end of Samvat 1990 ..	4 739	5,64,019	8	0
Decrease by death during the year under report.	131	19,060	14	0
Total ..	4,608	5,44,958	10	0
Increase by new pensions during the year, Samvat 1991.	235	60,670	10	0
Total at the end of Samvat 1991 ..	4,843	6,05,629	4	0

Gratuities sanctioned during the year were :—

	Number of retired persons.	Amount.		
		Rs.	a.	p.
Military	36	5,334	8	11
Civil	92	37,038	9	4
Total	128	42,373	2	3

The figures of actual disbursement of pensions and gratuities during the year were as follows :—

	Rs	a.	p
Pensions	5,72,065	7	10
Gratuities	40,472	2	5
Total	6,12,537	10	3

The amount disbursed on account of pension commutations during the year Samvat 1991 was Rs. 27,456-12-6.

Section 5.—Muzmi.

The old Muzmi up to the end of Samvat 1976 was Rs. 383.55 lacs. Adjustment of Rs. 1.57 lacs was made during the year leaving a balance of Rs. 381.98 lacs.

The Muzmi newly accumulated from Samvat 1977 to the beginning of the current year was Rs. 176.56 lacs. During the year under report Rs. 68.64 lacs were recovered and adjusted. A balance of Rs. 107.92 lacs still remains to be adjusted.

The progress is not satisfactory and the matter will receive special attention.

PART II.—Review on the Report of the Co-operative Department.

The Report on the working of the Co-operative Societies and Banks for the year ending 30th June 1935 is a record of work carried on under exceptionally difficult circumstances. During the year there was little lightening of the clouds that have hung so long over the prospects of the agriculturists and in consequence there has been no marked reduction in the amount of overdue arrears. The only silver lining in the cloud is that there has been no further setback in the general condition of the movement. Thus, the number of societies rose from 4,167 to 4,183, their membership from 73,685 to 75,789 and their working capital from 71.98 lakhs to 75.31 lakhs. Similarly the percentage of recoveries of principal to the total amount outstanding rose from 14.7 to 18.6.

There is little consolation to be derived from a study of these figures; but agricultural conditions having been as they were, they can occasion no surprise. The effects of the successive failure of crops and continued economic depression has been shattering in some districts and little can be done in these areas to save the societies from disaster without substantial financial assistance from the Government.

I must, in conclusion, express my thanks to the Director for his illuminating Report which sets forward in a convincing manner the exact position of affairs and attempts to gloss over nothing. I also associate myself with the Director's remarks as to good work done by the Subas, Tehsildars and non-official co-operators.

C. W. C. CARSON,
FINANCE MEMBER,
Gwalior Government.

LEGISLATIVE AND JUDICIAL DEPARTMENT.

General.

1. *Charge*.—I remained in charge of the Department throughout the year under report.

Changes in the Personnel of the Department.

2. The pay of the post of Inspecting Officer, Jagir Courts, was raised to Rs. 300 and Sahibzada Safdar Ali Khan, District and Sessions Judge, Narwar, was transferred to that post on equal pay. In consequence of this arrangement Jagmohan Lal, City Magistrate, Lashkar, was promoted to the grade of District and Sessions Judge, and posted to Bhilsa.

3. The following officers were retired on pension :—

(1) Kunwar Prasad Kaul, District Sub-Judge, Morena.

(2) Basharat Hussain, Pargana Judicial Officer, Sabalgarh.

4. The services of Prakash Narain Gach, B.A., LL.B., were dispensed with.

5. The services of Ram Krishna Gupta, B.A., LL.B., Settlement and Boundary Inspector, Revenue Department, were transferred to this Department and he was appointed as Pargana Judicial Officer.

6. Hira Lal, B.A., LL.B., was appointed as Pargana Judicial Officer.

7. Vinayak Rao Keshav Dongre, M.A., LL.B., a Pargana Judicial Officer, whose appointment was temporary, was, under orders of the Council, made permanent.

8. Gopal Ramchandra Garde, B.A., LL.B., Government Pleader, was confirmed in his appointment on the expiry of his probationary period.

Majlis-i-A'm.

9. As the usual time of holding the annual session of the Majlis-i-A'm fell much before the expiry of one year since the demise of late lamented Princess Kamla Raja Sahiba Scindia, during which all functions attended with ceremonials remained suspended, the Council of Regency were pleased to postpone the annual session. Consequently no sitting of the assembly was held during the year under report.

10. Chaudhari Deo Lal, Zamindar of village Daror, Pargana Mastura, was appointed as a member of the Majlis-i-A'm representing the District Board, Gird Constituency, *vice* Govindrao Sadashiv who vacated his seat on his appointment as a member, Majlis-i-Qanoon.

11. Bhagwan Das Gupta was appointed a member of the Majlis-i-A'm representing local pleaders of Lashkar Constituency, *vice* Gopal Ramchandra Garde, B.A., LL.B., who vacated his seat on his appointment as Government Pleader.

12. Rao Raja Raj Bhushan Sir Hukum Chand, of Indore, was appointed a member of the Majlis-i-A'm representing Chamber of Commerce, Ujjain Constituency, *vice* Seth Lal Chand B. Sethi who vacated his seat on his appointment as a member of the Majlis-i-Qanoon.

Majlis-i-Qanoon.

13. No sitting of the Majlis-i-Qanoon was held during the year under report.

14. Parmeshwar Dayal, a High Court Vakil and a non-official member of the Majlis-i-Qanoon, was re-appointed on the expiry of his term of office.

15. Seth Ram Kumar Birla was appointed a member of the Majlis-i-Qanoon, *vice* J. P. Jhala, resigned

16. On the expiry of the term of office of—

- (1) Sardar Anand Rao Bhao Phalke,
- (2) Waman Rao Krishna Nigudkar,
- (3) Seth Todar Mal,
- (4) Mathra Prasad,

the first three were re-appointed as members of the Majlis-i-Qanoon and in place of the fourth Takht Mal, Vakil of Bhilsa, was appointed.

17. Seth Lal Chand B. Sethi was appointed a member of the Majlis-i-Qanoon to represent the mill owners

Legislation.

18. The Cotton Ginning and Pressing Factories Act, Samvat 1991, and Rules thereunder were issued which will come into force from the 1st of July 1935.

19. Rules relating to the grant of Prospecting Licenses and Mining Leases in the Gwalior State, Samvat 1991, were issued which came into effect from the 2nd March 1935.

20. A Draft Correction Slip, amending Section 8 (1) of the Gwalior Child Marriage Restraint Act, Samvat 1988, was published for public opinion. The amendment proposes to reduce the amount of security from Rs. 500 to Rs. 100 and confers discretionary power on court to dispense with the demand of any security which is obligatory at present.

Circulars.

21. Of the four Circulars issued during the year under report, the following are important :—

Circular No. 1 —Lays down that such publications as may be proscribed in British India shall be deemed to have been proscribed in the Gwalior State and empowers the Police to seize such publications and the postal authorities to withhold their delivery to the addressees.

Circular No. 3.—Empowers the Trade Member to prohibit import of matches into the State territory from specified places and prescribes punishment for the breach thereof.

Departmental Orders.

22. A Departmental Manual relating to the ministerial work of the courts, which consolidated and brought up to date all the previous orders on the subject, was issued and came into force from the 1st of March 1935.

Of the eleven Departmental Orders issued during the year under report the more important are noted below :—

Departmental Order No. 3.—Directs that when the complainant is a Pardahnashin woman her statement as complainant, if so desired by her, should be taken at her residence on payment of the prescribed fees; if she is unable to pay such fees her statement should be recorded either in the court room or in any other place in the court house with due regard to Pardah.

Departmental Order No. 7.—Directs that when a complaint is made against a labourer or an artificer for an alleged breach of contract under the Gwalior Workman's Breach of Contract Act, Samvat 1968, the Court should see that the complainant is a genuine one and not as a cloak to realise the ordinary debts.

Correction Slips.

23. Thirty Correction Slips amending the following Laws and Rules were issued by the Department during the year under report :—

- | | |
|-----------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. The Gwalior Penal Code, Samvat 1982. | No. 10, dated 2nd July 1934, amends Section 523 (published with the <i>Gwalior Government Gazette</i> , dated 7th July 1934). |
| 2. The Gwalior Criminal Procedure Code, Samvat 1953 | No. 20, dated 30th August 1934, substitutes Sections 49 to 63 (published with the <i>Gwalior Government Gazette</i> , dated 8th September 1934). |
| | No. 21, dated 28th September 1934, adds Section 205 (published with the <i>Gwalior Government Gazette</i> , dated 29th September 1934). |
| | No. 22, dated 24th October 1934, amends Section 49 (published with the <i>Gwalior Government Gazette</i> , dated 3rd November 1934). |
| | No. 23, dated 21st June 1935, amends Section 487 (published with the <i>Gwalior Government Gazette</i> , dated 22nd June 1935). |

| 4. Qanoon A'm (unrepealed portion), Samvat 1953. | No. 3, dated 28th September 1934, amends Section 203 (published with the <i>Gwalior Government Gazette</i> , dated 29th September 1934) |
| | No. 4, dated 15th February 1935, adds Section 166 (published with the <i>Gwalior Government Gazette</i> , dated 16th February 1935). |

5. The Gwalior Civil Procedure Code, Samvat 1966.

No. 16, dated 28th September 1934, amends Section 50 (published with the *Gwalior Government Gazette*, dated 29th September 1934).

No. 17, dated 5th October 1934, adds Section 278 (published with the *Gwalior Government Gazette*, dated 6th October 1934).

No. 18, dated 17th April 1935, adds Section 287 (published with the *Gwalior Government Gazette*, dated 20th April 1935).

No. 19, dated 22nd May 1935, amends Section 278 (published with the *Gwalior Government Gazette*, dated 25th May 1935).

6. The Gwalior Land Acquisition Act, Samvat 1974.

No. 13, dated 2nd November 1934, repeals Section 47 (published with the *Gwalior Government Gazette*, dated 3rd November 1934).

No. 14, dated 5th March 1935, amends Section 32 (published with the *Gwalior Government Gazette*, dated 13th April 1935).

7. Qanoon Aukaf, Samvat 1983.

No. 5, dated 5th December 1934, amends Section 3 (published with the *Gwalior Government Gazette*, dated 8th December 1934).

8. Qanoon Rayyatwari, Samvat 1974.

No. 9, dated 5th December 1934, amends Section 2 of Appendix No. 2 (published with the *Gwalior Government Gazette*, dated 8th December 1934).

No. 10, dated 24th January 1935, amends Section 162 (published with the *Gwalior Government Gazette*, dated 26th January 1935).

9. The Gwalior Companies Act, Samvat 1953.

No. 3, dated 15th February 1935, adds Section 258 (published with the *Gwalior Government Gazette*, dated 16th February 1935).

10. The Gwalior Panchayat Boards Act, Samvat 1979.

No. 17, dated 3rd May 1935, substitutes Section 58 (published with the *Gwalior Government Gazette*, dated 4th May 1935).

11. The Gwalior Excise Act, Samvat 1965.

12. The Gwalior Motor Vehicles Rules, Samvat 1979.

13. Rules under Sections 48, 52, 53 and 70 of the Gwalior Stamp Act.

14. Rules relating to Loans to Jagirdars.

15. The Gwalior Civil and Criminal Court Regulations, Samvat 1989.

16. Rules under Section 12 of the Gwalior Cotton Ginning and Pressing Factories Act, Samvat 1991.

17. Circular No. 3 of Samvat 1968.

No. 18, dated 25th June 1935, adds Section 57-A (published with the *Gwalior Government Gazette*, dated 29th June 1935).

No. 5, dated 10th May 1935 adds Section 47 (published with the *Gwalior Government Gazette*, dated 11th May 1935).

No. 5, dated 9th July 1934, amends Rule 12, Sub-rule (1) (published with the *Gwalior Government Gazette*, dated 14th July 1934).

No. 6, dated 18th January 1935, adds a Proviso to Rule 12, Sub-rule (2) (published with the *Gwalior Government Gazette*, dated 19th January 1935).

No. 7, dated 26th June 1935, amends Rule 12, Sub-rule (1), Clause (a) (published in the *Gwalior Government Gazette*, dated 29th June 1935).

No. 1, dated 12th October 1934, substitutes the words "District Judge" and "District Court" for the words "District Sub-Judge" and "District Sub-Judge's Court" (published with the *Gwalior Government Gazette*, dated 13th October 1934).

No. 1, dated 15th February 1935, amends Section 28 (published with the *Gwalior Government Gazette*, dated 16th February 1935).

No. 5, dated 15th February 1935, amends the Serial No. 61 of the list of Courts (published with the *Gwalior Government Gazette*, dated 16th February 1935).

No. 1, dated 5th June 1935, amends Section 8 (published with the *Gwalior Government Gazette*, dated 8th June 1935).

No. 1, dated 25th January 1935, adds a Note (published with the *Gwalior Government Gazette*, dated 26th January 1935).

18 Circular No. 2 of Samvat
1980

No 1, dated 28th September
1934, amends Section 4 (pub-
lished with the *Gwalior Govern-
ment Gazette*, dated 29th Septem-
ber 1934).

Important Notifications.

24. Under Rules 5 (A) and 8 (A) of the Gwalior Motor Vehicles Rules, Samvat 1979, reciprocal arrangements were arrived at with Jobat Darbar (Central India) in the matter of driving licenses and registration of motor vehicles (*vide* Notification No. 15, Legislative and Judicial Department, issued in the *Gwalior Government Gazette*, dated 21st July 1934)

25 A buffalo sacrifice by Thikanedar, Tonkehawda, Pargana Sonkach, on the 30th day of the month of Bhadrapad was declared to be in pursuance of a religious rite within the meaning of the Exemption 1, Section 521 of the Gwalior Penal Code, Samvat 1982 (*vide* Notification No. 28, Legislative and Judicial Department, issued in the *Gwalior Government Gazette*, dated 25th August 1934).

26. Section 5 of the Gwalior Limitation Act, Samvat 1971, was extended to applications to set aside *ex parte* decrees (*vide* Notification No. 43, Legislative and Judicial Department, issued in the *Gwalior Government Gazette*, dated 29th September 1934)

27. The Gwalior Protection of Wild Birds and Animals Act, Samvat 1976, was extended to the districts of Gird, Narwar and Sheopur (*vide* Notification No. 48, Legislative and Judicial Department, issued in the *Gwalior Government Gazette*, dated 13th October 1934)

28. The operation of Notification No. 133, Legislative and Judicial Department (issued in the *Gwalior Government Gazette*, dated 2nd June 1934), whereby the execution of civil decrees against Zamindars and Kashtkars by attachment of revenue paying lands, agricultural implements and cattle had been suspended uptill the end of December 1934, was extended first up to 30th June 1935 (*vide* Notification No. 82, Legislative and Judicial Department, issued in the *Gwalior Government Gazette*, dated 22nd December 1934).

29. To expedite disposal of cases arising out of the activities of some bands of notorious dacoits, the ordinary procedure of preliminary inquiry and commitment in the trial of offences relating to (1) Murder or culpable homicide, (2) Dacoity, (3) Robbery, and (4) Kidnapping or abduction with intent to commit murder, which had been suspended in the districts of Tawarghar, Bhind and Gird was further extended for a period of two years.

Judicial Administration.

30. With a view to clear off arrears in the Court of the District and Sessions Judge, Ujjain, the appointment of an additional District and Sessions Judge (as a temporary measure) was sanctioned.

31. Under Section 2 (7), Note, of the Gwalior Civil and Criminal Courts Regulations, Samvat 1989, the Pargana Judicial Officer, Ujjain, was invested with the powers of a first class Magistrate

32. Thikana Raosar, Pargana Bajrangarh, which formed part of the Jagir of Sardar Jadhoo Sahib, having been constituted into a separate Jagir, the Darbar courts were empowered to exercise jurisdiction within the Thikana.

Boards Sahukaran and Special Boards.

33 Under the Gwalior Protection of Person and Property Act, Samvat 1970, Boards Sahukaran have been established at Lashkar and at the headquarters of all districts. The boards mainly consist of traders and administer the estates of Sahukars entrusted to their care by the order of the court or of the Government

34 The term of office of members of the Boards Sahukaran of districts Shajapur, Esagarh, Bhind and Sheopur having expired, fresh elections were held under the provisions of the Gwalior Protection of Person and Property Act, Samvat 1970

Honorary Magistrates.

35. Under provisions of Section 2 (10) of the Gwalior Civil and Criminal Courts Regulations, Samvat 1989, the courts of Honorary Magistrates were constituted at Morena, Sheopur and Shivpuri with powers of a second class Magistrate

36. Under provisions of Circular No. 8, Samvat 1968, Legislative and Judicial Department, Benches of Honorary Municipal Magistrates were constituted at Unhel, Narwar and Pachhar

37. The term of office of the Honorary Magistrates attached to the City Magistrate's Court, Lashkar, having expired, fresh appointments were made.

Conciliatory Boards.

38. The Conciliatory Board at Lashkar was established under the Conciliatory Board Rules, Samvat 1980. The main object in establishing the Board is to assist the courts at the headquarters in the speedy disposal of cases by employing a non-official agency to settle issues of facts relating to accounts, etc , by arbitration and compromise

39. Out of 89 sittings of the Board, business could be transacted in 19 only. The attendance of Kesho Lal Sahib was as usual the highest, next to him being that of Seth Laxmandas.

The following comparative statement would show the working of the Board during Samvats 1989, 1990 and 1991 :—

Samvat.	Last year's balance.	Institution.	Total for disposal.	Disposal.	Balance.
1989 ..	6	1	7	2	5
1990 ..	5	7	12	2	10
1991 ..	10	1	11	4	7

40. The small attendance of some of the members of the Board, which rendered the attendance of other members fruitless for want of quorum, is responsible for small disposal and large balance. It would be well for such members to note that their inattention to the work entrusted to them not only affects the work in hand but is likely to make the institution unpopular. While reviewing the last year's report, I had requested the members concerned to be more punctual in their attendance. I repeat that request once more.

Joint Stock Companies.

41. During the year under report the charge of the office of the Registrar, Joint Stock Companies, remained with Rang Lal Sahib, the Director of Co-operative Societies and Co-operative Banks.

42. During the year under report one new company was registered with an aggregate capital of Rs. 50,000.

43. The total number of companies on the register at the close of the year was 40. Out of these only 14 have submitted their papers. The capital of those companies who have submitted their papers amounted to Rs. 5,22,85,000.

44. During the year the Gwalior Companies Act was so amended as to empower the Registrar to disregister companies which fail to comply with the provisions of the Act in the matter of submitting their balance sheets, annual summaries and other returns.

45. The income derived from fees for filing documents amounted to Rs. 145.

Jagir Courts.

46. Thirty Jagirs out of the total number of forty-eight Jagirs invested with Judicial powers have submitted reports of their courts during the year under report.

47. The Inspecting Officer of Jagir Courts inspected 25 Jagir Courts during the year under report.

48. The total number of original Civil suits in the Jagir Courts, which have submitted reports for disposal (including the opening balance of 461 cases) was 1,691. Out of these, 1,191 cases were disposed of, leaving a balance of 500.

49. The total number of Criminal cases brought to trial in the Jagir Courts, which have submitted reports during the year, was 1,651, out of which 1,318 were disposed of, leaving a balance of 333. The total number of accused persons involved was 3,231 out of which 2,528 were disposed of with the following result :—

Convicted	573
Acquitted		711
Discharged or otherwise disposed of				.	1,244

Panchayat Boards.

50. To provide for more expeditious and less expensive machinery to settle petty disputes by the members of the public themselves, the system of Panchayat Boards was introduced in Samvat 1968. The working of the Boards during the past years shows that this system has proved a success and the object of the Government in introducing it has been amply justified.

51. During the year under report two more Boards were constituted, the strength at the close of the year being 105.

52. Under Section 47 of the Gwalior Panchayat Boards Act, Samvat 1979, the Panchayat Boards at Karera, Kadwasa, Shujalpur, Bijaipur, Sardarpur and Nikumbh were invested with enhanced powers to hear Civil suits of valuation not exceeding rupees fifty.

53. Under Sections 47 and 48 of the Gwalior Panchayat Boards Act, Samvat 1979, Hardai Khurd Panchayat Board, Pargana Shujalpur, was invested with enhanced powers to hear Civil cases up to the value of rupees fifty and Sarsari Mal cases up to the value of rupees seventy-five.

54. The Agra (Khajuri Khurd) Panchayat Board, district Sheopur, was divided into two separate Boards with their headquarters at Gasvani and Shyampur.

55. The Nayagarh Panchayat Board, Pargana Jawad, was abolished, the villages being transferred to the Panchayat Boards of Jawad and Neemuch, respectively.

56. Certain villages of Tanda Panchayat Board, district Amjhera, were constituted into a separate Board with its headquarter at Bagh.

57. The Sardarpur Panchayat Board, which was dissolved when the new scheme of the judicial administration was brought into force in Samvat 1989, was again set up at the same place.

58. The villages of Tamki, Kuruwan and Singharai, which were not included in any Panchayat Board, were included in the Akajhiri Panchayat Board, Pargana Kolaras.

59. The headquarters of the following Boards were shifted to the places shown against them which will assume the names of their respective headquarters :—

- (1) Of the Lohana Panchayat Board, Pargana
Barnagar ... to Bangred
- (2) Of the Baghchini Panchayat Board,
Pargana Jaura ... to Hadwasi.
- (3) Of the Dhargaon Panchayat Board,
Pargana Singoli ... to Kadwasa.

Civil Cases.

60. The following comparative statement shows the working of the Panchayat Boards on the Civil side :—

Civil.	Description of suit.	Balance of last year.	Institution.		Total for disposal		DISPOSAL						Balance
							Without contest		With contest.		Total.		
			Past year	Present year.	Past year.	Present year.	Past year	Present year	Past year	Present year.			
6,698			21,630	20,087	27,989	26,785	18,698	17,321	2,593	2,509	21,291	19,830	6,955

61. The year under report shows a decrease in Civil institution by 1,543.

62. The aggregate value of suits filed during the year under report was Rs. 4,84,082 as compared with Rs. 4,86,839 in the previous year and the total amount decreed was Rs. 2,50,232 as compared with Rs. 2,50,009 in the previous year.

63. The total value of money decrees in execution during the year under report was Rs. 1,98,704 as against Rs. 2,13,109 in the previous year, out of which Rs. 5,639 as against Rs. 9,770 in the previous year, were realised and decrees for the value of Rs. 1,29,961 were transferred to the courts concerned for execution.

64. The percentage of disposal without contest was 88 in Samvat 1989, 37 in Samvat 1990 and 87 in Samvat 1991. Such cases are generally compromised or settled by arbitration or otherwise disposed of without the Board being called upon to adjudicate the claims and pronounce its judgment.

Criminal Cases.

65. The table below gives the summary of Criminal statistics pertaining to the Panchayat Boards for the year under report :—

Description of cases	Opening balance.	Institution.	Total for disposal	Cases in which accused acquitted, discharged or otherwise disposed of	Cases in which accused convicted.	Total	Balance.
1 Simple hurt ..	354	2,009	2,363	1,810	198	2,008	355
2 Using criminal force or criminal assault	44	264	308	249	24	273	35
3 Wrongful restraint	18	96	114	81	11	92	22
4. Theft of property of value not exceeding Rs. 10.	79	512	591	403	89	492	99
5. Mischief	59	513	572	480	24	504	68
6. Criminal trespass	45	138	183	131	9	140	43
7. Intentional insult with intent to provoke breach of the peace.	329	2,050	2,379	1,860	154	2,014	365
8. Offences under Qanoon Mal, Samvat 1983.	1	27	28	23	..	23	5
9 Offences under Irrigation Act	5	12	17	7	6	13	4
TOTAL ..	934	5,621	6,555	5,044	515	5,559	996

66. The year under report shows a decrease in Criminal institution by 296.

67. Out of the total number of complaints instituted 72 per cent consisted of simple hurt and insult.

68. The percentage of conviction to the number of cases tried during the year under report is 9 as against 7 in the last year. Low percentage of conviction indicates that the parties generally settle their cases amicably.

Revenue Cases.

69. The following table gives the result of business on the Revenue side :—

1,005	Balance of the last year,		Institution	Total for disposal.		DISPOSAL.						Balance
	Past year.	Present year.		Past year	Present year	Without Contest.		With Contest.		Total.		
						Past year	Present year.	Past year	Present year.	Past year.	Present year.	
3,461												
3,467												
4,503												
4,472												
2,918												
2,845												
580												
600												
3,498												
3,445												
1,027												

70. During the year under report the increase in the Revenue institution was almost the same as in the previous year.

Statistics relating to the High Court.

71. The following statement would show the working of the High Court during the year under report :—

Class of cases	Opening balance	Institution		Total for Disposal		Disposal		Closing balance
		Past year	Present year.	Past year	Present year	Past year	Present year	
Single Bench Cases								
Civil								
Civil Original Suits	26	5	5	27	31	1	3	28
Execution of Decrees	12	7	29	18	41	6	8	33
Civil Appeals	1,134	163	229	1,408	1,363	274	687	676
Civil Miscellaneous Appeals	320	90	150	461	470	141	225	245
Civil Revisions	378	400	445	746	823	368	452	371
Civil Miscellaneous Cases	112	107	159	236	271	124	171	100
Total Civil	1,982	772	1,017	2,896	2,999	914	1,546	1,453
Criminal.								
Original Criminal (i.e., cases for confirmation of sentence)	1	4	6	8	7	7	4	3
Criminal Appeals	490	341	457	899	947	409	507	440
Criminal Revisions	130	153	190	264	320	134	196	124
Criminal Miscellaneous Cases	67	119	154	178	221	111	162	59
Total Criminal	688	617	807	1,349	1,495	661	869	626
Full Bench Cases.								
Civil Appeals	246	25	22	310	268	64	143	125
Civil Miscellaneous Appeals	76	18	32	126	108	50	45	63
Criminal Appeals	83	119	120	229	203	146	141	62
Total	405	162	174	665	579	260	329	250
GRAND TOTAL	3,075	1,551	1,998	4,910	5,073	1,835	2,744	2,329

72. The disposal of the High Court during the year, which was 2,744, is satisfactory. This year's disposal was in excess of institution by 746. The balance is now restored to the level of the year (Samvat 1988) that preceded the re-organisation scheme which had transferred 1,600 cases (in round figures) of the old Prant Courts to the High Court (*vide* para 62 of the Report of Samvat 1990). The balance at the close of Samvat 1988 was 2,300.

73. *Old Cases.*—The following table would show the details of disposal of old cases, i.e., cases pending for more than two years :—

Samvat.	Disposal during the year under report.
1978	2
1979	1
1980	3
1981	2
1982	4
1983	8
1984	6
1985	42
1986	90
1987	159
1988	302
1989	219

Review on the Collective Working of Courts (other than the Panchayat Boards).

I. Civil Statistics.

74. *Number of Suits.*—The number of suits instituted in courts other than the Panchayat Boards during the year under report was 9,816 showing a decrease of 698 as against last year's figures.

75. *Value of Suits.*—The total value of suits instituted in regular courts was Rs. 33,01,990 as against Rs. 36,66,800 in the previous year, and the average value of a suit was Rs. 336 as against Rs. 348 in the previous year.

76. *Nature of Suits.*—The number of suits instituted for money or movable property was 8,455 or 86 per cent of the total number of cases. The details of the remaining suits are given below :—

Suits for possession or recovery of immovable property other than pre-emption suits and mortgage suits	335
Suits to establish a right to pre-emption	92
Mortgage suits, <i>i.e.</i> , for fore-closure or possession, etc.	306
Suits for specific relief	206
Suits relating to religious and other endowments	...
Suits for enforcement of matrimonial rights including suits of dower	33
Suits for dissolution of marriage	12
Testamentary suits	10
Other suits	367

77. *Disposal* —There were in all 18,990 regular suits before the courts (including the balance of the previous year and cases re-admitted or received by transfer) of which 11,093 were disposed of leaving a balance of 7,897 pending at the end of the year.

This year's disposal is not satisfactory which fell by 1,100 cases. *All original civil courts should note this carefully and show better results next year.*

78. The following table shows the manner in which the original suits were disposed of :—

Without trial	1,600
Without contest	5,948
With contest	3,429
By reference to arbitration	76
Otherwise	40
	11,093

79. Of the total number of pending cases 2,313 have been pending over one year.

80. *Civil Miscellaneous Cases.*—The total number of civil miscellaneous cases instituted during the year (including cases re-admitted and received by transfer) was 4,806 as against 4,764 in the previous year. The number of applications for permission to sue as pauper was 52 as against 46 in the previous year, and the number of applications for the declaration of insolvency was 40 as against 39 in the previous year. Applications for review of judgment totalled 138 as against 119 in the previous year.

81. The total number of Civil miscellaneous cases for disposal before the courts was 6,927, of these 4,856 were disposed of leaving a balance of 2,071 cases pending at the end of the year. The balance at the end of the last year was 2,121.

82. *Regular Civil Appeals.*—The number of regular Civil appeals instituted during the year under report was 1,907 which with the previous balance of 2,267 gave a total of 4,174 for disposal. Out of this 2,386 were disposed of and 1,788 cases remained pending at the close of the year.

83. Out of total disposal of appeals, 1,861 were decided on merits, the details whereof are given below :—

1. Judgments confirmed in 1,010 cases,
2. Judgments modified in 240 cases,
3. Judgments reversed in 467 cases, and
4. Disposed of otherwise 144.

84. *Execution of Decrees.*—The following comparative statement gives the result of execution proceedings for the year under report and the preceding two years :—

Description	Samvat 1989	Samvat 1990	Samvat 1991.
Total number of applications for disposal.	39,361	41,155	38,605
Disposal	25,124	27,617	25,195
Balance	14,237	13,538	13,410
Total value of money decrees in execution.	63,45,509	60,07,325	62,76,497
Total realisation in decrees for money.	3,70,982	5,63,769	5,49,154

II. Criminal Statistics.

85. *Offences Reported.*—The total number of offences reported to the courts during the year under report was 8,245 as against 7,789 in the previous year.

86. *Trial of Criminal Cases.*—The total number of cases brought to trial during the year under report was 10,165 out of which 7,544 were disposed of, leaving a balance of 2,621 cases.

87. The total number of persons brought to trial (including the balance of the last year) was 28,946. Cases involving 17,116 persons were disposed of, 6,830 persons remaining under trial at the end of the year. Out of 17,116 persons, who were tried and whose cases were disposed of,

- 8,574 persons were acquitted,
- 2,544 persons were convicted,
- 332 persons were committed for trial,
- 4,983 persons were discharged, and
- 683 persons were otherwise disposed of.

88. *Criminal Miscellaneous Cases.*—The total number of Criminal miscellaneous cases (cases under security sections of the Gwalior Criminal Procedure Code) for disposal, involving 5,879 persons was 1,814; of these

1,388 were disposed of, in which 4,163 persons were discharged and 269 persons were bound over. The cases which remained undisposed of at the end of the year numbered 426 involving 1,447 persons.

89. *Sessions Cases*—The details of cases committed to the Sessions Courts and their disposal would appear from the following table:—

Name of Court.	Last year's balance	Institution		Disposal		Balance		REMARKS
		Past year.	Present year	Past year	Present year.	Past year	Present year	
District and Sessions Court, Gwalior.	18	33	54	22	54	18	18	
District and Sessions Court, Tawarghar	6	51	83	57	75	6	14	Special Court cases included
District and Sessions Court, Bhilsa.	2	12	13	11	13	2	2	
District and Sessions Court, Esagarh.	13	22	20	14	19	13	14	
District and Sessions Court, Bhind.	8	51	67	49	67	8	8	
District and Sessions Court, Narwar.	1	7	16	8	12	1	5	
District and Sessions Court, Ujjain.	14	66	40	67	42	14	12	Special Court cases included.
District and Sessions Court, Shajapur.	6	16	17	15	20	6	3	
District and Sessions Court, Mandsaur.	3	16	20	16	16	3	7	

90 *Criminal Appeals*.—The number of Criminal appeals instituted during the year under report was 3,649 as against 3,154 in the last year. The total number of appeals (including 1,468 balance of the last year) amounted to 5,117. The appeals involved 11,030 persons. 3,603 appeals affecting 7,905 persons were disposed of and 1,514 appeals remained pending at the close of the year, involving 3,125 persons.

91. *Criminal Revisions*.—The total number of applications for revision during the year under report was 495 as against 582 in the previous year. Out of these 342 were disposed of leaving a balance of 153 at the end of the year.

III. Miscellaneous Statistics.

92. *Registration of Documents*.—Seven thousand seven hundred and ninety-six documents were presented for registration during the year under report as compared with 7,514 in the previous year. The total value of documents registered was Rs. 65,26,421 as against Rs. 60,13,674 in the previous

year. The income under this head was Rs. 8,446, as compared with Rs. 8,329 in the previous year. The number of Wills registered during the year was 786 as against 743 in the previous year.

93. *Fines*.—The total amount of fine imposed during the year under report was Rs. 50,198 as against Rs. 37,970 in the last year. The total amount of fine to be recovered during the year under report (including the balance of the last year) amounted to Rs. 76,998 of which Rs. 22,976 were recovered and Rs. 19,870 were struck off as irrecoverable. The balance of fine to be recovered at the close of the year was Rs. 34,152.

94. *Lawaris Property*.—The number of Lawaris property cases including the balance of the last year was 1,284 as against 1,398 in the previous year, involving property of the value of Rs. 67,078. Property of the value of Rs. 42,520 was released and an aggregate amount of Rs. 4,208 realised from the sale of property adjudged to be Lawaris, was credited to the Lawaris Fund. 445 cases involving property of the value of Rs. 20,350 remained undisposed of at the close of the year.

95. *Treasure-Trove*.—Forty-nine cases involving property of the value of Rs. 1,964 were instituted. The total number of cases including the balance of the last year was 67 involving property of the value of Rs. 2,984. Forty-two cases were decided leaving a balance of 25 cases involving property of the value of Rs. 2,633 at the close of the year. The value of the property released during the year under report was Rs. 28 and Rs. 323 were credited to the State Treasury.

96. *Departmental Income and Expenditure*.—The judicial income and expenditure for the year under report and the last year are given below :—

Samvat.	RECEIPTS				Expenditure
	From Court Fees	From Fines	From other sources	Total Receipts.	
1990 ..	Rs. 4,05,248	Rs. 22,065	Rs. 76,701	Rs. 5,04,014	Rs. 5,40,990
1991 ..	3,96,549	22,976	68,113	4,87,638	5,47,299

MOHAN LAL KHOSLA,
MEMBER FOR LAW AND JUSTICE,
Gwalior Government.

APPEALS DEPARTMENT.

Charge —Sardar Sahibzada Sir Sultan Ahmad Khan Sahib, kt., c.i.e., held the charge of the Department throughout the year except for the period from 9th May, 1935, when he left for Europe on six months' privilege leave. I held the charge of the Department from that date

Tour.—No tour was made during the year

Statistics appertaining to the Department.

The appeals and revision cases filed during the year numbered 899 as against 586 in the preceding year. The total number of appeals and revisions for disposal inclusive of those pending at the close of the last year were 1,813 of these 497 were disposed of and 1,316 remained pending as against 914 in the previous year.

Three cases of Sidur Hukum Mal, which were received during the year, remained pending

There were 105 cases of Tehirat for disposal out of which 76 were disposed of and 29 remained pending at the close of the year

MOHAN LAL KHOSLA,
Offg. MEMBER FOR APPEALS,
Gwalior Government.

TRADE, CUSTOMS, AND EXCISE DEPARTMENT.

CHAPTER I.

General.

1. *Charge*.—I held the charge of the Trade Portfolio throughout the year under report except for a short period of 21 days in July 1935 when I was on privilege leave. During this period the charge of the Portfolio remained with Captain Iqbal Narain Haksar, who was then Administrative Officer, G. L. Railway.

The Trade Portfolio consists of the following Departments :—

- 1 Customs and Excise.
 2. Commerce.
 3. Railways.
 - 4 Posts and Telephones
- 2 *Tour* —During the year under report I visited the following :—
- (a) Offices of the Superintendent, Customs and Excise, a number of Customs Posts, warehouses and liquor and hempdrugs shops of Gird, Narwar and Ujjain Districts and also Gwalior and Ujjain Distilleries.
 - (b) Office of the Assistant Traffic Superintendent with subordinate offices of the Ujjain-Agar Railway at Makodia-Am and also Makodia-Am and Ujjain Railway Stations of the Ujjain and Agar Light Railway.
 - (c) Office of the Superintendent Posts with subordinate offices and Telephone Exchange at Ujjain and the General Post Office and Office of the Superintendent Posts at Lashkar.
 - (d) The Office of the Gwalior and Northern India Transport Company, Ltd., the Gwalior Potteries, Ltd., Delhi Branch in Delhi, Alijah Darbar Press and Stationery Department at Lashkar and the Office of the Gwalior and Northern India Transport, Ltd , at Ujjain

The work of these Offices, Commercial Concerns, etc , was, on the whole, found satisfactory.

3. *Changes in the Personnel of the Customs and Excise Department*.—During the year under report the following changes were made :—

- (a) Munshi Kalicharan, Deputy Commissioner, Customs and Excise, Prant Gwalior, who was working as Secretary, Trade, Customs and Excise, retired on pension on the 13th October 1934 and Babu Brij Kishore Gupta, Secretary, Trade, Customs and Excise, who was officiating as Deputy Commissioner was confirmed in that post, while Mr. G. R. Sohni, M A., was appointed Secretary, Trade, Customs and Excise, *vice* Babu Brij Kishore.
- (b) Lala Kundan Lal, Deputy Commissioner, Customs and Excise, Prant Malwa, and Babu Brij Kishore, Deputy Commissioner, Customs and Excise, Prant Gwalior, were mutually transferred in the month of April 1935.

4. *Income of the Customs and Excise Department*—The total net income of the year after deducting refund of Customs duty and that of the preceding year under main heads are given in the following comparative statement —

No.	Particulars	Samvat 1990	Samvat 1991
		Rs.	Rs.
1	Customs Duty (including miscellaneous) ..	23,75,822	22,17,177
2	Hats and Fairs	1,10,162	1,07,698
3	Excise Revenue	9,49,547	9,43,109
4	Profit earned on the Sale of Opium ..	53,204	60,291
5	Muzmi Realisations	1,46,622	1,00,306
6	Salt	3,12,500	3,12,500
7	Ferries, Salt and Salt-petre	5,167	4,971
	Total ..	39,53,024	37,46,052

The total net income thus shows a net fall of Rs. 2,06,972 as compared with that of the preceding year. The fall in the Customs duty alone is Rs. 1,58,645 which is mainly due to the trade depression as will be seen from the following figures of import and export of some of the principal commodities :—

Serial No.	Name of Commodity	IMPORT (IN VALUE)			EXPORT (IN VALUE)		
		Last year	Current year	Decrease	Last year	Current year	Decrease.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1	Grains ..	24,08,423	19,33,823	4,74,600	97,19,564	39,45,646	57,73,918
2	Oil and oil seeds.	19,44,675	13,27,393	6,17,282
3	Ghee ..	2,26,628	1,95,052	31,576	11,23,773	9,41,215	1,82,558
4	Fibrillous articles.	50,16,863	40,88,767	9,28,096
5	Wood and Fodder.	17,62,817	14,03,391	3,59,426	6,91,134	6,08,509	82,625
6	Haberdashery.	4,60,822	3,87,320	73,502

Muzmi realisations have also fallen by Rs. 46,316 as compared with that of the preceding year. The main reasons for this fall are that in the first place the figure of Muzmi has itself decreased as compared with that of the last year and secondly the economic condition of the Excise contractors instead of improving has become comparatively worse than that of the preceding year.

5 *Import and Export Trade*—The total imports decreased by Rs 5,62,655 in value, *i.e.*, 2.7 p.c. while the total exports decreased by Rs 65,48,989 in value, *i.e.*, 35 p.c. as compared with the corresponding figures of the preceding year. The export trade has chiefly fallen in grains, oil and oil seeds, ghee, wood and fodder, haberdashery while the import trade has fallen in grains, ghee, fibres and fibrillous articles and wood and fodder as has been shown above under the head of Income. Unfavourable condition of harvests, abnormally low prices of commodities and deterioration in the purchasing power of the people in general are mainly responsible for the fall in the export and import trade. A glance at the detailed figures of imports and exports given in the appendix can very easily give one an idea of the intensity of the trade depression.

6. *Muzmi*.—The total outstandings at the end of Samvat 1990 in the Customs and Excise Department were Rs. 6,72,870. Out of these, sums amounting to Rs. 1,00,306 were realised during the year under report while the amount of Rs. 3,140 was written off being irrecoverable as shown below :—

	Rs.
1. Written off under orders of the Council of Regency	1,225
2. Written off under Trade Member's orders	1,029
3. Written off under Suba's orders	.. 886
	—
Total	... 3,140
	—

7. *Expenditure*.—Against the budgetted allotment of Rs. 5,03,177 the total actual expenditure incurred by the Trade, Customs and Excise Department amounted to Rs 4,73,447. Thus deducting the total expenditure from the year's income the net amount credited in favour of the State stood at Rs. 32,72,605

8. *Offences against the Customs and Excise Acts*—The number of offences committed during the year in violation of the Customs and Excise Acts was 439 as against 400 in the previous year. Out of these 334 cases were finally decided by the Courts as against 279 in the previous year. In 287 cases offenders were convicted while 47 cases ended in acquittal.

9. *Rewards*.—Rewards amounting to Rs. 996 were given as against Rs. 110 in the previous year, as follows :—

	Rs.	a.	p.
Customs and Excise Department Employees,			
Gwalior State	..	170	0 0
Employees of C. I. Opium Contraband Department, Ajmere	..	370	0 0
Police Department Employees, Gwalior State		168	8 0
Informers and others	..	287	8 0
		—	—
Total	...	996	0 0
		—	—

10. *Departmental Conference.*—(a) A Conference of the Customs and Excise Officers of Prants and Districts was held in the month of December 1934 to give a due consideration to the difficulties experienced in the working by the Officers of the Department and devise means to remove them. This Conference proved very successful and as a result of its deliberations which continued for five days, 5 Circulars and 19 Departmental Orders and 1 Correction Slip to the Excise Act were issued. The Conference also made some recommendations for a few changes in the present tariff which have been submitted to the Council of Regency, along with my detailed opinion in each case. These recommendations are, at present, receiving the attention of the Council.

(b) *Departmental Manual.*—The Customs and Excise Department was organised in Samvat 1965. Since then a number of Circulars, Departmental Orders and miscellaneous instructions were issued for the guidance and compliance of the staff concerned. But these were not classified and compiled in a proper form till now. Necessity was consequently being felt for the last few years to prepare a Departmental Manual incorporating all these as well as giving procedure of the Department in a systematic way. The Conference, therefore, duly realising its necessity made recommendation for its preparation. Accordingly a proposal was submitted to the Council of Regency which accorded its sanction for the same. This Manual is under preparation at present.

CHAPTER II.

Customs.

11. *Administrative Changes.*—During the year under report a reciprocal arrangement was made with the Jhabua State for the discontinuance of the practice of taking security for the issue of Transit Passes and for allowing goods of one State to pass through the other on the authority of Transport Passes issued by either State.

12. *Circulars.*—Fifty Circulars were issued during the year, out of which the following relating to Customs deserve special attention :—

- (1) Circular No. 6/91 extended for three years the period of concession of the Import Duty on tobacco imported in the Freeganj, Madhonagar at Ujjain.
- (2) Circular No. 9/91 exempted from Export Duty the iron strips used to bind bundles of cloth.
- (3) Circular No. 10/91 levied the Import Duty at -/1/- per Rupee *ad valorem* on grease, mobil and lubricating oils.
- (4) Circular No. 20/91 reduced the Export Duty for one year from -/2/- to -/1/- per maund on flour and other wheat products turned out by flour mills propelled by the Steam Engines.
- (5) Circular No. 39/91 empowered the Superintendents, Customs and Excise, to sanction the reward to informers up to 1/3 of the amount of fines recovered by the Department in cases of smuggling.

13. *Hats and Fairs.*—Seven new Hats and Fairs were established during the year.

14. *Sugar Import*—The following statement will indicate the trend of the import of sugar in maunds into principal centres of consumption in the State :—

Samvat.	Lashka	Mandsaur	Ujjain	Madhonagar
1989	43,578	22,815	130	94,755
1990	1,68,093	20,466	33	90,121
1991	1,88,006	23,595	48	93,292

15 *Refund*—The amount of Rs 1,62,711 was allowed as refund of import duty as against Rs. 1,37,668 in the previous year.

16. *Transit Passes*.—45,106 Transit Passes were issued during the year as against 48,998 in the previous year.

CHAPTER III.

Excise.

17. *Excise Reforms*.—No reforms were made during the year under report.

18. *Circulars*.—The following important circulars relating to Excise were issued during the year :—

- (1) Circular No. 41/91 reduced the rate of interest charged on failure to credit instalments in time from Rs. 2-1-4 to Rs. 1-0-8 per cent per annum in Excise Contracts.
- (2) Circular No. 44/91 empowered the Subas to write off the irrecoverable amounts of the Excise Contracts up to Rs 100 instead of Rs. 50 in each case.
- (3) Circular No. 46/91 empowered the Subas and Deputy Commissioners to write off the amount of interest in case of Excise Contracts up to Rs. 5 and Rs. 10 respectively in each case. The maximum limit of the amount thus written off in a year has been fixed Rs 50 for Subas and Rs. 100 for Deputy Commissioners.

19. *Warehouse Prices*.—The warehouse rates per gallon, London Proof of country liquor stood as under :—

	Rs. a. p.
1. Ujjain City	7 8 0
2. The towns of Lashkar and Morar	6 0 0
3. District Mandsaur excluding town Mandsaur .	5 0 0
4. Town Mandsaur and elsewhere	5 8 0

20. *Excise Revenue*.—The following table gives revenue under each head with figures for the two preceding years :—

Heads of Revenue	Samvat 1989.	Samvat 1990.	Samvat 1991.
	Rs.	Rs.	Rs.
Country Spirit	6,42,230	6,43,479	6,22,128
Hemp-drugs	1,17,120	1,58,221	1,76,395
Opium	1,25,359	1,06,118	1,05,443
Total	8,84,709	9,07,813	9,03,966

The liquor shops were leased out on Madras system and the number of shops in the Distillery area was 1,655 as against 1,653 in the previous year.

The extent and population per shop was 15.9 square mile and 2,128 respectively in the year under report. The total consumption of country liquor amounted to 92,020 as against 88,684 gallons in the previous year, which shows an increase of 3,336 L. P. gallons

The consumption per head of population was 1.25 drams of proof spirit and the incidence per head was about -/2/9

21. *Opium*.—The number of opium shops in the year under report was 914 as against 899 in the preceding year.

The total quantity of opium consumed was 119 mds 6 seers 11 chs. and 3 tolas as against 118 mds 19 srs 8 chs. and 2 tolas in the previous year.

The opium shops throughout the State were leased out on commission system as was done in the previous year

22. *Hemp-Drugs* —The number of shops was 914 as against 899 in the previous year.

The total quantity of Ganja and Bhang consumed was 469 mds. 35 srs. and 5 chs. as against 500 mds 19 srs. 14 chs. in the previous year.

The total quantity of Charas consumed during the year was 30 mds. 6 srs. and 13 chs as against 13 mds. 3 srs. 11 chs. during 7 months in the previous year.

The Hemp-drugs shops were leased out on contract system throughout the State during the year.

SUPPLEMENT.

Report by the Gwalior State for the Financial Year 1934-35

(i. e., from 1st July 1934 to 30th June 1935) on the

Traffic in Opium and other Dangerous Drugs.

A. General.

Answer to Question No. 1.—No important change was effected during the year in the internal regulations for manufacture, sale, distribution and use of any drug except that the retail selling price of Charas was reduced from Rs. 110 to Rs. 80 per seer in the Malwa Prant, the shops situated within the five miles of the Neemuch Cantonment excluded.

Answer to Question No. 2.—No important change was made during the year.

B. Particular Drugs.

Answer to Question No. 3.—Raw Opium.

(a) Area under cultivation	6,595 Acres.
			Mds. s. ch. ts.
(b) Quantity of opium produced	...	1,303	24 11 0
(c) Quantity of opium consumed in the State		119	6 11 3
(d) Selling prices of opium per seer in the retail shops ranged			
from Rs. 32 to Rs. 65.			

Answer to Question No. 4.—Prepared Opium.

The use of prepared opium is entirely prohibited in the State

Answer to Question No. 5.—Indian Hemp.

Name of Drug	Produced	Imported	Consumed
	Mds s. ch.	Mds. s. ch. T	Mds. s. ch. T.
Ganja ..	234 10 3	57 7 0 3	143 38 3 0
Bhang ..	215 23 11	119 26 8 0	325 37 2 0
Charas	30 35 5 4	30 6 13 0

Answer to Question No. 6.—Morphine, Heroine, Medical opium and Cocaine.

The import of Morphia, Heroine, Medical opium and Cocaine is entirely confined to the medical use, and the permits for such imports are obtained from the Resident at Gwalior. The State Medical Department, Licensed dealers and the Licensed chemists are only allowed to possess and use dangerous drugs and are required to strictly abide by the subsidiary rules promulgated in this connection.

NOTE.—The statements from I to V are appended to this report

Statement No. I.

Statement showing the actual area under poppy cultivation, the total yield of opium and the stock of old opium in Gwalior State during the Year 1934-35, Samvat 1991

Name of State	Area of land under poppy cultivation.	Ascertained yield of opium	Stock of old opium at the closure of the year	REMARKS,
	Acres.	Mds. sr ch.	Mds. sr. Tol.	
Gwalior State	6,595	1,303 24 11	822 38 48	This quantity includes 518 mds. 34 srs. 40 T. of opium purchased from Gangapur wholesale dealer.

Statement No. II.

Statement showing the total consumption of opium (in seers) as well as per 10,000 of population and revenue derived from opium and its percentage to the total gross revenue in Gwalior State, during the Year 1934-35, Samvat 1991.

Name of State	Consumption of opium in seers.	Population according to the Census of 1931.	Consumption per 10,000 of population in seers.	Revenue derived from opium in Rupees.	Percentage of the opium revenue to the total gross revenue
Gwalior State ..	4,766-11-3	35,23,070	13.5	4,09,366	2.1

NOTE.—The calculation of the percentage is based on the total revenue of the State for Samvat 1990 as figures for Samvat 1991 are not available.

Statement No. III.

Statement showing the number of shops for retail sale of opium, retail selling price of opium and the limit of private possession of opium during the Year 1934-35, Samvat 1991.

Name of State	No. of shops for retail sale of opium	Retail sale price per seer of opium	Limit of private possession of opium.	REMARKS
Gwalior State ..	914	Rs. 32 to Rs. 65	2 to 3 tolas	

Statement No. IV.

Statement showing the consumption of various sorts of hemp-drugs in Gwalior State.

Gwalior State	38	3	1	15	1	.	Illicit cultivation and possession.	Fine, imprisonment and conviction.	Sr Ch. T. M. R. 11 10 0 0 3	Sr. Ch. T. M. 1 7 3 6	2 Tolas	

Commerce Department.

1. *Object of the Department.*—The main object of the Department is to develop the economic resources and expand the trade and commerce of the State.

2. *Charge.*—Lala Ramji Das Vaishya, Tajir-ul-Mulk, continued as Secretary of the Department throughout the year under report.

3. *Organisation.*—The following sections function under the supervision of this Department :—

1. Economic Development Section.
2. Mines and Geology Section.
3. Industrial Museum.
4. Boiler and Factory Inspector's Section.
5. Commerce Inspector's Section.
6. Statistics Section

4. *Board of Economic Development.*—The Board of Economic Development was established in January 1920 as an advisory and consulting body with regard to matters of economic and commercial value. No meeting of the Board was held during the year under report.

Commercial Concerns.

1. A statement showing the results of working of each institution during the year under report is given below :—

No.	Name of Concern.	Profit before providing de- preciation	Loss before providing de- preciation	Amount of depreciation charged.	Net profit	Net Loss	REMARKS
1	2	3	4	5	6	7	8
		Rs a p.	Rs a. p	Rs. a. p.	Rs a. p	Rs. a. p	
1	The Alijah Darbar Press.	28,255 5 4		10,699 9 0	17,555 12 4	..	
2	The Stationery Department.	9,299 5 4		211 0 0	9,088 5 4	.

2. The Council of Regency by its resolution, dated the 9th January 1935, nominated Lala Ramji Das Vaishya, Tajir-ul-Mulk, to participate in the Advisory Council appointed by the Government of India to advise and furnish necessary information to the Director of Industries.

3. A memorandum of the Darbar's views was sent to the Government of India, regarding the establishment of the Central Industrial Intelligence and Research Bureau.

4. Exhibition stalls were put up to the Imperial Horse Show held at New Delhi in February 1935 at which the products of the Gwalior Leather Factory, the Gwalior and Delhi Potteries, were exhibited, besides other industries of the State. This exhibition proved a great success and was visited by Their Excellencies the Viceroy and Countess of Willingdon and other distinguished visitors. The expenditure incurred in connection with these stalls was considerably lower this year as compared with that of previous years.

5. The Council by its resolution, dated the 6th December 1933, was pleased to sanction the appointment of a Committee consisting of the Trade Member, Finance Member, and the Member for Education and Municipalities to consider and report upon the prospects of electrification of the Headquarters of State Districts where necessary.

The Water Supply Scheme was also desired to be looked up with the Electric Supply Scheme where such a combined proposal was found desirable and economical to work. The said Committee decided to get scheme about the electrification of Morena, Mandsaur, Guna and Bhind prepared by Mr. R. W. McClay, Chief Electrical Engineer, Gwalior Electric Supply Co., whose report relative thereto has been submitted to the Committee. The Committee after discussion and due consideration decided that the question of electrification by the State of only those towns can be considered where Water Supply Scheme is in hand; but where only electric scheme is found to be workable, the Committee did not see any harm in granting licenses to private individuals to start electric power houses as is done in British India and as a test case, desired to know if Seth Phoolchand Kasliwal, who applied for a license to start an electric power house at Barnagar, was willing to accept the terms and conditions laid down in the license forms in force in British India. On receipt of his reply the Committee will submit its recommendations to the Council.

6. Annual Budgets of the different State concerns were scrutinized and passed after suitable amendments.

Alijah Darbar Press and Stationery Department.—

1. After meeting depreciation, the Alijah Darbar Press earned a net profit of Rs. 17,555-12-4 during the year under report; as against Rs. 18,782-7-2 of the previous year. This shows that the profit of the concern is maintained in spite of the unfavourable trade conditions prevailing at present.

2. The net profit of the Stationery Department amounted to Rs. 20,290-10-11 during the year against Rs. 9,190-11-5 of the previous year which is very much encouraging.

3. Tenders for the annual supply of stationery were called for and supplies ordered under the direction of this department as usual.

4 Last year the Manager of the A. D. Press represented that the plant and machinery installed at the Press has passed its economic life and urged for the introduction of modern machinery at a cost of about Rs. Two lacs to be met from the Depreciation Fund which amounted to over $3\frac{1}{2}$ lacs. Steps have accordingly been taken to obtain expert's advice in the matter of replacement and a complete re-organisation of the Press; and on his recommendation a sum of Rs. 2,00,425 has been sanctioned for complete re-organisation of the Press. The machinery in question is being purchased and fitted under the guidance of a Committee appointed for the purpose.

Gwalior Electric Supply Company.—

1. The fifth year's working of the Irwin Power House at Motijhil shows a remarkable progress in as much as the net profit during the year under report after providing depreciation amounted to Rs. 1,30,352 against Rs. 1,20,840 of the last year.

The various uses of electricity made these days all over the world to cope with the present economic depression and the expansions which are being made in rural areas of the neighbouring province to alleviate the conditions of the Agriculturists, arrested the attention of the Company during the year. Accordingly after studying the local condition it came to the conclusion that in spite of spending a large sum sanctioned last year for strengthening the present D. C. system, it will not be possible to take additional loads for a long time and the Company shall have to go in for A. C. system only after a few years. Meanwhile there will be no scope for taking any extraordinary load as described above. The scheme of overhauling the mains sanctioned last year was, therefore, suspended and the Company represented the case to the authorities who appointed an expert of repute to go carefully into the matter and submit his report after visiting the head office and the branches.

The report received from the expert supported the above view and recommended complete change over to A. C. which is by far the most efficient and economic system from business point of view. The reconstruction and overhauling of mains at Gwalior was also recommended after a comprehensive survey. Accordingly the survey work has been entrusted to an expert firm whose report is awaited.

In the meantime sanction has been given to the Company for the construction of a Sub-station in the Chaori Park and to erect a convertor in order to relieve the present overload at the central Sub-station.

The Palace and the Mela Sub-stations were completed during the year. The electrification of the burning grounds at Lashkar, which was sanctioned by the Municipality last year, was also completed removing a long felt want of the public.

The total outstandings (Muzmi) of the Company amounted to Rs. 1,00,869-14-6 at the close of this year as against Rs. 1,57,801-14-6 being the balance at the commencement of the year.

The Gwalior Water Works.—

1. The institution continued to show good progress during the year under report. The income, including the amount of Rs. 45,000 chargeable

to Municipalities, increased by Rs. 40,537-11-2 over the last year, while the net profit amounted to Rs. 51,573-13-8 after providing Rs. 70,210 towards depreciation.

Erection of fifth filter and the laying out of the Military mains in Kampoo were completed during the year. About 417 new connections were given during the year bringing the total at 4,440 at the close of the year, as against 4,023 connections in the last year.

In spite of keeping the 24" steel mains open in trenches and painting them the corrosion was found to be creeping in on the mains. So the Gwalior Water Works suggested two alternatives, *viz*, either to change steel into cast iron mains or to arrange guniting of the existing steel mains. A sum of Rs. 2,000 was sanctioned during the year for trial guniting and the work is in progress.

Ujjain Power House.—

1. The fifth year's working of this power house also shows satisfactory results as it earned a net profit of Rs. 18,428-7-3 during the year under report after providing for necessary depreciation. The last year's net profit amounted to Rs. 19,358-7-7.

2. The company submitted proposals for necessary extensions of the Ujjain branch in response to which the purchase of a Boiler and a Meter Testing set was sanctioned. Concreting of the coal yard, raising and strengthening the high tension line to Kaliadeh Palace and erection of a Sub-station at Bhairongarh were also sanctioned during this year.

Shivpuri Power House, Water Works and Ice Factory.—

1. The above concerns are worked under common management.

2. The Government did not move to Shivpuri during the year under report, hence the income of the Branch sustained a further set-back resulting in a net loss of Rs. 225-2-10 as against Rs. 89-13-4 in the last year. The working of Water Works also showed a net loss of Rs. 4,362-2-3 as against Rs. 4,266-5-11 in the year ending June 1934.

3. On the requisition of the Company, the purchase of two new Pumping sets for Water Works and Pumping set for Chhatri has been sanctioned during the year.

4. The Ice Plant which was lying idle for a number of years was ordered to be auctioned during the year and it fetched a sum of Rs. 883-8-0.

Gwalior Potteries, Ltd.—

1. Six monthly progress reports of the Gwalior and Delhi Potteries for the period ending 31st December 1934 and 30th June 1935 were circulated to the Members in pursuance of the resolution of the Council of Regency, dated the 24th September 1928.

The Gwalior Branch.—

1. After providing a sum of Rs. 14,364-4-0 on account of depreciation and interest on working capital, the Factory incurred a net loss of

Rs 5,010-3-4 during the year under report as against the loss of Rs. 7,005-5-4 during the previous year.

2. The total sales during the year amounted to Rs. 1,61,939-5-10 as against Rs. 1,34,758-6-11 in the previous year which means an increase of Rs. 27,180-14-11 in spite of the trade condition remaining as bad as before. The result of the working of this Factory during the year under report has been in all respects more satisfactory than expected.

The Delhi Branch.—

1. The working of this Factory during the year under report shows a net profit of Rs. 9,521-1-0 after providing a sum of Rs 11,786-5-3 on account of depreciation as against a net profit of Rs. 5,503-15-5 earned during the previous year.

2. The total sales during this year amounted to Rs. 1,31,781-10-5 as against Rs. 1,14,090-6-6 of the previous year which means an increase of Rs. 17,691-3-11.

3. As per resolution of the Board of Directors half the value of the steam lorry amounting to Rs. 652-8-0 lying as dead asset for a long time and bad debts amounting to Rs 25-1-0 were written off this year. An amount of Rs. 536-5-9 incurred as loss in selling insulators of the value of Rs. 2,187 manufactured and supplied to the Indian Stores Department and subsequently rejected by them was also sanctioned by the Board. After deducting the amounts on these items, the net profit reduces to Rs. 8,307-2-3.

This year the Board sanctioned a sum of Rs. 600 to cover the green goods by thatched shed with corrugated sheets, which has been completed and the amount of Rs 594-10-0 spent on the same has been added in the assets.

Mr. R. K Saksena who was appointed as Acting Manager of the Factory at Delhi for a probationary period of six months has been confirmed in the Manager's post. In order to keep up the efficiency and make further improvement in the present manufacture, also in view of the fact that the activities of the Delhi Factory should be extended to other lines of manufacture, Mr. D. C Mozumdar, the General Manager of the Company, was acting in the capacity of Technical Advisor to the Delhi Factory.

The Gwalior Leather Factory and Tannery.—

The Gwalior Leather Factory manufactured and sold goods of the value of Rs 1,06,811-1-6 during the year under report; as against Rs. 2,00,552-0-2 of the last year. After providing depreciation this Factory incurred a net loss of Rs. 12,662-12-11 only during this year.

The principal causes of loss are less orders than last year and importation into India of 1,25,00,000 pairs of rubber shoes at an average price of Rs. -/8/- per pair which has seriously effected the shoe and leather industries of India.

The world-wide depression which made its ugly appearance some six years ago, is still there. It has effected every branch of trade and industry all these years. Tanning and leather industries have suffered the most and they are still in its grip. Due to this depression leather prices have gone down from Re. 1 per lb. (1929) to annas -/7/- per lb. (1934). Gwalior

Leather Factory has, for the past six years or so, done its best to meet both ends and it was with the greatest difficulty that the accumulated loss of Rs. 18,900-2-8 of the depression period up to 1933-34 was reduced to Rs. 4,141-14-4 only last year. It was hoped to wipe off this also in a year or two; but the factory owing to the depression and importation of $1\frac{1}{4}$ crore pairs of rubber shoes (1933-34) faced more serious and unhealthy competition which accounts for the debt balance for the year.

Gwalior Tannery sold this year Rs. 44,161-4-6 of leather; as compared with Rs. 59,470-11-5 of the last year and lost Rs. 20,967-5-5 which is due to the difference between the cost and sale prices of leather.

The unrestricted importation of $1\frac{1}{4}$ crore pairs of rubber shoes and total absence of continental and other European buyers in Indian hides and skins, has seriously effected the leather industry of India and the prices are still falling. It has, therefore, become increasingly difficult to make any adjustment between the prices and the raw hide and leather. To tan buff hides, in which the Gwalior Tannery specializes it takes 5-7 months and by the time the leather is ready for sale, the prices go down further. Sole leather from Re. 1 per lb. in 1928-1929 has gone down to annas -/7/- per lb. in 1934-35. It has, therefore, been decided that as long as the present state of affairs continues the output may be restricted and more attention should be paid to clear the present stock of leather.

Economic Development.

Policy of the Department.—

The Department kept up the policy of attracting new industries by offering necessary advice and information, as well as, certain special concessions to the promoters of the mills and factories in State.

Financial Assistance.—

The Imperial Bank of India and the Krishnaram Baldeo Bank transact all banking business and afford financial facilities to the commercial enterprises and traders in the State. Besides this, arrangements have been made to issue Hundis from the State treasuries for making remittance from one treasury to another and allow credit to the approved traders in accordance with the provisions of the Hundi Rules.

The Council by its resolution, dated the 10th January 1934, was pleased to appoint a committee with Finance Member as Chairman and Tajir-ul-Mulk Lala Ramji Das Vaishya as Secretary, for the preparation of a scheme regarding the establishment of a State Bank in Gwalior. The Committee in question is still engaged in the task begun last year of preparing a scheme for the establishment of a State Bank. The scheme in question is accordingly under preparation and it is expected that on maturing, the proposed State Bank will prove highly beneficial in the interest of the Trade and Commerce of the State.

Factories and Industrial Concerns.—

The total number of factories and industrial concerns at the close of the year under report was 435 out of these 370 are worked by mechanical power and the rest by power other than mechanical *vide* statement on the back.

No.	Name of the Factory with its classification.	Worked by electrical or mechanical power.	Not worked by electrical or mechanical power.	Total.	Remarks.

	Total ..	370	55	425	

Permission for starting Mills and Factories.—

Permission to start a Spinning and Weaving Mills at Ujjain under the name of Deepchand Mills was given to Messrs. Binodiram Balchand of Ujjain.

Permission was given to Seth Brijlal Jamnadhhar of Ujjain for starting Hosiery Works at Madhonagar, Freeganj, Ujjain.

Permission was also given to start a Sugar Factory at Rampur, District Esagarh, to Rangalal Shrikrishna of Goona.

The Heera Mills completed their erection work and started its working. Permission was given to Messrs. V. C. and I. S. Patel to start factories at Ujjain for refining crude oil into Kerosene oil, but were closed on account of imposition of the excise duty on the produce.

Joint Stock Companies.—

The number of Joint Stock Companies at the close of the year under report was 40 as against 67 of last year.

Industrial Museum.—

Mr. B. M. Rao continued to be in charge of the Industrial Museum throughout the year under report. The specimens of the work turned out in the State as well as private institutions are exhibited in the Museum with a view to advertise the arts and crafts of the State and orders are secured for the same.

Stores and stock brought over from different institutions during the year aggregated to Rs. 11,312-10-6 out of which goods worth Rs. 1,206-6-6 were sold during the year under report.

Railway Stall.—

In order to give an idea of the manufactures of the State to travellers passing Gwalior an attractive Railway Stall is maintained at the New Gwalior Railway Station platform and the products of the various institutions are exhibited thereon and sold as well as orders are secured.

A scheme for the overhauling of the working of the Industrial Museum is under consideration.

Madhonagar Freeganj, Ujjain.—

It is gratifying to note that Madhonagar Freeganj is in the seventh year of its existence and although encountered with adverse circumstances the value of imports amounted to Rs. 71,06,366. The preceding year's imports amounted to Rs. 60,39,550 which means that the value of the imports increased by 17 per cent as compared with that of the last year. The import of sugar in Madhonagar decreased probably due to new sugar factories that have sprung up in United Provinces and other places. The trade in tobacco is daily increasing while the import of Indori cloth has decreased owing to the customs concession being cancelled. The income of Freeganj in the shape of customs revenue was Rs. 1,43,262 as against Rs. 1,31,026 in the preceding year which shows an increase of Rs. 12,236 over the last year's figure.

Mandies.—

The number of Mandies during the year under report remained 35 as in the preceding year.

Inspection Work done by the Department.—

Mr. A. G. Wagle continued holding charge of the "Boiler and the Factories Inspector's Section" throughout the year under report. He

remained on tour for 175 days and inspected the working of 143 boilers and prime movers in accordance with the provisions of the Boiler and Prime Movers Act. 77 boilers remained closed during the year.

Boilers.—

The number of the registered boilers at the close of the last year was 217 out of which one was struck off from the register; while 4 new boilers were registered during the year under report, thus bringing the total number of registered boilers to 220

The following table shows the classified list of boilers as compared with that of the last year :—

Type of Boiler				Number in Samvat 1990	Number in Samvat 1991
Lancashire	109	110
Cornish	19	19
Vertical	18	21
Locotype	16	16
Tractors	3	3
Steam Road Rollers		16	16
Water Tubes	14	14
Portable	22	21
Total				217	220

Accidents.—

The number of the accidents which occurred in mills and factories during the year was 11.

Certificates.—

Certificates of competency and service were granted to 15 persons under Section 21 of the Boiler Act.

Income.—

The total receipts on account of inspections and certificates fees amounted to Rs. 6,947 as against Rs. 7,164-15-9 in the preceding year which shows a decrease of Rs. 217-7-9. This is due to a decrease in the fees of the Engineering Certificate, as compared with those of the last year. The actual expenditure was Rs. 5,522-13-6.

Commerce Inspectors' Section.—

Mr. G. M. Deoskar and Mr. Vyankat Rao Bhosley worked throughout the year as Commerce Inspectors in Prant Gwalior and Malwa respectively.

The abovementioned Inspectors inspected Mandies and the Trade Association and Factories of the State.

Mining and Geology Section.—

Mr. Raghunathsingh, Superintendent Statistics, held charge of the Section for the whole year under report, assisted by the Senior and Junior Inspectors.

Activities of the Department.—

Owing to the retrenchment the activities of this section were restricted to a narrow sphere and all kinds of prospecting work and other field activities including investigation could not be carried out. The attention of the department was solely directed towards the business aspect, in trying to interest businessmen and contractors in the minerals of the State with a view to give out certain mineral deposits on terms of prospecting license or mining leases

The technical and general information regarding certain economic minerals of the State, such as Mica, Green-earth, Gohra-marble, Galena, Limestone, Slate, etc., required by the prospective engineers was furnished to them.

Geological Survey.—

No Geological Survey of any District was made during the year.

Prospecting Work.—

No fresh prospecting work was carried out by the department under the restricted activities and no minerals of economic and scientific value were discovered during the year under report; although some prospecting work for Galena is being done by the Mineral Syndicate of Ahmedabad at Aindhar in Karera Pargana. An occurrence of Lead-ore in the Stone-quarries of Adupura Hills in the jurisdiction of Muafidar of village Adupura about 11 miles from Gwalior by the Jhansi Road was reported by the Suba Sahib, Gird

Prospecting License.—

A prospecting license for Galena in Karera Pargana was granted to the Mineral Mining Syndicate of Ahmedabad represented by Mr T. A. Karlekar. An application for mining lease for Mica of Gangapur Pargana was received from M/s Hanuman and Company of Calcutta; the matter is under consideration.

Rules for the grant of prospecting licenses and Mining leases were gazetted during the year under report.

Laboratory Work.—

As there was no prospecting work and no collection field specimens the laboratory work of the department was very limited.

Gwalior Cement Company, Limited.—

The Company continued the manufacture of Cement during the year under report. The following is a comparative table relating to the production and sale of Cement and the amount of royalty paid by the Company :—

Samvat.	Production of Cement.	Local Sale of Cement	Export.	Amount of Royalty
1990	35,540	2,418	33,122	17,770
1991	39,034	3,767	38,287	21,027

The amount of royalty paid on the Cement exported during the year under report shows an increase of Rs. 3,257 over the previous year's figures.

In accordance with the resolution of the Council of Regency, dated the 10th April 1933, a royalty of annas 8 per ton was sanctioned on Cement which the Company continued to pay.

Income —

The income of the section on account of royalty and other sources amounted to Rs 21,426 as against Rs. 17,781 in the preceding year.

Statistics Section.—

Mr. Raghunath Singh remained in charge of the section throughout the year under report.

The following publications and periodicals were compiled and published :—

1. Agricultural and Commercial Statistics including those of Manufacture and Trade.
2. Rail-Borne Trade Statistics of the Gwalior State.
3. The monthly Statistics of Cotton goods produced in the Cotton Mills situated in the Gwalior State.
4. The quarterly statement of Books printed at the different printing presses in the Gwalior State.
5. The annual statement of Newspapers published by the different printing presses in the Gwalior State.
6. Statement showing the working condition of the Cotton Ginning and Pressing Factories and Spinning and Weaving Mills in the Gwalior State.
7. Quarterly Statement of Cotton consumed in the Cotton Mills in Gwalior State.
8. Monthly Statement of Cotton consumed in the Cotton Mills in Gwalior State.
9. Annual Statement of Mineral produce in the Gwalior State
10. Annual Statement of salt and saltpetre production in the Gwalior State
11. Synopsis of the Principal events of the Commerce Department
12. Annual Statement of Woven goods in stock at the Cotton Mills in the Gwalior State
13. Annual Statement of Cotton Spinning and Weaving Mills.

The Gwalior Fair and Exhibition.—

Sardar Krishnarao Sahib Mahdik continued working as President of the Gwalior Fair and Exhibition Committee.

Annual Fair and Agricultural Exhibition was held from 20th December 1934 to 10th January 1935

The Fair was held in the permanent structure erected for the purpose and was distributed in different blocks.

Chamber of Commerce.—

The Chambers of Commerce are established at Lashkar and Ujjain and both of these are represented on the various Government and Public bodies.

The number of the members of the Chamber of Commerce, Lashkar, during the year under report was 93. Several meetings of the Chamber were held during the year and various matters relating to Railway, Transport, Industry, Posts and Telegraphs, Municipalities and Legislatures, Mandies and of general economic nature were considered and necessary action was taken.

Among those the following may be mentioned :—

Mr. G. E. Burkley, District Traffic Manager, rates, Great Indian Peninsula Railway, paid two visits to the Chamber. During the meeting Mr. J. N. Baruchha, President, impressed upon him the necessity from the railways of certain facilities for the progress of trade and industry of the country and requested him to remove certain hinderances put in the trade and commerce of the Gwalior State by the railway. Mr. Burkley promised to investigate them and some of them have been remedied since. On a representation received from the Motilal Agarwal Mills the G. I. P. Railway authorities were moved to grant special rates for cotton for Hodel and Kosi-Kalan. These have consequently been reduced.

Similarly, on the representation of the traders of Gwalior the G. I. P. Railway have sanctioned a reduced rate of Rs. 2-9-11 for the Cotton from Bombay to Gwalior, instead of Rs. 2-11-0 which was formerly prevalent.

A special rate for carrying red pepper consignments of 150 mds. and above has been sanctioned for Bercha Mandi by Railway authorities on a representation made by the merchants of that place.

Chamber of Commerce, Ujjain.—

Several matters of commercial nature were received and discussed.

Muzmi.—

Out of the sum of Rs. 33,446-11-8 outstanding on account of loans made out of the Industrial loan fund, Rs. 10,000 were written off under orders of the Council of Regency *vide* statement below :—

BALANCE OF THE YEAR			REALISED DURING THE YEAR.			BALANCE AT THE CLOSE OF THE YEAR.		
Principal at the close of Samvat 1930	Interest up to Samvat 1931	Total.	Principal	Interest	Total	Principal.	Interest.	Total.
1	2	3	4	5	6	7	8	9
Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.		Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
15,670 5 3	17,776 6 5	33,446 11 8	(Adjustments 10,000 0 0) Cash nil.	..	10,000-0-0	5,670 5 3	17,776 6 5	23,446 11 8

NOTE.—Column No. 3 includes interest amounting to Rs. 302-10-7 for the year under report.

General.—Four circulars and one departmental order were issued by the department during the year under report.

Co-operating with the Government of India in the matter of Excise duties, the Darbar have been pleased to impose the same duties on matches and kerosene-oil manufactured within Gwalior State.

Rai Bahadur S. N. Bhaduri, assisted by Mr. A. S. DeMello, was deputed as a delegate to represent the Gwalior Darbar in the Road Conference that was held at Indore for the control of Motor Vehicles plying for hire in Central India.

A scheme for the improvement of marketing in India initiated by the Government of India, is under consideration of the Council of Regency. A meeting of the Industrial Intelligence and Research Bureau established by the Government of India was held in Delhi, in which Lala Ramji Das Vaishya represented the Gwalior Darbar. Certain information asked by the Bureau was duly supplied.

Gwalior Light Railway.

1. Captain I. N. Haksar remained in charge of the Department up to 31st October 1934 when under Council Resolution dated 15th October 1934 the post of the Administrative Officer was abolished and Mr. E. J. Hope was appointed Manager, G. L. Railway. He was in charge of the Department for 8 months during the year.

2. He inspected all the stations of G. L. Railway including Ujjain-Agar Branch as also the entire length of the line during the year.

3. The station buildings and yards were maintained in good condition. The Rolling Stock were efficiently maintained. The Senior Government Inspector who inspected the Gwalior Light Railway proper towards the end of February 1935 recorded the following remarks in his Inspection note in regard to the Rolling Stock of the Railway :—

“Locomotives and Rolling Stock appeared particularly in good order with very adequate Programme of renewal and overhaul. The newly turned out rakes for the Bhind Section were very pleasing.”

4. Three Locomotives were overhauled during the year in Gwalior Engineering Works and the repairs of the fourth Loco which were partly done in the previous year were also completed in the year.

5. Out of the ten carriages provided in the Third Year's Coach-building Programme under “Special Grant,” seven Bogie Coaches were newly built and put in commission during the year.

These seven carriages together with 31 previously built in accordance with the 1st and 2nd Year's Programme make up the total of 38 Vehicles, now in service.

6. An amount of Rs. 1,68,000 only was earmarked in the beginning under “Special Grant” with a view to provide the Goods Stock of this Railway with 561 pairs of new wheels and axles in replacement of old ones. The condition of the Goods Stock, however, necessitated very heavy repairs in many of the wagons besides replacement of wheels and axles only. Accordingly by effecting very possible economy in the Coach-building Programme but without curtailing the number of Coaches provided therein, an amount of Rs. 45,000 approximately could be appropriated from the Coach-building head and utilised in the heavy repairs to Goods Stock.

In this way, some 109 wagons, out of the total stock of 333, were thoroughly repaired (including replacement of wheels and axles). The work of replacing the old chilled wheels by cast steel wheels went on in the Railway Carriage Shed, with the result that 53 more vehicles were fitted with new wheels, axles, springs etc. and painted during the year.

7. Among other repairs done to Rolling Stock, mention may be made of two complete Block Rakes (Nos. 2 and 4) consisting of 12 Bogie Coaches which were all repaired and painted in the Gwalior Engineering Works.

8. The Gwalior and Northern India Transport Company remitted to G. L. Railway Rs 1,426-0-8 (net profit) as a result of the working of the Bus Service between Gwalior and Shivpuri for the year ending 31st October 1934. This amount has been included in the Railway's Coaching earnings of the year and duly credited to Treasury.

The comparative details of the two years are as below :—

	1933-34	1934-35
	Rs.	Rs.
Gross Earnings	19,463	19,431
Expenditure (including Depreciation) ..	18,600	18,005
Net Earnings ..	863	1,426

9. There was only one Engine failure during the year with a total Engine mileage of 3,55,513 which is a very satisfactory record.

10. All " Tools and Plants " were maintained in good condition.

11. The Gwalior Light Railway is not fenced except at stations.

12. The total expenditure incurred in working the Railway amounted to Rs. 4,90,022 as against Rs. 4,90,086 in the year 1933-34. The details of expenses are as follows :—

	1933-34	1934-35
	Rs.	Rs.
(a) Maintenance of Way and Works ..	87,755	89,462
(b) Loco Expenses	2,06,778	2,07,766
(c) Carriage and Wagon Expenses ..	39,774	40,547
(d) Traffic Expenses	57,730	59,036
(e) General Management	65,520	56,455
(f) Miscellaneous	32,529	36,756
Total	4,90,086	4,90,022

The slight increase in expenditure under (a) Way and Works, (b) Locos, (c) Carriages and (d) Traffic has been more than counter-balanced by the saving effected under (e) Management. As for the increase under (f) Miscellaneous expenses it may be mentioned that the expenditure under this head shows an increase in alternate years, as it is usual to have important forms printed generally for two years.

13. The expenditure under coal has been Rs. 4,600 less than that of the previous year and this has been possible on account of the favourable rate at which coal was obtained in the year.

14 Comparative working results of the three sections of Gwalior Light Railway proper for the last 5 years are as follows :—

Section	Earnings per mile per week.					Percentage of net earnings on capital cost.				
	1930-1931.	1931-1932	1932-1933.	1933-1934	1934-1935	1930-1931.	1931-1932	1932-1933	1933-1934	1934-1935.
Gwalior-Bhind.	59	68	63	62	58	3.32	4.73	4.19	4.01	3.30
Gwalior-Shivpuri.	58	55	56	53	40	2.00	2.04	2.75	1.87	0.72
Gwalior-Sheopur Kalan.	38	44	49	47	48	0.81	1.19	1.56	1.28	1.29

15. The total gross earnings for the year amounted to Rs. 6,50,643. The details are as below :—

		1933-34	1934-35
		Rs.	Rs.
Coaching	3,03,462	2,90,191
Goods	3,78,148	3,32,954
Miscellaneous	20,192	27,498
Total	7,01,802	6,50,643
Expenditure	4,90,086	4,90,022
Net Earnings	2,11,716	1,60,621

16. This represents a return of 1.63% on the capital cost of Gwalior Light Railway proper as against 2.15 of the previous year.

The decrease in the total earnings as compared with the previous year is approximately Rs. 51,000

The fall under "Coaching" earnings is about Rs 13,000 and is due to the fact that there was no Shivpuri Season during the year unlike the previous year. The earnings from Mela Traffic in the year were less by over a thousand rupees than those of the previous year. The earnings received from Goods Traffic show a decline of about Rs. 45,000 and is mainly attributable to the reduction in rates. The continued trade depression is also to some extent responsible for this decrease

As regards the rates on Goods Traffic, the reduction was given effect to in November last as an experimental measure. The trial given has shown that the reduction did not produce the desired effect in the increase in earnings and steps have been taken to revert to old rates.

An increase of about Rs. 7,000 will be noticed under the head "Miscellaneous." This is on account of the sale of some unserviceable materials such as Iron Scraps from the Railway Stores.

17. The percentage of expenditure to gross earnings comes to 75.31 as against 69.83 of the previous year.

This is very satisfactory as it is below par of the expenditure of most other Light Railways in India.

18. The figures of Revenue working of the last 5 years are given below :—

Year	Gross Earnings	Working Expenses	Net Earnings	Percentage of Working Expenses to Gross Earnings	Percentage of Net Earnings on Capital Outlay
	Rs.	Rs.	Rs.		
1930-31 ..	6,74,572	5,09,617	1,64,955	73.55	1.69
1931-32 ..	7,09,203	4,85,072	2,24,131	68.40	2.29
1932-33 ..	7,33,626	4,77,206	2,56,420	68.04	2.60
1933-34 ..	7,01,802	4,90,086	2,11,716	69.83	2.15
1934-35 ..	6,50,643	4,90,022	1,60,621	75.31	1.63

19. The total amount of claims paid during the year is Rs. 438-8-6. Out of this, a sum of Rs. 302-6-0 was paid on behalf of Foreign Railways leaving a balance of Rs. 136-2-6 only which was paid exclusively for G. L. Railway.

The amount of claims paid on behalf of Foreign Railways was eventually recovered from the Railways concerned and as for the amount paid for Gwalior Light Railway, Rs. 101-14-9 were realised from the sale proceeds of the unclaimed goods and by debit to staff. The G. L. Railway was thus responsible for a sum of Rs. 34-3-9 only.

Ujjain-Agar Branch.

20. The present report deals with the third year's working of the Ujjain-Agar Section.

21. The station buildings, yards and permanent way were all maintained in good condition.

22. In the year under review, the section was provided with a machine shop equipped with important machines, tools, etc. This has enabled the line to do all repair works to its Locos and Rolling Stock with the exception of heavy repairs. A Repair Shop was a necessity for the Ujjain-Agar Section and will prove particularly useful by both economising expense and saving time involved in the transport of Locos and Rolling Stock for repairs in the Gwalior Engineering Works.

23. The total gross earnings for the year amounted to Rs. 71,597 as against Rs. 73,254 of the previous year.

The details are as below —

			1933-34	1934-35
			Rs.	Rs.
Coaching	52,442	52,246
Goods	19,660	18,511
Miscellaneous	1,152	840
Total	73,254	71,597

So far as Coaching traffic is concerned, no appreciable variation will be noticed in the earnings of the two successive years. In fact, Coaching traffic is almost constant for the last three years.

In Goods, however, the decrease is over Rs 1,000 and this is due to the fall in local goods traffic particularly in Cotton.

24. The total expenditure incurred in working the section amounted to Rs. 72,836 as against Rs 74,950 for the previous year or a decrease of Rs. 2,116.

The details are as below :—

		1933-34 Rs.	1934-35 Rs.
1. Maintenance of Way and Works	18,278	17,851
2. Loco Expenses	25,176	24,126
3. Carriage Expenses	4,948	4,553
4. Traffic Expenses	14,447	13,953
5. Management	8,233	7,899
6. Miscellaneous	3,868	4,454
Total ..		74,950	72,836

The earnings of the year under report as compared with the previous year have fallen by Rs 1,657 while in expenditure the decrease is over rupees two thousand.

25. There was no Engine failure on the line during the year and the coal consumption is satisfactory.

Broad Gauge Railway Lines.

The figures showing the earnings of the various Darbar-owned Railways are given below :—

Name of Railway	Total Capital Outlay.	Net Earnings.	PERCENTAGE OF NET EARNINGS TO CAPITAL OUTLAY	
			Last year, 1933-34.	Current year, 1934-35.
	Rs.	Rs.		
Gwalior Light Railway ..	98,91,777	1,60,621	2.19	1.63
Bhopal-Ujjain ..	60,50,888	8,24,795	14.16	13.63
Bina-Guna ..,	49,81,140	1,98,710	3.74	3.99
Guna-Chabra ..	34,29,827	77,078	2.08	2.25
Nagda-Ujjain ..	22,72,715	2,84,375	13.55	12.51

The percentage of net earnings on Capital Outlay on Darbar-owned Railways for the past 5 years is as below :—

Name of Railway	1930-31	1931-32	1932-33	1933-34	1934-35	REMARKS.
1. Nagda-Ujjain Railway.	9.06	9.06	10.24	13.55	12.51	Worked by B. B. & C. I. Ry.
2. Bhopal-Ujjain ..	11.72	11.72	12.08	14.16	13.63	
3. Bina-Guna ..	3.01	3.84	4.26	3.74	3.99	Worked by G. I. P. Ry.
4. Guna-Chabra ..	1.55	2.02	2.16	2.08	2.25	

During the year under review the Council of Regency were pleased to sanction about Rs. 14,000 for providing a triangle at Nagda station for the sole use of the Nagda-Ujjain Railway in order to facilitate the turning of larger tender engines on the line in view of the prospect of 50 p. c. return on the capital outlay as forecasted by the B. B. & C. I. Railway.

Revision of Agreements.—Paras Nos. 10 and 11 of the agreement, dated 21st October 1924, for working the joint station at Gwalior were amended with a view to facilitate traffic working. These have been incorporated as Corrigendum to the Memorandum of the original agreement.

According to the Memorandum of the terms of agreement entered into between the G. I. P. Railway and the Gwalior Darbar for landing, clearing and forwarding Railway material of the Gwalior Darbar ex Bombay to destination, the rate of Re. 0-8-1 per maund was applicable to "Smalls" as well as wagon load consignments. This rate however infringed the minimum rate for "Small" consignments of Foreign Railway material as laid down by the Railway Board. The G. I. P. Railway proposed to increase the rate of "Smalls" from Re. 0-8-1 to Re. 0-10-8 per maund, which was accepted by the Darbar.

Postal Department.

I. Charge.—The charge of the Department remained with Pandit Kailash Nath Gurtu for the first four months of the year, when it was taken over by Capt. I. N. Haksar.

II. Tour and Inspection.—During the temporary charge of four months the Officiating Postmaster-General toured for ten days and inspected 1 Head Office and 8 Sub-Offices, while the P. M. G. remained on tour for 32 days and inspected 3 Head Offices, 31 Sub-Offices, 30 Branch Offices, Ujjain and Shivpuri Telephone Exchanges and the Office of the Superintendent Post Offices, Malwa Division, Ujjain.

The Deputy Postmaster-General toured for 36 days and inspected 1 Head Office, 13 Sub-Offices and 10 Branch Offices.

The Superintendents and the Inspectors toured for the prescribed number of days.

III. Principal Events.—1. For the sake of public convenience the delivery of insured articles addressed to persons residing within the jurisdictions of Non-insurance Branch Offices for which there existed no proper arrangements, was ordered to be made at the windows of their Account Offices with effect from the 15th of March 1935.

2. Lt.-General Sir Edmund Ironside, Quartermaster-General, India, arrived on the 21st of December 1934, and stayed for about three days. During his stay special arrangements were made for delivery and despatch of his mails.

IV. Post Offices.—The number of Post Offices at the close of the year was 227 as compared with 228 in the previous year.

2. For the convenience of the Engineering staff at Parbati Bridge (Guna District) a Branch Post Office was opened at Khatkia while the Branch Post Offices at Auda and Kaketo were closed on account of the completion of the construction works there.

3. The following Camp Post Offices were also opened during the year which worked satisfactorily —

(a) Fair Camp Post Office opened at Gwalior Fair on the 13th of December 1934 and closed on the 13th of January 1935.

(b) Fair Camp Post Offices opened at Meghpura, District Bhind, on the 4th and closed on the 19th April 1935

Letter Boxes.—The number of letter boxes at the close of the year was 420 as against 435 in the previous year

V. Mail Communications.—1 The following table shows the distance over which mails were conveyed during the year :—

Samvat.	Motor	G L. Ry	Mail Cart	Runner.	Total.
1991 ..	520	292	124	894½	1,830½
1990 ..	520	292	92	946½	1,850½
	+32	—52	—20

2. The following lines were newly opened :—

Mail Cart Lines.—

(a) Gangapur-Bhilwara Miles.
32

3. The following lines were closed :—

Runners Lines.—

(a) Gangapur-Bhilwara 32

(b) Sheopur-Auda 15

(c) Mohna-Kaketo 5

—52

GRAND TOTAL ... —20

There is a decrease of 20 miles in the total mileage which is due to the closure of Auda and Kaketo Branch Offices and of the Auda-Sheopur and Mohna-Kaketo Mail lines.

VI. Correspondence and Parcels.—The estimated number of all kinds of articles (excluding money orders) given out for delivery and the total number of parcels posted during the year was 64,49,588.

VII. Delivery Work.—Delivery work in towns during the year was satisfactory.

VIII Insurance Business —1. The number and value of insured letters posted for despatch during the year were 14,098 and Rs. 33,77,711-13-2 as against 12,717 and Rs. 34,52,939-0-4 in the last year.

2. The number and value of insured parcels posted for despatch during the year were 1,335 and Rs 4,91,830-4-0 as against 1,407 and Rs. 5,06,661-2-9 in the previous year.

3. The total amount of insurance fee realized during the year was Rs. 5,776 as against Rs. 5,946-13-0 in the previous year.

IX. Compensation —No compensation for loss of insured articles was paid during the year.

X. *Value-payable Business*.—The total number of value-payable articles of all kinds posted for despatch during the year was 21,721 as against 18,665 in the previous year, and the total value specified for recovery was Rs. 5,34,720-8-1 as against Rs. 4,64,922-10-4 in the previous year, giving an increase of 3,056 in number and of Rs. 69,797-13-9 in value.

XI. *Ordinary State Money Orders*—1. The total number of Ordinary State Money Orders issued during the year was 91,020 of the value of Rs. 19,46,653-13-1 as compared to 83,281 of the value of Rs. 17,75,773-0-8 in the previous year, giving an increase of Rs. 1,70,880-12-5 in value.

2. The amount of commission realised on Money Orders issued amounted to Rs. 26,041-10-0 as compared to Rs. 23,810-14-0 in the previous year giving an increase of Rs. 2,230-12-0.

3. The total number of State Money Orders paid was 90,571 for Rs. 20,08,142-9-6 as compared to 84,688 for Rs. 17,72,201-10-10 in the previous year.

4. *Revenue Money Orders*—The total number of Revenue Money Orders issued was 10,094 of the value of Rs. 5,42,720-0-7 as compared to 9,537 of the value of Rs. 4,77,692-7-9 in the previous year.

5. The total amount of commission realised was Rs. 6,046-14-0 as compared to Rs. 5,325 in the previous year.

6. The number of Revenue Money Orders paid was 10,668 of the value of Rs. 5,40,877-8-9 as compared to 8,622 of the value of Rs. 4,76,957-14-1 in the previous year.

7. *Pension Money Orders*.—The total value of Pension Money Orders issued and paid during the year was Rs. 113-4-0 as against Rs. 270-5-9, the value of Pension Money Orders issued and paid in the previous year.

8. *Imperial Money Orders*.—The number of Imperial Money Orders issued during the year was 1,46,922 of the value of Rs. 33,39,044-15-11 as compared to 1,46,216 of the value of Rs. 32,68,801-7-1 in the previous year, giving an increase of 706 in number and Rs. 70,243-8-10 in value.

9. The total commission realized was Rs. 42,651-14-0 as against Rs. 42,825-2-9 in the previous year.

10. The total number of Imperial Money Orders paid was 67,454 for Rs. 15,64,509-6-7 as compared to 61,227 for Rs. 15,22,009-4-3 in the previous year, giving an increase of 6,227 in number and of Rs. 42,500-2-4 in value.

11. The total amount of Money Orders issued in the State for payment in British India as per Imperial Exchange Account amounted to Rs. 32,97,485-1-0 as against Rs. 32,67,461-4-7 in the previous year, while Money Orders issued in British India and paid in the Darbar territories amounted to Rs. 15,46,899-3-1 as against Rs. 15,22,233-1-7 in the previous year. Thus the amount of half the commission due to the Imperial Post was Rs. 16,108-3-0 as against Rs. 16,028-11-0 in the previous year, and the amount due to the State Post was Rs. 7,492-8-0 as against Rs. 7,384-13-0 in the previous year.

XII. *Complaints*.—The total number of complaints against Post Offices received from the public during the year was 382 as against 300 in the previous year. Out of these, 163 on enquiry were found correct and the rest groundless.

XIII. Offences concerning the Department.—1 During the year under report there occurred 3 cases of misappropriation of Government money. In one case the defaulter who was a clerk of the Lashkar Head Post Office misappropriated a sum of Rs. 97-3-0 being the amount of Foreign Customs Duty realised on parcels, while in the other case the Branch Postmaster, Barode, misappropriated an amount of Rs. 69-7-0 out of the cash balance of the Post Office. In the third case the Village Postman of Umri misappropriated the sum of Rs. 30 out of the amount of several money orders given to him for payment. The cases were dealt with departmentally and the defaulters dismissed.

2. There were three cases of theft this year :—

(a) The thieves took away the sum of Rs. 17-8-9 out of a wooden box kept in the Pichhore (Gird) Post Office. The amount was recovered from the Branch Postmaster who failed to put it in the Post Office iron safe.

(b) The thieves broke into the Post Office at Bhensoda Mandi and stole away Rs. 76 in cash together with the private belongings of the Sub-Postmaster. The case is under Police investigation.

(c) A theft was committed in the Phupher Branch Post Office in which the thieves carried away the amount of Rs. 21-5-5 in cash and postage stamps and also the iron safe of the Post Office. The culprits were ultimately traced by the Police and the amount recovered from them through the Court.

XIV. Mail Robbery.—There was no case of Highway robbery of mails during the year under report

XV. Customs Duty.—The amount of Customs Duty assessed and realized during the year in parcel mail articles delivered through the Post Offices amounted to Rs. 2,462-13-9 as compared to Rs. 4,390-14-0 in the previous year

XVI. Sale of Stamps.—The total value of ordinary, Service and Receipt Stamps, Postcards and Embossed Envelopes sold during the year amounted to Rs. 3,83,931-13-11 as against Rs. 3,84,064-8-1 in the previous year.

XVII. Dead Letter Office.—The total number of postal articles (excluding Money Orders) received in the Gwalior Dead Letter Offices during the year under review was 52,319 as compared to 43,698 in the previous year.

XVIII. Financial Result.—The figures of receipts and expenditure of the Department for Samvat 1991 and 1990 are as below :—

Samvat		Receipt.			Expenditure.			Surplus.		
		Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1991	..	4,69,690	9	8	2,84,935	0	0	1,84,755	9	8
1990	..	4,69,622	6	8	2,81,535	0	0	1,88,087	6	8
		+68	3	0	+3,400	0	0	—3,331	13	0

Telephone Section.

XIX. Official and Public Telephones —1 During the year 3 new telephones were installed at Lashkar, Morar, Shivpuri and Ujjain, which worked satisfactorily.

2. The number of official and private telephones at the close of the year was 239 and 36 respectively

On the whole the working of the Postal Department was quite satisfactory. The relations with the Imperial Post were cordial as ever

RAO BAHADUR BAPU RAO PAWAR,

MAJOR,

Member for Trade, Customs & Excise,

Gwalior Government.

EDUCATION DEPARTMENT.

Charge —The charge of the Departments of Education and Municipalities remained with me throughout the year

Tour —My association with H H the Maharaja's administrative training prevented me from carrying out a regular tour of inspection. But I managed to inspect cursorily the Schools at Nurabad, Sabalgarh and Bhind, in addition to visits to a few institutions at Lashkar and Ujjain

The Deputy Inspector-General for Higher Education remained on his regular tour for 38 days and on special duty for 38 days at Ajmer and Poona. He inspected 45 schools of all grades in all the Districts except Amjhera. He inspected the Offices of Inspectors of Mandsaur and Bhind, the Rajput Boarding House, Chanderi, the Observatory at Ujjain, the Library and Reading Room, Mandsaur, and Madhava College, Ujjain

The Deputy Inspector-General for Primary Education remained on regular tour for 47 days and on special duty for 8 days at Delhi. He inspected 117 schools of all grades of all Districts except Mandsaur and Sardarpur and Bhind. He inspected the Offices of the Inspector of Ujjain and visited the Yuvraj Library at Ujjain and the Virtattwa Prakashak Mandal, Shivpuri.

Circle Inspectors —The Inspector of Gird and Narwar toured for 91 days and inspected 41 schools. He was deputed to conduct the State Middle and Girls' Examination at Shivpuri Centre. He was occupied with departmental enquiries at Guna and Sheopur for 27 days.

Inspector of Schools, Ujjain and Shajapur —(1) Mr. Sathe, (2) Mr. Panna Lal and (3) Mr. Khanwalkar consecutively remained in charge of the post during the year. (1) Mr. Sathe toured for 18 days, (2) Mr. Panna Lal for 11 days, and (3) Mr. Khanwalkar for 51 days. In all 41 schools were inspected. It will be seen that the tour of the year covered 80 days, but of these, 18 days were spent in conducting the Middle and Girls' Examinations

Mr. D. R. Gupta, Pt. G. P. Pandey and Pt. S. R. Vaidya consecutively remained in charge of the post of Inspector of Schools, Esagarh and Bhilsa, during the year under report and each of them remained on tour as follows :—

- (1) Mr. D. R. Gupta for 14 days and inspected 3 schools,
- (2) Pt. Pandey for 23 days inspecting 19 schools and
- (3) Pt. S. R. Vaidya for 21 days inspecting 24 schools.

The Inspector, Tawarghar and Sheopur District, remained on tour for 90 days and inspected 63 schools. He conducted enquiries at different places for 10 days. He was also deputed to conduct the Middle and Girls' Examination at Sabalgarh and remained there for 18 days

The Inspector, Bhind, Mr. S. R. Vaidya, remained on tour for 53 days and inspected 72 schools. He was then transferred to the post of the Inspector, Guna, and Mr. Bachchan Lal has since then been officiating for him. He toured for 54 days and inspected 50 schools.

The Inspector, Mandsaur and Amjhera Districts, remained on his regular inspection tour for 77 days and inspected 51 schools. He was also deputed to Sardarpur to conduct the Middle and Girls' Examination and stayed there for 27 days

The Games Inspector toured for 27 days.

Administrative Changes —(1) Messrs B R. Bokil, M.A and R K. Kulkarni, M.A , LL.B , Professors of English and History, Victoria College, retired and Mr. G. R. Deo, Professor of Mathematics, Victoria College, died

The following were appointed in the Victoria College :—

English Lecturers —Messrs S K Bagchi, M A., N. W. Godbole, M.A , and R M. Raje, M.A.

Lecturer in Mathematics.—Mr. G. R. Inamdar, M.sc.

Lecturer in Hindi —Mr. G. P Tandan, M A

Lecturer in Civics —Mr Prakash Chandra, M A., ph.D.

(2) D R Gupta, M.A , was transferred from the Madhava College to the post of the Inspector of Esagarh and Bhilsa

(3) Thakur Pratap Singh, B sc , was transferred from the post of the Inspector of Esagarh and Bhilsa to that of the Inspector of Mandsaur and Amjhera.

(4) Pt. L. G Khanwalkar, B A , was transferred from the post of the Inspector of Mandsaur and Amjhera to that of the Inspector at Ujjain and Shajapur.

(5) Pt V. S. Sathe, B sc., was transferred from the post of the Inspector, Ujjain and Shajapur, to that of an Assistant Teacher in the V. C. High School

(6) Pt G. B Atre, B A., was transferred from V C High School to the post of the Headmaster, Gorkhi Middle School, Lashkar.

(7) Pt Lallu Prasad, B.A., L T., was transferred from the post of the Headmaster, Gorkhi Middle School, to that of the post of the Headmaster, Mandsaur High School

(8) Pt. S N Purandare, Headmaster, Mandsaur High School, was transferred to the Madhava College, as an Assistant Teacher

(9) Pt. D. K. Limaye, B A., was transferred with his post from the V. C. High School to the Jiwajirao High School, Lashkar.

(10) Pt S. R Vaidya, M.A., was transferred from the post of the Inspector at Bhind to that of the Inspector, Esagarh and Bhilsa, in place of Mr D. R. Gupta, M A , whose services were dispensed with. Mr. Bachchan Lal, M.A., Assistant Inspector, is officiating for him at Bhind

(11) Pt. V. G. Walambe, B.A , L T , Vice-Principal, Normal School, Lashkar, was retired on pension.

(12) Miss Godu Bai Ketkar was appointed Headmistress in the place of Mrs. Sukhda Devi in the Maharani's Girls' School.

Primary Education.—Eight new Primary Schools were opened during the year under report against sixteen of the last year. There was a decrease of 421 students also.

Secondary Education.—(i) The number of Secondary Schools increased by two. The number of Scholars also increased by 459

(ii) The Jiwajirao High School was raised to the status of a High School and recognised by the Board of High School and Intermediate Education, Central India, Rajputana and Gwalior, Ajmer.

Agricultural Farms.—The number of Agricultural Farms decreased by two owing to financial stringency.

Examination Results.—The results of the High School Examination of the several Institutions except that of the V C High School show a fall in P. C. this year.

1. V. C High School .. P. C 55·012 against 47·033 of 1934.
2. Madhava College .. ,, 46·666 ,, 72·616 of last year.
3. Maharaj Kumari Girls' High School .. 50 ,, 66·666 of last year.
4. Morar High School .. ,, 47·619 ,, 60·869 of last year.
5. Mandsaur High School.. ,, 52·173

V. C High School secured two First Divisions and 40 Second Divisions and Madhava College secured one First Division and 20 Second Divisions

It is noteworthy that a girl candidate appeared for High School Examination from V C High School this year and passed in the First Division

In the Middle Examination the percentage of passes of High Schools and A V. M. Schools at Lashkar, Ujjain, and Mandsaur which send up candidates in the largest number is as under.—

1. Janakganj School	81.818
2. Gorkhi Middle School	69.565
3. Jiwajirao High School	60.714
4. Morar High School	61.538
5. Maharaj Kumari Girls' High School	46.153
6. Daulatganj School, Ujjain	50%
7. Anglo-Hindi Middle School, Ujjain	66.037
8. Anglo-Marathi Middle School, Ujjain	.	.	86.111
9. Mandsaur High School	55.172

Higher Education.—The results of the Colleges were as follows :—

		1935		1934	
		Sent.	Passed.	Sent.	Passed.
B. A.	..	39	24	41	21
B. Sc.	..	18	15	21	18
Inter.	..	112	78	151	83

One girl candidate got 2nd Division, won University Scholarship and stood 1st in the Victoria College.

Two candidates from Victoria College stood First and Second in Board's Intermediate Examination.

The Madhava College secured two First Divisions.

It is a matter for congratulation that two candidates from the Victoria College topped the list of passes in the Intermediate Examination of the Board. No less noteworthy is the fact that three girl candidates appeared for the B.A. Examination from the Victoria College and all passed, one securing a University Scholarship and standing fourth in the University.

Special Schools.—*Scindia School.*—There were 56 students on the rolls, the average attendance being 82% as against 82·6% of the last year.

There is nothing to be said as regards the Examination results, as practically no candidate appeared from the School for any Examination.

One student appeared privately for the Benares University Entrance Examination but failed

Apart from this, there is much to be said regarding hobbies, games, which were regularly played throughout the year, other activities, such as radio programmes, "Boys' Day," Science Society, week-end programme of the entertainment, consistency of playlets, music, fancy dress, the weekly news sheet, etc.

Quarters have now been built for House-masters

The School stands in need of affiliation for the purpose of High School Examination.

Sardars' Daughters' School —The number of girls was 54 against 59 of the last year, the average daily attendance being 40 against 43 of the last year.

Two girls passed the Prathamik Examination out of six sent up, one standing First in Music. One girl appeared at and passed the High School Middle Examination. One girl passed the elementary grade of Drawing Examination of Bombay

This Institution continues to receive the fostering care of Her Highness' supervision, for which the Department is deeply grateful.

Adhyapika Shikshan Shala —This Institution trains lady teachers in the art of teaching.

Ten candidates appeared from the Institution for the Junior Training Class Examination and five passed

The number of girls on the roll was sixteen, the average attendance being thirteen.

The Normal School, Lashkar —Seventeen candidates appeared for the Normal Class Examination and 14 passed

Thirty candidates appeared for the Teachers' Training Class Examination and 28 passed.

Nine candidates appeared for the M. S. T. Class and seven passed.

The Ayurved Vidyalaya.—There were 43 students on the roll.

Two candidates appeared for the Vaidya Shastri Examination and one passed.

Three candidates appeared for the Vaidyawar Examination and all passed.

The Madhava Music College —Pandit S. K. Ratunjankar, B.A., Principal, Morris College of Hindustani Music, Lucknow, held the Annual Examination of the Final Class in January 1935. Twelve out of fifteen candidates passed.

On the auspicious occasion of the Silver Jubilee of His Majesty the King-Emperor, a concert was arranged at Jalvihar by the teachers and students of the College. This was very much admired by H. H. the Maharaja, the Resident and the Members of the Council. A large concourse gathered to hear and applauded and cheered it.

Professors Narayan Rao Gune, Ramchandra Rao Agnihotri and Narayan Rao Shahane were deputed to the Musical Conference held at Benares in November 1934.

The following members of the College were deputed to the Music Conference held at Agra in December 1934.—

1. Rajabhaiya Punchwale, Principal.
2. Professor Narayan Rao Gune.
3. Professor Laxman Rao Mafiwale, Tabla Player.
4. Professor Ram Narayan, Sarangi Player.
5. Students —
 1. Pandurang Punchwale.
 2. Gajanan Natu
 3. Anant Kothari.
 4. Wishwanath Pansare.

Brahmacharya Ashram, Shwपुर —There is nothing particular to be said about the Institution

Sanskrit Mahavidyalaya —The number of students was 102. The number is slowly but steadily increasing, justifying the existence of the Institution. The statement appended hereto will show the examination results.

Patwari Classes.—These have now been transferred to the Land Records Department.

Technical Education —The number of students at Lashkar and Chanderi was 136 against 124 of the preceding year, the average daily attendance being 121.7 against 106.1 of the last year. 39 candidates appeared for the Final Examination of the Institution and all passed

Sixteen candidates appeared for the City and Guilds Examination of London. The result is awaited.

The figures of sales and issues of both Institutions come to Rs. 21,457-1-5 against Rs. 57,932-15-7 of the preceding year, the net profit being Rs. 188-15-4.

The Principal was on tour at Calcutta, Benares, Decca and Maheshwar with the Committee appointed by the Darbar for the improvement of the Chanderi weaving industry

Female Education.—The number of girls' schools has increased by one in the Primary Section and that of students by 371 in both Secondary and Primary Sections. It may be remarked that female education is attracting more and more attention of the people. The results of the girls' examination are shown in the statement of the results appended hereto.

The Maharani's Girls' School —The number of girls on the roll was 412 against 406 of the last year. Fifteen girls passed the Prathamik Examination out of 29 sent up. Two girls appeared for the Madhyama Examination and both passed. Eight out of nine passed in the Middle Examination. The result is thus encouraging.

The Maharaj Kumari Girls' High School, Lashkar.—The number of girls has increased by twenty. Fourteen candidates were sent up for the High School Examination and seven have passed. Twelve candidates out of 26 passed

in the Middle Examination. Three candidates appeared for the Madhyama Examination and two passed. In the Prathamik Examination thirteen out of 35 passed. It will thus be seen that the Institution has been making steady progress and gaining in popularity under the able guidance of the Head Mistress.

The Mam Girls' School, Ujjain.—The number of students has increased by thirty-one. Twenty-six girls appeared for the Prathamik Examination and nine passed. Four out of six candidates passed in the Madhyama Examination.

The Aided Mission Girls' High School, Lashkar.—The results were very poor, none passing in the High School Examination. One out of four candidates passed in the Middle Examination.

Maratha Education —1,458 Maratha students (954 boys and 504 girls) against 1,367 of the preceding year were reading in the various institutions of the State. Thus there was an increase of 22 students, which is not gratifying. The increase last year was 135. There were 273 boys in the Jiwajirao High School against 237 of the last year.

The results of the Maratha students at the various Examinations were as under —

				Appeared.	Passed.
B. A.	5	2
B. Sc.	1	1
Intermediate	15	9
High School	23	7
Middle	59	27

The Education of Zamindars.—The total number of Zamindars' boys was 10,974 against 10,323 of the last year, the increase being 651. Thirty candidates appeared for the Zamindari Examination and ten passed. The figures of the last year were 38 and 6 respectively.

Hostels.—The number of Boarders in the Hostel attached to the Maharaj Kumari Girls' High School is increasing and the management was quite satisfactory.

Buildings.—Work was completed in respect of the following buildings :—

1. Extension of the Bhilsa A. V. M. School.
2. Extension of the Gohad A. V. M. School.
3. Construction of the Post Office in the V. C. High School Boarding House.
4. Extension of the Shivpuri L. N. P. School.
5. Construction of a Gymnasium at Shajapur.
6. Repairs to Scindia School barracks.
7. Construction of latrines in the Madhava College, Ujjain.
8. Repairs to Ambah School.
9. Addition to the Mandsaur High School building.
10. Heavy repairs to Main Girls' School, Ujjain.

Medical Inspection —The Medical Inspector visited 37 Institutions and examined 9,107 students. The following is the summary of inspection of the boys .—

1,276	or 14.1%	suffering from malnutrition.
160	„ 1.75%	„ „ skin diseases
1,344	„ 14.7%	„ „ diseases of tooth and mouth.
660	„ 7.2%	„ „ nose and throat troubles.
529	„ 5.8%	„ „ eye troubles.
42	„ 0.4%	„ „ ear troubles.
20	„ 0.2%	„ „ defects of speech.
10	„ 0.1%	„ „ infectious diseases.
481	„ 5.2%	„ „ spleen
117	„ 1.2%	„ „ deformity.
35	„ 0.3%	„ „ respiratory troubles.

The Medical Inspector issued 2,362 letters to guardians of boys suffering from diseases and requiring treatment. He visited Boarding Houses and treated inmates where needed and issued instructions to authorities concerned. He also issued instructions to teachers as regards cleanliness of the boys and physical exercises

Games and Physical Education —Matches and Tournaments were held during the year under report. The Jiwajirao High School boys won Silver Medals and Silver Cup in the Central India Hockey Tournaments. The Victoria College Hockey team beat the Agra, D A V Cawnpore, and Jhansi Colleges. The Madhava College Football team won two cups and 22 medals by participating in the Muslim Football and Anand Cup Tournaments.

Moral Education.—Daily prayers and recitations of the Ramayan continued as heretofore.

Other Activities —The number of Night Schools for boys, who cannot attend day schools, was 10

Manual training continues as heretofore in all circles and city schools.

Scouting.—Scouting activity continues as heretofore. A big rally was held at Gwalior on the occasion of His Majesty's Silver Jubilee on the Victoria College ground. It was attended by His Highness the Maharaja, the Resident, Members of the Council and officers of the State. Similar rallies were held at Ujjain and at several other district towns.

The Gwalior Scouts distinguished themselves in the Scout Mela at Ajmer.

Following were acts of service rendered :—

1. Eleven cases of drowning were saved.
2. Twenty-four fires were extinguished.
3. Help was rendered during cholera epidemic at Kumbhraj and Sheopur.
4. A shepherd's life was saved from debris in a village in Bhind District.
5. Service was rendered at several functions of the Silver Jubilee of His Majesty the King-Emperor.

Besides this, the Scouts rendered useful service at several Melas and festivals at different places.

The Kanya Dharma Vardhini Sabha, Lashkar.—The beneficial activities of the Sabha continue as heretofore, in helping the cause of female education in the State

The Sabha donated Rs. 87 as rewards to successful candidates in various examinations. The amount spent last year under this head was Rs. 45. It also spent Rs. 16 p.m. as scholarships for poor girls. A scholarship of Rs. 10 p.m. from Pandit Pran Nath Trust was paid to Shanta Devi Thakur, a student in the Boarding House attached to the Maharaj Kumari Girls' High School. Rs. 215 were spent as help in marriages of girls. Rs. 120 were donated to Vanita Udyoga Samaj. Rs. 50 were paid for teacher's tables and other furniture for Science Class in the Maharaj Kumari Girls' High School. Rs. 150 have been sanctioned for furniture for the Pandit Pran Nath Boarding House.

For several reasons, work of the Pt. Pran Nath Memorial could not be started during the year under report.

The Central Library at Lashkar.—The number of books on the shelves was 7,923 against 6,836 of the preceding year. 16,410 books were issued against 14,350 of the preceding year.

The daily average number of visitors was 150 like last year.

The number of depositors was 346 against 304 of the preceding year.

Shri Jiwaji Rao Observatory at Ujjain.—The work of the observatory is being conducted by its learned Superintendent Pt. G. S. Apte, M.A.

Rs. 125 were sanctioned by the Department for the construction of the Gol-yantra.

The ground between the garden and the river has been levelled with the object of extending the former. The number of the visitors was 9,500. Several distinguished persons paid visits to the Institution.

Mr. Belekar was deputed to Bombay for consulting certain important works on astronomy. Mr. Joshi was sent to Benares for studying the working of the Observatory at Kashi.

The Oriental Library.—This valuable institution is gaining strength and growing in popularity under the able controllership of Pandit K. B. Dongre, B.A., who visited it twice during the year and made a minute inspection of all its activities.

A Managing Committee of nine members including the Curator, Principal Tatke, was formed in 1934 with Dr. G. L. Kherwadkar as Chairman.

The Council of Regency has been pleased to place it on solid footing by sanctioning a permanent annual grant of Rs. 24,000.

One hundred and twenty-eight new MSS. worth Rs. 558-15-0 were purchased during the year under report.

Thanks are due to Messrs. Sar Desai of Poona, M. G. Dikshit Bhadkamkar of Gwalior, and Govindrao Harshe of Jalaun for the free gift of MSS. in their possession.

Nine hundred MSS. were added during the year under report. The total number of MSS. now on the shelves is 2,800.

The work of classification and cataloguing has now been completed and that of labelling continues.

From the list of eminent visitors of the year, it seems that the Institution will soon be a resort of scholars and research workers

Important Events —1 The following Institutions were granted provisional recognition by the Board of High School and Intermediate Education, Rajputana, Central India and Gwalior, in subject mentioned against each :—

- | | | | |
|-------|----------------------------|-------|--------------------------------|
| (i) | Mandsaur High School | .. | Marathi. |
| (ii) | Girls' Mission High School | .. | „ |
| (iii) | V. C. High School | | Agriculture. |
| (iv) | Victoria College | | Civics. |
| (v) | Jiwajirao High School | .. | English, Mathematics, History, |
| | (previously known as | | Sanskrit, Drawing and Mara- |
| | Maratha High School). | | thi. |

2. Permanent recognition was granted to the Mission Girls' High School.

3. The Scindia School was recognised by the Syndicate of the Cambridge University as an " Approved School " for preparing candidates for the Cambridge Senior School Certificate ' A. '

4. Mr. V. G. Dani, M.A. (Cantab), F.C.S , Bar-at-Law, and Pt. H. R. Diwekar, M A , D.Litt , were deputed to Poona to attend the All-India Modern History Congress as the representatives of the Department.

5 Principal Tatke, M.A., and Professor Paradkar, M.A., were deputed to Indore to represent the Department at the Madhya-Bharatwarshiya-Sahitya-Sammelan.

6. Pt. Kanhaiya Lal Razdan, M.A., and B. L. Vajpai, M.A., LL.B., were deputed to Delhi to attend the Educational Conference as representatives of the Department.

7. Prof. G. R. Jain, M.sc., was deputed to Calcutta to attend the Science Conference as a representative of the Department.

8. The Department organised the following functions at the Silver Jubilee of His Majesty the King-Emperor :—

- (i) Scout Show.
- (ii) Hindi Drama.
- (iii) Music Concert.
- (iv) Marathi Drama.

Sweets were distributed to students of local Institutions of Lashkar, Gwalior and Morar Fireworks were also exhibited.

9. The Resident at Gwalior paid a visit to the A. V. M. Schools at Morena and Sheopur and was pleased with the conduct of work there.

Thanks of the Department are due to :—

- (i) Thakur Ganga Singh, etc., for the erection of a Boarding House at Rachher.
- (ii) Zamindars of Natera for the erection of a School House at Natera.
- (iii) Zamindars of Bhensroli for the erection of a *Pator* for the School.
- (iv) The people of Sujarma for building a room and for the furniture of the School.

- (v) Lachhmichand, Zamindar of Kachnar, for building a School House worth Rs. 300.
- (vi) Rai Sahib Seth Mulchandji for a grant of Rs. 40 for the orphans of Guna and Bajrangarh Schools.
- (vii) Raja of Lahar gave a spacious playing field to the Lahar A. V. M. School.

General Observations and Remarks.

1. The recurring educational budget remained practically stationary due to financial stringency; and several necessary improvements and activities had in consequence to be held back.

2. Notwithstanding increase of eight in the number of State Primary schools, the number of students shows a decrease of 421. Of this, the decrease of 340 is attributable to the raising of two schools to the Middle standard. This decrease is therefore only apparent and not real, the loss on the primary side of education being a gain to the secondary one. The remaining figure of 81, although comparatively small, represents truly speaking far higher decline in numbers than what meets the eye, in view of the increase in the total number of schools. This result clearly indicates that new schools were started at the cost of additional hands required in some of the existing schools, which had perforce to curtail and restrict the number of admissions.

3. The prejudicial effect of the present adverse economic condition is more marked in the case of aided and private schools than in the case of State Institutions. The numbers in the former diminished by 148 and 2,615, respectively. The public being unable to bear the burden any longer closed a number of institutions partly or wholly dependent on them; hence the appreciable decrease given above. These remarks apply equally to middle schools also. This development cannot be said to have been quite unexpected, as will be borne out by the fears expressed by me last year.

4. The greatest need in regard to Primary schools is that of suitable houses. Even in important towns they are housed in State buildings never intended for them or in rented private houses totally inadequate, to say nothing of villages where they are held in low-roofed, dark and ill-ventilated hovels. It is desirable that in big towns at least buildings according to the standard plan should be erected, at State expense for Primary schools also. For villages a plan of some light, cheap, well-ventilated and well-lighted structure should be prescribed and Zamindars should be made to provide houses conforming to the same.

5. Of the special institutions under the Education Department those intended for the training of Patwaris having been quite appropriately transferred to the Revenue Department, there is nothing now to be said here about them except that it will relieve congestion a little if some of these institutions that still continue to occupy portions of our school-buildings are shifted elsewhere. On principle too, the housing in one building of more than one institution under different management is not advisable as it is likely to disturb harmony. Of the existing special institutions, the Bramhacharyashram, Shivpuri, has not come out of its infancy yet; the Ayurvedic school is serving its useful purpose of contributing its quota of qualified Ayurvedic practitioners to the State and the Sewa Sadan Shikshan Shala is only inadequately serving a double purpose of helping poor widows and training them for the vocation of teachers for girls' primary schools.

6. The Sanskrit Mahavidyalaya with all its sections *viz.* Sahitya, Vyakaran, Dharma Shastra and Jyotish, etc., is popularising the study of ancient classics and is thus keeping fresh and flowing the fountains of knowledge preserved in that language. That the numbers in this institution are increasing year by year is an indication of its popularity under the present head. The hostel with nearly 30 seats is quite full and needs extension.

7. The Madhav Sangit Vidyalaya like last year sent to Music Conferences at Benares and Agra some of its staff and students who won laurels there. On the occasion of the Silver Jubilee of the King-Emperor the Vidyalaya staged a concert which was a splendid success and attracted huge crowds. The concert, it is hoped, will become a permanent feature of the institution. For the organisation of the concert credit is due to the Honorary Inspector of the Music Classes who spared no pains in making it a success.

8. The sister institution, the Shankar Gandharva Vidyalaya aided by the Department, although much smaller, is doing solid work in its own way. It attracts students from all quarters of India and has already supplied artistes to places like Agra, Cawnpore, Allahabad, Indore, Lahore and to distant Sukkur and Calcutta.

9. At the Normal School this year as a result of financial stringency and also of a large number of trained candidates waiting for employment the two-years course for would-be Primary school teachers was suspended. The school was thus able to train double the usual number of teachers already in service. This has been in a way, a good; for, the sooner are all untrained teachers trained, the better.

10. In addition to training a large number of Primary school teachers in employ, the Normal School this year tried the experiment of training secondary school teachers as well. A regular course of studies was drawn up and a class of ten was taught with the help of certified graduate teachers who kindly offered to do honorary work. Thanks to the zeal of the Principal and the honorary workers, the class was a success. It has served as a first step towards raising the present Normal School to the standard of a regular training school for secondary school teachers also at the earliest appropriate time.

11. Another important activity started by the Principal is that of an educational Museum which is sure to be of great use not only to the Normal School but to all educational institutions in the town.

12. To be able to cope with the increased work of superior training needed in connection with the section for Secondary school teachers, the Normal School now requires additions to its staff and a suitable grant for its Library.

13. Another desideration is a suitable building for the institution, as the present building, although an old palace, is hardly suitable for an educational institution on modern lines.

14. Although the Budget for Scouting remained practically the same there was an increase both in the numbers of scouts and in their activities. The scouts were easily conspicuous at the Jubilee Celebrations everywhere and their work in the hobbies section especially earned for them due praise.

15. It is a great satisfaction to find that in spite of financial stringency the education of girls is showing steady progress. During the year there was an appreciable increase in the total number of students, although just one new primary school could be added to the list of existing institutions. With the exception of the Sardars' Daughters' School every other important girls' school

has shown an increase in numbers. In the Sardars' Daughters' School the number of students and also the average daily attendance decreased only very slightly. The Examination results of these schools were satisfactory, the only exception being the aided institution, the Mission Girls' High School which showed a decline in this direction probably due to the long absence on leave of Miss Hill, its energetic head.

16. The Maharaj Kumari Girls' High School stands head and shoulders above all the other institutions for girls. It has shown marked improvement all round and is fit to be raised to an Intermediate College. It has on its rolls now about 400 girls and on its staff in the Secondary section as many as five graduate ladies. Its building has been much improved and the library extended. Games have been made compulsory in it and its Domestic Science Department promises to be highly attractive.

17. The Headmistress of the Institution, a capable matronly lady, is doing all she can to improve her charge.

18. The school, however, badly needs a Physical Science Department and a better paid staff for the Primary section.

19. The Kanya Dharma Vardhini Sabha attached to the Education Department has sound finances. During the year under report it continued its beneficent and helpful activities as usual. The Hostel at the Maharaj Kumari Girls' High School, the only Girls' Hostel in the State, is one of the several activities of the Sabha and is being financed and supervised by it adequately.

20. The results of public examinations have this year also been very encouraging qualitatively indicative of academic progress in respect of Secondary and Higher Education.

21. Two candidates in the Victoria College topped the list of passes in the Intermediate Examination of the Board. No less noteworthy is the fact that of the three girl students sent up for the B. A. Examination from the Victoria College all passed and one of them secured a University scholarship, standing fourth in order of merit in the whole of the University. The Madhava College, Ujjain, and the Victoria Collegiate High School, Lashkar, also, did not lag behind. The former claimed two first Divisioners in the Intermediate and one in the Matric Examination, whereas, the latter secured two in the Matric.

22. Of the aggregate number of about 3,000 candidates who appeared for various public examinations from all the institutions of the State, 1,545 passed this year against a little over 2,000 and about 1,000 respectively of the previous year.

23. The various special Institutions, such as the Scindia School, the Central and the Oriental Libraries, the Ujjain Observatory and the Central Technical Institute have all shown steady progress, though for want of adequate funds several necessary improvements and activities have been held up for the present. Medical inspection of students and of the sanitation of the school buildings is regularly attended to. Interest in sports and games is steadily maintained and stimulated by organising matches and tournaments at all important centres of the State. It is also receiving great impetus from the All-India Matches and Tournaments held annually under the auspices of the Sports Association. Various Moffussil schools have now their own playing-fields and agricultural farms, secured with the most willing help and co-operation of the local Revenue authorities, to whom my cordial thanks are due.

Similarly manual classes attached to several of the secondary schools are growing in popularity and attracting an ever-increasing number of students.

24. Education of boys and girls of communities backward in education is being stimulated by means of special stipends, which now amounts in the aggregate to over Rs 20,000 per annum.

25 It is a pleasure to note that some educated Jagirdars and Thikanedars are also co-operating with the Department in furthering the cause of education in their respective Thikanas

26 The only thought that induces pessimism and acts as a damper is the consideration that all the present educational activity is almost wholly confined to State initiative and State support, and there is yet no sign of its being effectively furthered and supplemented by bold and enterprising efforts on the part of leading public men of this country. Elsewhere, for one educational institution run by the State there are two efficiently maintained by the charity, munificence and philanthropy of public-spirited men.

27. The most notable event of the year under report was the celebration of the Silver Jubilee of His Majesty the King-Emperor from May 5. The State educational institutions vied with one another in celebrating the auspicious occasion by suitable programmes inclusive of various games, scout-displays and distribution of sweets on a large scale.

28. We have been very fortunate in having at Gwalior as the Representative of the British Government a keen lover of education, who in spite of his pre-occupations was kind enough not only to guide and help, at the Headquarters, several of our activities during the Jubilee week, but also to pay visits to a number of our schools in the Moffussil. The Department owes to Mr. Gibson, the Resident at Gwalior, grateful thanks for all his interest in our work and the encouragement so kindly given

Municipal Section.

Charge.—I continued to act as Inspector-General and *ex-officio* Member for Municipalities.

The charge of Deputy Inspector-General of Municipalities remained as usual with Pandit Ladli Prashad Kaul

Inspection Tours.—I visited the Bhind, Jaura and Sabalgarh Municipalities and issued suitable instructions where necessary.

The Deputy Inspector-General inspected Bhind, Sonkach, Barnagar, Unhel, Khachraud and Ujjain Municipalities as well as Ujjain Water Works.

Inspectors Nathuram Gaur, Ganpat Rao and Ramchandra Phadke and overseer Karkare visited the several Municipalities and Town Committees and submitted reports of their inspections.

Sections 36 and 37 of the Municipal Act were amended making the appointment or dismissal of an Executive Officer, Health Officer, and Municipal Engineer by any Municipality subject to Darbar approval.

Circulars and Departmental Orders.—In all four circulars or departmental orders were issued dealing with various subjects, *e.g.*, imposition of terminal tax on passengers travelling by Motor vehicles plying for hire, instructions connected with maintenance of vital statistics, etc.

Honorary Magistracies —Honorary Municipal Benches were established for the Municipalities of Unhel, Gangapur, Pachhar and Neemuch.

Bye-laws —A number of Bye-laws under various sections of the State Municipal Act, received from the Municipal Boards of Lashkar, Ujjain, Shivpuri, Mandsaur, Jawad, Sheopur, Bhind, Narwar, Sabalgarh, Gohad and Bhandar, were carefully examined, considered and approved after necessary modifications

Sanitary Engineering Section.—In consequence of the reorganization of the Town Improvement Trust, a Sanitary Engineering Section was created and placed under the direct control of the Member for Education and Municipalities

Mr. S. T. Prokofieff was appointed Sanitary Engineer and *ex-officio* Chairman of Town Improvement Trust

The Sanitary Engineer and the Assistant Engineer visited Ujjain, Shajapur, Bhilsa, Morena and Shivpuri Municipalities and inspected their sanitary arrangements

Gwalior Sewage Farm —The quantity of sewage pumped during the year under report has risen to 226,560,000 gallons from 155,355,000 gallons of the last year. On the other hand the cost of pumping has fallen from Rs. 15 per million gallons of the last year to Rs. 13 per million gallons in the year under report

60,712 lbs. of nitrogen was used on the Farm against 48,000 lbs. of the last year, revenue accruing from this source being Rs. 1,897-4-0 against Rs. 1,500 of the last year

Construction of Works —Work connected with Lashkar underground drainage, Gwalior Mela underground drainage as well as additional Water Mains in Jai Vilas Palace, Lashkar, Branch Water Main for Kaliadeh Palace, Ujjain, and Sullage Drainage of Staff Quarters, Chhatra, Shivpuri, has been taken up in hand, whereas that connected with the improvement of Top Pura Road at Bhilsa and addition of storm water drain in the Dani Gate, Ujjain, is progressing satisfactorily

Survey work was carried out and projects duly prepared in regard to the following :—

1. Extension of the underground drainage at Gwalior Mela estimated to cost Rs. 65,185
2. Rationalisation of water distribution in the Jai Vilas Palace, Lashkar, estimated to cost Rs. 25,910.
3. Improvement of Jai Vilas Palace drainage estimated to cost Rs. 1,58,109
4. Revised scheme for intercepting sewer drain from Dewas Gate to Barnagar Rapt, Ujjain, estimated to cost Rs. 45,436.
5. Scheme for underground drainage, etc., of J. A. Hospital, Lashkar, estimated to cost Rs. 25,518.
6. Storm water and Sullage drainage of Madhav Nagar, Ujjain, estimated to cost Rs. 76,888
7. Drainage scheme for Old Gwalior Town estimated to cost Rs. 1,80,000.
8. Scheme for Water Works Main to Bhairogarh village (and Jail), Ujjain, estimated to cost Rs. 27,585.
9. Revised scheme for flood prevention, Jankupura, Mandsaur, estimated to cost Rs. 55,500.

- 10 Scheme for an up-to-date Petrol station at the Railway Crossing, Lashkar, estimated to cost Rs 12,334.
11. Sanitary housing scheme for poorer classes, Lashkar, estimated to cost Rs 75,000.
- 12 Improvement scheme for the area near Jinsi Bridge, Lashkar, estimated to cost Rs. 15,441
- 13 Lay out scheme for the late Maharaja's statue at Ujjain estimated to cost Rs 1,12,940.
14. Asphalt Road scheme from Indore Gate to Tajpur Gate, Ujjain, estimated to cost Rs. 31,981.
15. Didwanaoli Road scheme, Lashkar, estimated to cost Rs. 1,137.
16. Lay out scheme for the late Maharaja's statue at Lashkar estimated to cost Rs 47,944.
- 17 Survey of Khandairs (Ruins) of Ujjain and Lashkar is still proceeding.

Ujjain Water Works Committee —During the year under report 8 meetings of the Committee were held, wherein 78 cases were dealt with.

The income from water supply was Rs. 95,342-3-3 as against Rs. 88,690-13-11 of the last year. The expenditure amounted to Rs. 49,210-10-1 as against Rs. 33,421-4-3 of the last year.

5,840,369,000 gallons of water was pumped during the year under report as against 494,666,000 gallons of last year

There was also an increase of Rs. 4,111-14-5 in the House connections fee and meter rent, the whole amounting to Rs. 82,512-4-11 as against Rs. 78,400-6-6 of last year

One hundred and forty-seven new house connections were made during the year under report bringing up the total to 3,779.

At the end of the financial year total balance at the credit of the Committee stood at Rs 2,12,314.

Station Office, Shivpuri.—The Suba of Shivpuri continued to act as *ex-officio* Station Officer and the charge of the Deputy Station Officer remained as last year with Pandit Rameshwar Nath Langer.

The Deputy Station Officer inspected the Government Officer's Bungalows and Shivpuri Station Roads from time to time and maintained them in good repair

A collective list of pieces of furniture and electric points in the said bungalows was prepared and Chaukidars of these bungalows were provided with lists of furniture and electric points contained in them

The work of recovering interest on electric installations was transferred to the Station Office from the Municipal Committee, Shivpuri

Damaged articles of furniture were repaired and Khaki covers provided.

Repairs were done to the electric installation of 27 bungalows.

Ammakunj sheds, Padora Rest House, and Garha Ghat bungalows were also repaired

A rectangular dirty plot of land was lying waste near the Padora Rest House. A drain was built to remove the dirty water and orange and other fruit trees were planted thereon.

Lashkar Municipality —Public latrines were built in the Morar ward. Insanitary drinking wells were closed.

Additional watering posts were provided wherever needed.

New roads 9 miles 4 furlongs in Lashkar, 1 mile in Gwalior ward and 1 mile 4 furlongs in Morar ward were constructed

Fifty-nine lamp posts were added during the year under report raising the total to 506 at the end of the year

There was a marked increase in the number of patients in all the four municipal dispensaries of the city

Expenditure incurred on all the parks and the menagerie under the control of the Municipality amounted to Rs 39,416-6-4 against Rs. 35,766-10-6 of the last year

The income derived from the various parks amounted to Rs 1,769-13-0 against Rs. 2,144-3-1 of the last year.

Museum.—Articles worth Rs 1,314-3-6 were added to the Museum

The number of visitors increased by 5,203 over those of the last year

Sardar C. S. Angria and the Honorary Secretary, Bombay Town Hall, presented to the Museum a stuffed peacock and five silver coins, respectively

Ujjain Municipality.—The town has improved considerably by the completion of various improvement schemes

During the year under report, 2,276 ft of asphalt road, 2,182 ft of cement concrete road, 1,286 ft of metalled road and 22 miles 2 furlongs and 111 ft of gutters were built

Out-of-level gutters were repaired and old and out-of-level drains were remodelled

Unani and Ayurvedic Municipal dispensaries showed a marked increase in the number of patients

Twenty-one outbreaks of fire were reported and promptly attended to by the Municipal Fire Brigade.

Shivpur Municipality —Kharanja 160 ft in length was built Repairs were done to all the Municipal Roads.

During the year under report 22 electric street lamps were added to the 201 already existing.

Mandsaur Municipality.—Four night soil Pada lorries and one watering cart were provided

A gutter was built in Sarafa Bazar.

Kharanjas were constructed in Sonian Lane and Jiwaganj.

Barnagar Municipality.—Two sullage carts were provided.

Public latrines with twenty pans were built.

Three Kharanjas were made in Chaudhri Bazar

Sheopur Municipality.—New roads were built from Pari Gate to Soi Gate and from Girls' School to Ganeshji Todi

License fee imposed on the sale of tobacco, bidis, and cigarettes was suitably raised.

Shajapur Municipality.—One night soil cart and a sullage cart were purchased in addition to two watering carts, one refuse cart, 13 dust bins and 40 tarred drums were also provided.

V shaped drains were built in Kaserawadi and Bazaz Khana and 100 ft. of sewer drain was constructed in Somwaria Bazar.

The road leading from the Fort to the Agra Bombay Road was repaired as also the road passing through Haraipura, Wazirpura and Kaserawadi.

A Kharanja was made in Chaubedar Seri Kalal Lane

Municipal office building was repaired

Khachraud Municipality—Five public latrines and 18 urinals were built.

A hand pump is set up to provide water for flushing the drains

Eight hundred and ninety feet of metalled road was constructed. A fair-weather road was built in Juna.

Agar Municipality—A Kharanja was built on the road leading to the Bakshi well.

Jawad Municipality—A new road was constructed

Pachhar Municipality.—A public latrine was built.

A road and Kharanja 689 ft. in length was built at a cost of Rs. 7,004

Bhind Municipality—A road with a V shaped drain and a Kharanja was constructed in Chor lane.

V shaped drain was constructed in Bhawani Singh lane

A road was built from the Hospital Building to the Etawah Road.

Neemuch Municipality.—Municipal boundaries were extended.

Night soil trenching system was introduced and two public urinals were built.

Two Pada lorries have been provided.

A park with a brick boundary wall was laid near the Customs post.

General Remarks and Observations.

There is nothing deserving of particular mention in regard to the work of the several municipalities of the State, except that the growth of the sense of their civic duties and responsibilities in the members of good many Committees is not as rapid as desired and that the incidence of taxation per head of population is far lower everywhere than in the Municipal towns of British India. Even so, the work of collection of taxes and realisation of revenue from all sources does not seem to receive the attention it deserves and results in accumulation of arrears and outstandings. The Committees have yet to do a lot in respect of sanitation of their towns and of providing other essential and necessary amenities to their citizens. Misuse of drains, encroachments on thoroughfares and municipal lands and the nuisance of stray cattle still continue as ever, and nowhere is there any evidence of an earnest attempt being made by the tax-payers' representatives to develop their civic sense. Breach of municipal bye-laws is very common and more often a rule than an exception, for which slackness and laxity characterising the administration of the municipal Committees and their employees are in some measure responsible. The Committees more often than not are not free from factions and intrigues.

The above remarks apply more or less to almost all the municipalities of the State. On the other hand, gradual improvement has begun to be noticeable in the conservancy, sanitary, and lighting arrangements of most of our municipal towns and greater attention is being paid towards maintenance of roads.

Except for short outbreaks of Cholera and Diphtheria in some towns, public health remained on the whole satisfactory.

L. B. MULYE,
Member for Education and Municipalities,
Gwalior Government.
